In the winter of 1904 I had a cough, night sweats, fever and blood quantities of awful-looking stuff, and later I had many hemorrhages, at one time three in three successive days. Three physicians treated me, I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the best quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well." (Abbreviated.) (Signed) ANNIE F. LOUGHAN.
