

COMMERCIAL CLUB FOR FIRST TIME HAS MONEY IN BANK

Wednesday evening the following annual report was read by Secretary F. W. Streets: To the Members of the Medford Commercial Club: It would be idle to say that the Rogue river valley has not felt the stress of quiet times in all lines of work in 1914. But we have resources of incalculable value, and we are to develop them, the only way to do anything in this world is to do it.

balance is over four times larger than a year ago notwithstanding many members have dropped out for one cause or another, despite the fact that some will say "the time is inopportune, and there is a panicky feeling in the air" other cities are conducting membership campaigns and doubling their number of active workers.

WHY? A word to those who are coming back. Land for the past six months has been hanging at rock bottom prices. A great deal of liquidation has taken place in this time. My business alone in the last half of this year has amounted to nearly \$100,000. I believe the last four or five deals I have made represent absolutely the bottom. Land with rental value of \$30 an acre will not long remain at \$200 an acre. There will be no boom but land values will improve some. Good roads, irrigation, saw-mill, box factory, cheap power, sugar beets, canning factory, good prices, satisfied customers, perfect days. Hurry, see Medford first and J. C. BARNES Room 201, First National Bank Bldg.
