and A DID FIERCE OFFENSIVE **BEGAN BY KAISER ON WARSAW FRONT** 

PETROGRAD, Feb. 2.-Renewal of a fierce offensive by the Germans in the region of Sochaczew and Borjimow, on the road to Warsaw, is admitted in an official statement issued here today. The violence of the German attack, the statement says, compelled some of the Russian units to retire to the second line of trenches. The communication was as follows:

"On the right bank of the Lower Vistula on January 31 our cavalry made a sudden and successful assault upon the German line along the front between Brezun and Lake Orezelejo, fifteen versts (ten miles) north of Sierpee, eapturing many officers and soldiers.
