

## SOUTHERN PACIFIC FOLDER ADVERTISES BIG EXPOSITIONS

Three world expositions is the latest method of designating the \$50,000,000 exposition at San Francisco, "The Everything in Motion" exposition at San Diego, and the greatest of all in expositions the 2500 mile stretch stretch of wonderful scenery, glorious climate and amazing productiveness—the Pacific coast itself.

This is but the introduction of a sixty-four page, beautifully illustrated, highly colored pamphlet called "High Points on Four Great Highways" just issued by the Southern Pacific for distribution through its own agents, and the thousands of agents of its connecting lines through out the middle west, the eastern states and Canadian provinces.

The center pages of the pamphlet are given up to a wonderful panoramic view of the exposition and the Golden Gate, 31 inches long by 6 inches high, and eight pages are devoted entirely to the exploitation of the Shasta Route, including many beautiful illustrations of western Oregon, Washington and California. A very poor photo of Crater Lake is shown.

Mr. John M. Scott, general passenger agent of the Southern Pacific, has a limited supply of "High Points" pamphlets which will be furnished to parties desiring to send them to eastern friends.

## SWEDISH STEAMER TRAFFIC COMES TO END

COPENHAGEN, via London, Jan. 26.—Steamship traffic between Trelleborg, Sweden, and Sassnitz, Germany, has come to an end. A passenger steamer recently put out from Trelleborg, but on sighting several submarines off Cape Arcona she hastily returned to port. The sailing of the Swedish steamer was thereupon cancelled. The passage between Trelleborg and Sassnitz is the principal route between Sweden and Germany.

## BILL TO PENSION WARDEN'S WIDOW

SALEM, Ore., Jan. 26.—Senator Von der Hellen, of Jackson county, is to introduce a bill providing an appropriation of \$3000 for the family of Arthur S. Hubbard, deputy game warden of that county, who was killed several months ago by Loris Martin, an alleged game poacher of Elk creek. Hubbard was trying to take a gun from Martin when he was killed. The deputy had attempted to serve a warrant, the hunter having been accused of killing deer out of season.

Hubbard was considered one of the most efficient wardens in the service, and Senator Von der Hellen thinks the \$3000 asked is reasonable under the circumstances. Hubbard is survived by a widow and two children.

## PUBLIC LIBRARY GETS WAR BOOKS

The public library has received from the state library a loan of the following books to supplement what it already has on the European situation:

German Sea Power, Hurd & Castle; Germany and the German Emperor, Perris; Case of Belgium in the Present War, Hapsburg Monarchy, Steed; Governments and Parties in Continental Europe, Lowell; Wine-Press; Foyes; Problems of Power, Fullerton; Official documents bearing on the European war: Austro-Hungarian Note to Serbia, Serbian Reply, British White Paper, German White Book.

The Rogue River Public Service corporation of Gold Hill, in its fight for the electric lighting business of this section, has made the same offer to Ashland as this city, for the furnishing of electricity upon a wholesale basis. A similar proposition will be made to Grants Pass, and one has already been made to Gold Hill. All are under consideration.

There has been a heavy falling off in transient travel the last ten days, no wanderers being quartered in the city jail for the last five nights.

## OREGON BELGIAN RELIEF SHIP SAILS WITH \$43,000 CARGO

PORTLAND, Ore., Jan. 26.—Loaded with 3500 tons of food and clothing, the Belgian relief steamer Cranley sailed from Portland today. She will complete her cargo at Astoria and San Francisco, her destination being Rotterdam. The value of the cargo loaded here amounts to \$43,218.26.

The Oregon Belgian relief committee, consisting of Samuel Hill, chairman; Dr. O. G. Goffin, J. Van Hoomissen, C. Henri Labbe and Joseph Clossett, and a large crowd were at the municipal docks to wish the vessel a successful voyage. When the Cranley puts to sea she will display large banners bearing the words "Belgian Relief Ship." The Cranley was the first steamer bearing the scars of a naval attack to put into a Pacific port since the European war began, having come under range of the German cruiser Emden's guns when that warship made a daring raid in the harbor of Penang, an island off the Malay peninsula, and sunk a Russian cruiser and a French torpedo boat on October 28.

## PENDER'S CASE RESTS ON WORD OF HAIR EXPERT

SALEM, Ore., Jan. 26.—Expert evidence that the hair found in the hands of Mrs. Daisy Wehrman, who, with her little child, was mysteriously slain in her home near Seaside in September, 1911, was not from the head of John Pender, convicted of the crime and saved from the gallows by the passage of the amendment abolishing capital punishment, was produced today in the office of Governor Withycombe.

It was also established that the hair has the same characteristics as that of John G. H. Sierks, the inmate of the state insane asylum, who confessed the crime and later repudiated his story, saying he had made it to free Pender.

Governor Withycombe announced after receiving the report of the experts who had examined the hair that he was determined to clear up the mystery surrounding the case and clear Pender if he was innocent.

## REPUBLICANS PLAN FOR LOVE FEAST

A shot of oxygen has been administered to the Republican party of Jackson county under the auspices of the county central committee, who hope to rehabilitate, renovate, and remodel the present machine in time for the 1916 campaign, now 18 months away. The sudden interest in politics is supposed to have been prompted by a higher source than anything in Jackson county or the state of Oregon. Members of the committee will from time to time take their pen in hand, and produce some more of the classics of logic, so well remembered from the November election. Dr. J. M. Keene, Bert Anderson, and other G. O. P. warhorses head the new movement.

Lincoln's birthday, February 12, the republicans of the city and county will hold a love feast at the Medford Hotel. This morning the Sun's leading editorial wants to know "How Long Will Jackson County Republicans Support the Democratic Party?" The Sun and Pendleton Live Wire are the only two newspapers in the state, who have been battling for the Lord and Teddy Roosevelt at Armageddon, and a change of faith and return to the fold is seen.

The prospect of something to eat on Lincoln's birthday, and the morning paper article enthused disciples of the party of Joe Cannon, Boss Penrose and William Lorimer, beyond words.

## BELGIAN RELIEF STEAMER AT HALIFAX

HALIFAX, N. S., Jan. 26.—The helpless steamer Camino bound from San Francisco with supplies for destitute Belgians, was towed into this harbor by the American revenue cutter Androscoegin with the aid of two Canadian government steamers.

The Camino, disabled, was picked up off Sable Island and the trip of 250 miles to Halifax was made against violent gales.

It is expected that several weeks will be required to make repairs to the Camino.

## JAPAN SEEKS TO GRAB CHUNKS OF CHINESE EMPIRE

PEKING, China, Jan. 26.—Certain political and territorial demands which Japan has made upon China following the Japanese occupation of Kiao Chow have become known in Peking and their extent is disquieting to Chinese officials.

These demands, 21 in number, were communicated to the Chinese government January 23 by the Japanese minister here. They include first, that China turn over to Japan all existing German and Austrian concessions, second, that China pledge herself not to give concessions in the future to any country except Japan; third, permission to build a special territorial railroad, and fourth mining privileges in Shantung and Fukien provinces, in Manchuria, in eastern Mongolia, and in the Yang-Tze valley.

It is felt in Peking that if these demands were granted the result would be tantamount to turning over to Japan all the regions above named as spheres of influence, to the detriment of the treaty rights of other nations. The Ping government has not replied to the Japanese note.

Chinese officials are particularly incensed now at rumors circulated here that China is negotiating with Germany to the end that German officers re-organize the Chinese army. This report is denounced as without foundation.

## PRESIDENT SIGNS DEFICIENCY BILL

WASHINGTON, Jan. 26.—President Wilson signed today the emergency deficiency bill, carrying approximately \$5,000,000, the first of the general appropriation bills of the present session of congress to come before him. Fifteen others must follow before March 4.

The president also signed the bill creating the Rocky Mountain National Park in Colorado, with approximately 200,000 acres of public lands.

## BLUECHERS SURVIVORS REACH EDINBURGH

EDINBURGH, Scotland, Jan. 26, (via London).—Fifty survivors of the German armored cruiser Bluecher which was sunk in the North Sea on Sunday in an engagement with British warships, were landed from two British torpedo boat destroyers today at Leith, two miles north of Edinburgh.

A contingent of the Red Cross corps was at the dock with ambulances to receive twenty-three men who had been wounded in the fight. One of the wounded Germans had died while on the way to the port.

The prisoners of war were taken in automobiles to Edinburgh castle. The men who had escaped unscathed looked fit and were not downcast. They watched the soldiers drilling on the parade grounds. The survivors were dressed mostly in the blue of the navy. Some still wore sea boots and a few were in their stocking feet.

## GRANTS PASS TO HAVE HOME FOR COMMERCIAL CLUB

GRANTS PASS, Jan. 26.—Articles of incorporation have been filed with the secretary of state of the "Chamber of Commerce of Grants Pass," and if the present plans materialize this city will soon be the home of a live chamber of commerce palatially housed and conducted along most modern lines.

The incorporators of the chamber are Messrs. H. L. Andrews, H. C. Dunlap and G. H. Durham, and the articles state the purposes of the organization to be the upbuilding and advancement of the business, industrial and social affairs of the city of Grants Pass.

Mr. Andrews, who has been the moving spirit in the enterprise, says that the plans of the new organization involve the taking over, under lease of the Oxford hotel building and furnishings, and the transformation of the handsomely built for general club purposes. The lobby will be a reading and lounging room; and equipped structure into a home for the chamber of commerce. The membership of the chamber will be made up from the citizens of the community interested in the objects sought through the organization, with a monthly due to keep up the running expenses, the employment

## COUP PLANNED FOR KAISERS BIRTHDAY

AMSTERDAM, via London, Jan. 26.—Reports reached Amsterdam today to the effect that the Germans in Belgium are preparing a big military venture for tomorrow, Emperor William's birthday.

Details of the expected coup have not been revealed but all the railroads of Belgium are being used exclusively for military purposes. Great quantities of war material are being sent to the front.

of a manager-secretary, etc. The dining hall will be transformed into an assembly room; the sample rooms will be used for billiard parlor and committee rooms, and the small parlor will be retained for the use of the members. The two upper floors, containing 36 elegantly furnished rooms, will be occupied by resident members of the chamber of commerce, unmarried men, who will make their home therein.

# Announcement Extraordinary

AUTHENTIC AUTHORIZED MOVING PICTURE OF THE

# PRESENT EUROPEAN WAR

We are pleased to announce having secured for Sunday, January 31st, and Monday, February 1st, the Hearst-Selig European War Picture. These pictures were taken with the consent and assistance of the Belgian government and 50 per cent of the profits go to the Belgian Red Cross service. This picture consists of five parts, or 5000 feet of actual war history, showing war events as they actually occurred. You have been reading the censored reports of this great war for months, now you can actually see the events as they really occurred. This wonderful film showing the history of this war was seen by over 50,000 people at the Portola Theatre, San Francisco, two weeks ago. The following was taken from the San Francisco "Examiner" of January 16th, 1915: "Hearst-Selig War Movies Too Popular. Vast Crowd Gets Theatre Manager in Police Court; Case Dismissed. The case against Eugene H. Roth, manager of the Portola Theatre where the Hearst-Selig Motion picture history of the great war is being shown, was dismissed yesterday morning by Police Judge Brady. Roth was charged with violating an ordinance in permitting the blockading of the lobby and the sidewalk. It was explained to the court that the tremendous crowds which wished to view the pictures had jammed the lobby and the sidewalk in spite of the protest of the management."

This large advertisement will not appear again. The reason for the early announcement is, that the management of this theatre wishes to give patrons of adjoining towns and outside districts, sufficient notice to enable them to take advantage of this opportunity.
