W. Mears moke a follows:

The new charter should be accorded to the proposed of Medford to decide new charter in a step forward in municipal affairs whether on the whole the new charter is better than the present one for F.

The according to the proposable of the work of the proposable of the proposable of the control of the proposable of the control of the proposable of the city counted to hold responsible or the various members of the city counted to hold responsible or the various members of the city counted to hold responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the mayor responsible or the various members of the city counted to hold the m

up to date, progressive and in line with the best municipal thought of the day. The present charter, on the other hand, is a mass of legal patchwork containing many features which are detrimental to good government. Under the present charter good government is made difficult rather than casy. Why not have a charter which makes good municipal government.

Outweighed and outplayed in every turn of the game the Grants Pass high school basket ball team, lost to the locals in last night's game by a score of 47-7. The Grants Pass quintet played open ball. The locals covered and shot at close range. From the first minute of play Medford's superiority was evident. The northern boys shot repeatedly but with no success. Both teams played clean ball and Referce Hall had occasion to call but few fouls.

In a preliminary contest the girls first team won from the second raters 21-5.

of the different schools Friday, with the exception of the Roosevelt school which is scheduled for Monday morning.

The High school and Washington ghool were taken at study, while the Jackson and North schools were photographed outside during the entering at 1 o'clock and dismissal at three.

The Parent-Teachers meeting at both Washington and Jackson schools came in also for a share in the series of pictures of Life in Medford to be shown at the Pase theatre Monday and Tuesday and it will be jolly fun to see the mothers of the pupils sit like orderly scholars.

At intervals, when the sun pecked through the clouds, the camera man was busy taking whatever was in range of the camera on the main street, and at noon yesterday got some of our busy chizens homeward bound for lunch.

The basket ball game at the Nat was taken while at the height of the most interesting game, and today and tomorrow the rest of our unsuspecting citizens will find the camera pointed at them wherever they may go.
