

### ALLIES RETAKE TRENCHES AFTER LOSING THEM

PARIS, Jan. 20.—The French war office this afternoon gave out an official report as follows: "From the sea to the Somme, in the region of Nieuport, there was yesterday a fairly spirited artillery engagement, in the course of which the enemy endeavored in vain to destroy our bridge at the mouth of the Yser. In the meantime we were successful in demolishing a portion of his defenses at this point; also we were successful at the Union farm, near St. Georges, where the enemy had already organized his positions.

**Artillery Exchanges**  
"In the sector of Ypres and near Lens there were yesterday artillery exchanges of varying intensity. There was also a very violent bombardment of Bangy, near Arras, but it was not followed by an infantry attack.

"From the Somme to the Argonne there has been nothing to report, nor has there been any activity in the sector of Soissons or in the vicinity of Craonne, or near Rheims.

"In the region of Camp de Châlons, as well as to the north of Perthes and of Massiges, our artillery directed a very effective fire on the field works of the enemy.

**Loss and Retake Trenches**  
"In the region of the Argonne, in the forest of La Griere, the enemy delivered a violent attack on one of our trenches. Our troops who for a moment gave way under the shock, later recaptured in two counter-attacks all their positions and maintained themselves therein. The first of these attacks gave us a greater part of these positions and the second completed the work.

"At St. Hubert the Germans blew up by means of a mine the northwestern projection of our trenches. Our troops threw themselves into the excavations caused by these explosions and prevented the enemy from taking possession of them.

"To the north of Pont a Mousson, in the forest of Lepreux, we established ourselves at a distance of 100 yards in front of the German trenches captured by us the day before yesterday. At the end of the day (Tuesday) the enemy here delivered a counter-attack, but without success.

"In the vicinity of Thann there have been artillery engagements in which the advantage rested with us."

### BOMBS DROPPED ON HOLLAND CITY

AMSTERDAM, Jan. 20.—A dispatch to the Telegraph from Beverwijk in the North of Holland, stated that the export music halls were abandoned. The people went home and the town was without light until morning.

The first air raider passed along the sea front and dropped the first bomb into Norfolk Square Garden close by the beach and the Britannia Pier. This did no damage. The raider then proceeded in a southerly direction across the town and when near the center dropped several bombs in the neighborhood of St. Peter's road, the main thoroughfare leading to the parade grounds. It was here that the greatest damage was done, especially in the smashing of windows in houses and shops. The bombs, from all accounts were dropped in rapid succession.

One bomb was dropped near the fish market, apparently with the intention of destroying any ships anchored in the vicinity.

### LONDON PAPERS BELITTLE GERMAN AERIAL RAID

LONDON, Jan. 20.—News of the German aerial raid on Norfolk county reached London too late last night for the newspapers generally to give their editorial views concerning it.

The Daily Mail, one of the few papers to touch upon the attack in its editorial column, while expressing sympathy with the victims, protests that no military purpose was served by the raid. It says Yarmouth is not a fortified town, and that if it were, notice should have been given the people of the intended raid under the terms of The Hague convention which Germany signed.

"The British people," the Daily Mail continues, "will only set their teeth and redouble their exertions. The airship is yet an imperfect machine, but with improvement will become more formidable. For the present, however, the results achieved have hardly realized the anticipations of Count Zeppelin's employers."

### AIRSHIP BOMBS PAVE STREETS OF TOWN WITH GLASS

KINGS LYNN, Eng., Jan. 20.—The streets of Kings Lynn are this morning virtually paved with glass, and souvenir hunters have been picking up pieces of bombs.

An outstanding feature of the raid appears to have been the skill with which the German airship, in the darkness, followed the route and dropped bombs in the vicinity of King George's house at Sandringham, and Queen Mother Alexandra's bungalow at Snettisham, as well as at the docks, water-works and railroad station here and at the Grimston ammunition depot.

**Railroad Sheds Wrecked**  
According to the police, the raiders flew over Kings Lynn and dropped bombs in the neighborhood of the railroad station and the docks. Three missiles fell close to the station and wrecked the sheds in which the Royal railroad coaches were housed. One or more bombs were dropped along the water front among the docks and damage was inflicted on the hydraulic engine house.

The dense darkness and the slight mist which prevented effective pursuit of, or successful shooting, at the raiders, also hindered the air-men's efforts to reach some of their apparent objectives, and also to aim their bombs with the maximum of accuracy. The visit to Sandringham which King George and Queen Mary left at 10 o'clock yesterday morning, was not effective, although some bombs were dropped in the vicinity of the royal residence.

**Two Killed, Four Injured**  
The casualty list at Kings Lynn so far as is known this morning is two persons killed and four injured. They all are in a group of houses on Bentinck street, which was wrecked by one bomb. The police are still searching the ruins.

The casualties at Yarmouth are two killed and one injured. There is still a difference of opinion as to whether the German raiders came in Zeppelins or in aeroplanes.

### LISTER BLAMES RAILROAD LOBBY FOR INTERFERENCE

OLYMPIA, Wn., Jan. 20.—The refusal of the state senate to confirm the nomination of Charles A. Reynolds as chairman of the state public service commission was followed by the following statement from Governor Lister: "I regret exceedingly that there appears to be an disposition on the part of certain railroads to take a more active part in legislative affairs in this session of the legislature than has been the custom in several years past. There are some indications that this influence, to some degree at least, might have been responsible for the action taken by the state senate on the confirmation of Mr. Reynolds."

The nomination of Reynolds was referred to a committee. Reynolds' friends say that he is opposed by the street railroad interests on account of his attitude toward their regulation.

### FRANK'S APPEAL TO BE HEARD IN FEBRUARY

ATLANTA, Ga., Jan. 20.—Counsel for Leo M. Frank and the state of Georgia announced today that the supreme court would be asked to hear Frank's appeal in his habeas corpus proceedings during the week of February 22.

Mrs. J. W. Coleman, mother of Mary Phagan, filed suit against the National Pencil company today, asking damages of \$10,000. The complaint charges the girl was killed by Frank, who was superintendent of the company's factory, and by James Conley, a negro sweeper, now serving a year's sentence upon conviction as an accessory after the fact in connection with the murder.

### BURTON STARTS FILIBUSTER AGAINST SHIPPING MEASURE

WASHINGTON, Jan. 20.—Administration democrats in the senate plan to meet the republican filibuster on the shipping bill by keeping the measure in the senate continuously to the exclusion of appropriation bills and if necessary, without recesses, even for meals.

Democrats of the commerce committee today considered amendments submitted by the caucus Monday night. Another caucus will consider them tonight.

Senator Burton renewed his speech against the bill on the floor. It was the third continuous day of his address.

Republican senators had determined to keep the general discussion going for at least eight or nine days and then offer a substitute upon which further debate would be based. Senator Smoot declared he did not believe the bill could be passed by March 4.

While Senator Burton was speaking, the \$34,000,000 rivers and harbors appropriation bill came to the senate from the house, and it was referred to the commerce commission.

At lunch time Senator Burton gave no evidences of resting. He consulted a moment with Senator Smoot and a few minutes later the Utah senator placed a glass containing a raw egg on Senator Burton's desk. While Senator Sutherland was asking a question, Senator Burton drank the egg, and a second one, and went on with his speech.

### CUTRIGHT RECALLED FROM NOTTINGHAM

WASHINGTON, Jan. 20.—John L. Cutright, American vice consul to Nottingham, Eng., was recalled, according to a statement today by Secretary Bryan, because a letter written Mr. Cutright and published in an Omaha paper, contained expressions of opinion in regard to the war.

A report yesterday from Nottingham said Mr. Cutright had left there for London after being informed by the mayor and other city officials that he would no longer be acceptable as vice consul.

**115 WORDS ARE ENOUGH TO MAKE STATE DRY**  
SALEM, Or., Jan. 20.—All pending legislation to make effective the prohibition amendment enacted by the people at the election last November are embraced in a bill of precisely 115 words introduced in the house today by W. W. Cardwell of Douglas county.

The author presented his bill with the brief remark that it was all that was needed to make Oregon dry. In striking contrast to this bill is that drawn up by the committee of One Hundred containing about 6,000 words. The Committee of One Hundred backed and carried on the prohibition campaign.

Cardwell also introduced a bill to regulate insurance companies containing sixty-one words.

### KAISER PLEASSED WITH RESULT OF SOISSONS VICTORY

BERLIN, Jan. 20, via London.—Emperor William two days ago, on the occasion of the anniversary of the proclamation of William I as German emperor at Versailles, sent dispatch to Grand Duchess Louise of Baden, in which he said:

"Many thanks for thy greeting on this anniversary of the great historic proceedings at Versailles under the leadership of my high-souled uncle. The feeling of national power engendered at this patriotic gathering brought inspired homage to the first German emperor. It is today my task to defend the worthiness of the nation against a world of enemies, and God willing, I will carry out this patriotic task victoriously at the head of a united fatherland filled with the spirit of the willing sacrifice of the determined German nation."

Count von Spoe, who in times of peace is a preacher at Cologne, has sent a dispatch to Berlin from general headquarters, in which he says he recently breakfasted with the emperor, who is in good health and highly gratified at the German victory at Soissons.

### AUSTRALIAN CAPITAL TRANSFERRED TO SYDNEY

MELBOURNE, Australia, Jan. 20.—The seat of the commonwealth government has been transferred temporarily from Melbourne to Sydney. Mr. Pierce, minister of defense, has declared that there is no limit to the number of troops the Australian commonwealth will send to the front.

A German lieutenant has been arrested at Cloncurry on a charge of espionage. Plans of wireless plants and maps of various parts of Australia were found in his possession.

### NO DISCORD AMONG GERMAN SOCIALISTS

AMSTERDAM, via London, Jan. 20.—An official statement issued by the socialist party board at Berlin complains that the foreign press is continually publishing letters whereby foreign socialists are led to believe that there is strife in the socialist ranks in Germany over the war situation.

"Badly informed correspondents," the statement says, "exaggerate party occurrences and hush up the really important facts."

### ALLEGED AERIAL RAID VIOLATION RULES OF WAR

LONDON, Jan. 20.—Comment of the press on the airship attack is bitter in tone; many London newspapers assailing the Germans in the same unmeasured language as at the time of the Hartlepool naval raid. The event is being used as a text for editorials urging more rapid recruiting.

The Pall Mall Gazette says that the only fitting answer is the sending of fresh armies to the continent.

The Westminster Gazette characterizes the raid as a violation of the rules of warfare. The Globe urges retaliation in kind, observing that there are several flourishing towns within easy reach of British airmen.

There is still a difference of opinion among Englishmen as to whether the aerial raiders were Zeppelin dirigible balloons or aeroplanes, and the weight of opinion is veering to the latter, though a considerable number of observers believe they saw Zeppelins.

At Yarmouth, which is the largest of the towns visited by the aircraft

### GERMANS CAPTURE TOWN IN ALSACE TAKING TRENCHES

BERLIN, Jan. 20, (by wireless).—The German war office this afternoon gave out an official announcement reading as follows:

"In the western area of the war the territory between the sea coast and the Eys saw yesterday nothing more than artillery exchanges. At Notre Dame de Lorette, northwest of Arras, a trench 200 yards long was taken from the enemy. Here two machine guns were captured as well as a few prisoners.

"In the Argonne our troops occupied a few trenches. In one place the ground gained by us during the last few days amounts to 500 yards.

"In the forest north of Senheim (Cernay) in Alsace, our attack made good progress. Alrstein was taken by us and we also captured two officers and 40 men of the Alpine chausseurs.
