MRS. McNULTY IS GIVEN FREEDOM

Mrs. Fannie McNulty, convicted of forgery in signing the name of Mrs. Sarah Collins to a certificate of deposit on the Jackson County bank for \$380 last July, was released from the county jail this morning by Circuit Judge F. M. Calkins, by virtue of a conditional pardon granted by Governor West.

Mrs. McNulty left this morning for the north.

The case was one of the most peculiar in the annals of Jackson county, and aside from the crime itself, was featured by the deep interest manifested by the sheriff's office in their feminine prisoner, their efforts, instead of being neutral or for the prosecution, being directed towards creating sentiment for the defendant.

The recorder's office is preparing the ballots for the city election, Tuesday, January 12. There will be two party designations thereon. The socialist candidates will be known by that name. The ticket headed by Councilman V. J. Emerick for mayor, and unofficially called the stand-still ticket, will appear as "Independent."

The ticket headed by C. E. Gates for mayor, will be un-designated.

The chief interest to date has been centered in the city charter and sentiment in its favor is steadily growing particularly in the residence district. Lieutenants of the leading foes of the charter are busy on street corners campaigning.

All of us take pride in the way the Rogue River valley has always pulled together, accomplishing more than any part of the state in development, and now the only way to keep things moving and to maintain the land values which our climate and general conditions warrant is to diversify the output and avoid the results of a single crop condition. The sugar beet will get us all out of the wilderness in my opinion. If we assist these gentlemen in establishing themselves here by signing up enough land to justify them in making the investment in factory, etc. It is very different from some bonus proposition which would enrich some promoter, and will do more to bring about diversified farming and give the cow, the chicken and pig a show in scheme of farming economy than any one dream of who has not given the matter attention. by Persians, they have defeated the Russians.

Germans Near Warsaw. In Poland the German aggressors are near Warsaw and there is little alteration in the battle front extending from the Baltic to the Carpathians. The Russians seem to be still concentrating their main effort in the Carpathian passes. At the same time they are continuing a vigorous offensive in Bukovina. The occupation of this Austrian territory, populated as it is largely by Rumanians, may soon exert, in the opinion of British observers, a powerful influence throughout Europe as bringing the Balkan situation to a head.

LARGE CROWD TO SEE MASTER KEY

The large audience at the Page last evening were especially well pleased with the program. Seven reels of pictures were given and of such a character with such prominent actors, as to give universal satisfaction. The most thrilling and interesting part of the program was the third episode of the "Master Key." This great serial has certainly caught the crowd, as was well attested last evening. This fascinating story carries with its thrill and excitement a clean human interest pleasing to all. Cleo Madison and George Larkin, the well-known "Troy of Hearts" stars, appeared in a clever comedy, "The Adventures of the Nimble Dollar," a pleasing fable of present day business activity. Also a splendid Gold Seal two-part story with Grace Cunard and Francis Ford, entitled, "The District Attorney's Brother," and two other good one-reel pictures.

The Page theater orchestra presented its usual fine program. People who are fond of music always enjoy the splendid musical program at the Page.

MARTIN FAVORITE WITH JAIL BIRDS

Jail life and jail fare is agreeing with Louis Martin, held in the city jail accused of the slaying of Game Warden A. S. Hubbard, last December. He is gaining weight. This is not surprising, for most of his life has been spent in the vigorous exercise of tramping over snow-clad hills attending to his widely scattered traps. His detention is a rest. Apparently Martin is not worrying over the outcome of his trial. His plea will be self-defense. Martin is a great favorite with his fellow prisoners. He has a bank account and is able to buy tidbits not on the jail bill of fare, such as sugar.

The letter further asserts that these cartridges were made to supply a demand for a better sporting cartridge with soft noses than had been manufactured heretofore, and that such cartridges cannot be used in the military rifle of any foreign power. The company adds that its statement can be substantiated and that it is ready to give you any evidence that you may require on these points.

The Doctors Say "Use Musterole"

So many sufferers have found relief in Musterole that you ought to buy a small jar and try it. Just spread it on with the fingers. Rub it in. First you feel a gentle soot, then a delicious, cooling comfort. Musterole routs the twinges, loosens up stiffened joints and muscles.

Musterole is a clean, white ointment, made with oil of mustard. It penetrates to the seat of pain and drives it away, but does not blister the tenderest skin.

It takes the place of the messy, old-fashioned mustard plaster. Musterole is recommended for Bronchitis, Croup, Asthma, Pleurisy, Lumbago, Neuralgia, Sprains, Bruises, Stiff Neck, Headache and Colds of the Chest (it often prevents Pneumonia).
