

ASHLAND SUFFERS FROM TWO FIRES; LOSS IS SMALL

ASHLAND, Feb. 5.—Two alarms of fire occurred Thursday morning, and one meant business for the fire department. It was a substantial residence property on Otis street, owned by W. C. Sanderson, of Petauma, Cal., and formerly occupied by J. H. Casey. Its location is on the flats in the northern part of town and out so far that the water service is not if the best, there being a dearth of hydrants in that vicinity. Although the auto truck carries nearly 1000 feet of hose, the department was handicapped in reaching the blaze with adequate stream. The building was unoccupied at the time and the loss was total. Insurance \$1250.

The second alarm followed the first in short order, but the blaze didn't amount to much and was squelched on the spot. The superstitious, however, are no the quiver, looking for the expected traditional third conflagration.

The city council in recent session has confirmed the appointment of Drs. F. G. Swedenburg and G. W. Gregg as physician members of the board of health. These doctors are reinforced by Councilman Ware, Ashcraft and Hengel, laymen, who are to assist the professionals. The council also switched the official dogcatcher from the active to retired list, pending a renewal of the rabies scare. In the meantime dogs will now be allowed a brief respite of unmuzzling.

CRATER LAKE PICTURES FOR SAN FRANCISCO FAIR

PORTLAND, Feb. 5.—Forty pictures of Crater lake are being shown at the Central library where they will remain until Thursday, February 11, when they will be sent to San Francisco to become part of the permanent Oregon exhibit at the Panama-Pacific exposition. The pictures are photographs taken by F. H. Kiser, official photographer for the Great Northern railroad. Mr. Kiser was at the lake from June 30 to October 10 last year, and took 250 pictures, which have been colored in oil by Miss Myra Helms, a Portland artist, under Mr. Kiser's direction from notes made by him at the time of exposure. The collection at the library shows the lake from almost every angle, and includes a panorama of the lake taken from Garfield peak, a point in its rim, 2000 feet above the water. Wizard island, Linn Rock, the Phantom Ship and other features of the lake all are shown, together with many views attained by but few people besides Mr. Kiser, who is an intrepid mountaineer. The exhibit is owned by the Crater Lake company, and is in charge of Alfred L. Parkhurst, president and manager of that organization.

FEDERAL APPOINTMENTS TO OREGON OFFICES

WASHINGTON, Feb. 5.—The following Oregon appointments were made today: Thomas Bass, postmaster at Quincy; W. U. Davison and W. H. Trenton, civil engineers for the interstate commerce commission at salaries of \$3300 and \$5000 respectively; Don E. Cather, Multnomah county engineer for the reclamation service; C. B. Kain, Eugene, clerk in surveyor general's office in Wyoming.

Boy Scouts Take Notice

Do not overlook the meeting on Friday night, Feb. 5th. Owing to the basket ball game on the same evening it will be necessary to meet promptly at 7 p. m. as we want to complete the organizing of the patrols. The larger boys are especially urged to be present so that we will be able to get them organized and formed according to their size. So be at the Nat promptly at 7 so we will be able to get through with our work early as some of the boys no doubt will want to attend the basket ball game.

E. ED HULL,
Scout Master.

Parents of the Boy Scouts

I would ask your support in having the boys attend our meetings as regularly as possible as we want to get our organization completed, and unless the boys attend, we can not successfully accomplish this. Your co-operation in this matter will be appreciated.

E. ED HULL,
Scout Master.

Notice

On account of the death of E. B. Davis the St. Marks Guild dance will be postponed until some future date.

NEWS FROM COUNTRY CORRESPONDENTS

ASHLAND AND VICINITY

An order of publication through circuit court channels, endorsed George Stephenson vs. Ed Eates, is supposed to refer to the old opera house property in this city. The ruins, since the fire of several years ago, still remain in the same antique classification. This property is located upon one of the finest and most eligible corners in this town.

Lincoln's birthday anniversary may interfere with the special city election called for the same date. Over the controversy there promises to be a clash. It may be that settling the date of the election on a holiday was a mere coincidence, but many consider it not very good form to establish the precedent of mixing pleasure with business, especially such a serious phase as mingling a legal holiday with perhaps what might prove to be an illegal enactment. Moreover, the date set in a Friday, and in settling this contention quite a few do not wish to resort to any unlucky expedients.

H. O. Parucker, representative of the Metropolitan life insurance interests in this territory, was the first party either here or in the entire valley to place a call for a long distance talk over transcontinental telephone wires which recently have connected the Atlantic with the Pacific seaboard. Subject to a few preliminaries in the way of perfecting the installation, the confab between local headquarters and the Metropolitan's tall tower in New York City will occur at an early date. Just for the present, "Line is busy."

Klamath Falls basket ball kids and kiddies will play another game with this city Saturday night. The games are in the high school series, and the events have mainly been dual ones in this year's schedule thus far.

Negotiations are pending for a transfer of the management of the local Southern Pacific stockyards. The concession has been made a matter subject to competitive bids. Contracts have been drawn and bonds put up, and it is town talk that, on or about February 15, the management will pass under the control of C. F. Bates, at the head of a local dray service. Bates was formerly S. P. agent at Siskiyou, and later on attended to freight tails at the Ashland depot.

As per official announcement, the Polytechnic school will be discontinued here June 1. Reason given is excess of expense over income. The underlying cause is the installation of a thorough commercial course in the high school, the success of which is exceeding expectations. The Polytechnic was resuscitated, in a sense, with the end in view of enabling those holding paid tuitions to make use of the same, a movement which was a laudable one and the management deserves credit for affording this opportunity.

Sam Storey, soil expert of the beet sugar interests, was in town Thursday. Hing up figures as to his particular work in the big enterprise. He reports over 1400 acres examined, signed up and accepted up to date, with a flood of applications for his services in various directions. Peruzzi, of the Ashland creamery, plotted the expert throughout this territory, and the two men were kept mighty busy getting over the ground in order that Storey might be able to leave for the Grants Pass district by Friday or Saturday of this week.

Messrs. Owen, Peruzzi, Briggs, Richardson, Enders, Hartley and Staples, were in Medford at the recent hearing before Referee Newman of the Hotel Oregon bankruptcy case in federal court rooms.

TABLE ROCK TABLETS

A. L. Seabrook has purchased two fine Jersey cows from W. R. Byrum. Sam Marshal of the Central Point district was in these parts Saturday looking for seed oats.

Phillip Comiskey who has spent the past month visiting at the Pendland home left last Monday for California points.

The John Bigham home in the Antioch district is now in touch with the world by telephone.

S. M. Nealon who advertised seed oats in the Mail Tribune is receiving many orders for the same.

Mr. Seftles, Jr., of Medford is the guest of Clark Collins this week.

Rip McMillan of Weed, Cal., spent Tuesday and Wednesday at the Reese home.

Mae Nealon who is teaching school in the Sams Valley district reports that an epidemic of small pox is raging in those parts.

It is reported that dogs are killing sheep on the Emig ranch and Mr. Myers who is in charge predicts that some of the dog worshippers hereabouts will be wearing mourning ere long.

That portion of the Table Rock road some time called "Pummy Avenue" is being graded, the nature of the soil is such that it can be worked at any time. Ed Vincent and Mr. Caton are doing the work and when it is completed will be one of the finest roads in the county.

The rain of the last few days has put a stop to farming and grubbing operations, but nevertheless we were glad to get it. It makes the valley begin to look like its good old self.

We presume that the ground hog saw his shadow here on the second although the sun barely shown through the clouds and then not until after noon—but then "there are none so blind as those who do not want to see."

Lawrence Fitzpatrick and Miss Hazel Byrum were in Medford Sunday, Fitz going to meet his old friend Edward Scott, who is making a tour of the coast with the International Quartet. Mr. Fitzpatrick and Mr. Scott were formerly members of the Globe Quartet of Portland.

The Table Rock baseball team held a meeting at the school house on Wednesday evening when plans were made for the coming season. Verne Pendleton was elected manager and L. Fitzpatrick captain and a committee was appointed to draw up a set of by-laws.

Several farmers in this district who sold wheat last fall have discovered that they sold to close and will have to buy back at an advanced price.

The Agate school will give a box social next Friday night and in this way expect to get the jump on their rivals in the piano contest. The money raised at the social will be used to purchase votes.

Last Tuesday evening several of the ladies of the neighborhood gathered at the McBride home, it being the 41st anniversary of Mrs. McBride's birth, the usual good time was had visiting after which refreshments were served and on departing the guests expressed their regrets that the evening had passed so quickly.

Grandma Vincent who suffered a paralytic stroke last June and has been bedfast ever since was pleasantly surprised last Wednesday afternoon by the Table Rock ladies who came in to help her celebrate her seventy-fourth birthday. Mrs. Vincent enjoyed the visit immensely and only hopes they will not wait until her next birthday before calling again.

After some argument by those who are to take part in the play "What Happened to Jones?" it has been decided to have it Saturday night, Feb. 27th.

a fine boy. Mother and child are doing nicely.

S. A. Moore was in town Thursday.

BUNCOM BREVITIES

Mrs. Raymond Phillips visited Mrs. Pat Swayne Wednesday. Mrs. H. Stephenson and sons went up to C. R. Phillips to spend the evening playing cards. Lester Finley is staying a few days with Bert and Fort McKee.

William Loudon was down Applegate recently on business.

Mrs. Culy visited Mrs. W. Moses of Watkins last Wednesday.

Henry Jenns was at Ruch one day last week.

Mrs. Frank Snyder was the guest of Mrs. Newton Lewis.

Homer and Verni Stephenson have been hauling hay for a few days.

Miss Lydia Lewis visited Doris and Dorothy McKee Wednesday.

J. C. Burton has been in Medford for a few days on business matters.

Mrs. H. B. Stephenson and Luella McKee visited friends in Ashland and Jacksonville Sunday and Monday.

Mrs. Verna Culy visited her parents, Mr. and Mrs. A. D. McKee, Sunday.

Lester Finley went to town Tuesday.

Born—To Mr. and Mrs. Bert Harr,

Climate Failed; Medicine Effective

Sufferers from Tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alternative. Read this:

Weldon, Ill.

"Gentlemen—Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid pneumonia, which developed into Tuberculosis. (Good. It was found) in February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor saying given me no assurance of reaching there alive. On July 18, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Now I am stout and well and can do any kind of work about my grain elevators." (Addressed)

(Abridged) **ARTHUR W. WEBB,** Eckman's Alternative is a most efficacious in bronchitis, cough and severe throat and lung affections and up-building the system. Contains no harmful or habit-forming drugs. Accept no substitutes. Small size, 21¢; regular size, 35¢. Sold by leading druggists. Write for booklet of recoveries.

Eckman Laboratory, Philadelphia.

Price \$1 and \$2 a bottle.

GET TOGETHER MEETING PLANNED FOR ASHLAND CLUBS

ASHLAND, Feb. 5.—With the intent of keeping the boosting spirit at fervent heat, a get-together meeting has been planned by the Commercial club and its allied organization, the Ladies' Civic Improvement club. A committee of five has been appointed. The duties of these members is not to be superficial; they must set the pace for one of the biggest demonstrations along legitimate boosting lines that has ever been witnessed in this city. Every hobby will be merged in a hearty, spontaneous movement for the general welfare. Of course a banquet will be in order, and that means a feed commensurate in its appointments with the importance of the occasion, and with the ladies enlisted in the movement, success is more than assured. In a post-prandial way argument will apotheosize advancement. Somnolence will be quelled, knockers knocked, and pessimism will be pitchedforked without giving or asking quarter.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Adv.

FIVE ACRES SUBURBAN

Especially adapted to berries, cleared and summer followed in 1914, near car line. Electric line installed and pumping proposition practical. No buildings. \$1000. Terms.

Also 10 acres suburban improved, with water rights paid up. Nice bungalow and barn, large berry patches, some fruit trees and alfalfa. \$1000, good terms. Berries bring in \$500 per annum.

ROGUE RIVER LAND CO.

Room 407 M. F. & H. Bldg. Opposite Post Office

CALIFORNIA LAND TO EXCHANGE
FOR
ROGUE RIVER VALLEY ORCHARD

I have a 1000 acre tract of good land well located in California near a good town on two railroads. Suitable for olive, orange and lemon growing and an excellent general farm and stock ranch proposition. Water right for 300 acres goes with the place. Two sets of buildings. Total price \$100,000. All clear of encumbrance. Similar land adjoining is selling from \$175 to \$225 per acre.

Will trade for an orchard in this valley up to \$75,000, and give good terms and long time on the balance.

EARL S. TUMY
210 Garnett-Correy Bldg. Medford, Oregon.

TRADES! TRADES! TRADES!

We are getting out a new "FOR SALE AND EXCHANGE" circular and want listings for trade for property in Washington, Oregon and California, or in fact any state in the Union.

Tell us what you have and what you want, price your property right, and see if we can please you. **HAVE BUYER** now for best bargain in five or six room residence. What have you?

WHY?

A word to those who are coming back. Land for the past six months has been hanging at rock bottom prices. A great deal of liquidation has taken place in this time. My business alone in the last half of this year has amounted to nearly \$100,000 I believe the last four or five deals I have made represent absolutely the bottom. Land with rental value of \$30 an acre will not long remain at \$200 an acre. There will be no boom but land values will improve some. Good roads, irrigation, saw-mill, box factory, cheap power, sugar beets, canning factory, good prices, satisfied customers, perfect days. Hurry, see Medford first and
