Old-timers claim that the statement made by J. G. Martin in his letter to the Medford Sun that the Bybee bridge was built in 1860 is a mistake, it being erected some twenty years later.

The Misses Mae and Rose Nealon spent Saturday and Sunday in Table Rock with home folks.

A few wild flowers, the song of the birds and the warm sunshine are all heralding the approach of spring.

EAGLE POINT EAGLETS

By A. C. Howlett

Last Friday night Mrs. Fred Moutouze, Mrs. J. Frank Brown and Mrs. Carl Narrigan, gave a dance with refreshments in the opera house and I understand that they not only had a good attendance but a very pleasant time. Those three ladies know just how to conduct an affair of that kind so as to make a success of it. W. E. Hammel was one of the participants and reported the result to your correspondent.

Last Saturday B. J. Blenkinsop of Medford came out and took dinner and the next Monday returned to the Sunny Side in company with L. E. Troxel, a mining engineer of Medford. They were trying to get in touch with some one who could put them on to a lode of copper or silver ore. Mr. Troxel claims to have had several years experience in that line of business and just as the war in Europe broke out was on a deal to sell a mine to an English company for one and a half million dollars.

Miss Rose Nealon of Table Rock, who is teaching school in the Revere creek district called for dinner Saturday on her way to her home to take part in the rehearsal of the play that is to be rendered the latter part of the month.

Mr. and Mrs. P. J. Ayers were visiting their children, Mrs. Laura Newport and Mrs. Rosa Smith, Saturday.

Grandma Heckathorn, who has been up on Evans creek visiting children and grandchildren returned home the last of the week.

I omitted to state in my last that Mr. and Mrs. L. K. Haak and Mr. and Mrs. C. Hozerhyde spent Sunday, January 31, with Mr. W. H. Crandall and his sisters Mrs. Harris and Cora Crandall and Mrs. Hozerhyde reports having a lovely time.

Last Saturday one of the town boys came out after a load of wire fencing to take up to the Town home in the Lake creek country.

Arthur A. Smith who has a fine farm on Big Sticky brought over a half dozen of guinea fowls for Grant Mathews who lives on the free ferry road about eight miles from here last Saturday and while here gave me his subscription for the Weekly Mail Tribune.

Frank Johnson came out last Saturday from his home on Indian creek and Rogue river to bring his daughter, Miss Jennie Francis. She had been in the hospital in Medford and the doctor wanted her to come in so he could see if she is all right.

Tom Hampton and wife were in town Saturday interviewing our merchants.

Last Saturday we had a citizens meeting in our town to select delegates to attend a larger gathering to be held in Medford on Monday and Messrs. T. E. Nichols and Frank Brown were chosen. James Owens, one of our prominent farmers and stockraisers was in attendance at the meeting.

Last Sunday was rather a noted day in this community for it was the fiftieth anniversary of the marriage of Mr. and Mrs. James Jordan and on the occasion Mr. and Mrs. W. G. Knighton and your correspondent and wife were invited to take dinner with the aged couple and their daughter, Mrs. E. S. Welfer and her daughter Miss Lorena Taylor. They received some handsome presents and in the evening just before church time, quite a number of their neighbors and friends called on them to tender their congratulations.

Another incident that will likely be remembered for some time, is that the wind blew about as hard as it ever blows in this favored spot in Oregon and while it was blowing it left its mark in its wake; it wrecked several buildings, fences, etc., and among them will mention that it took the pipe off the top of our kitchen flue but did but little damage. It blew down the barn on the old Storey place belonging to the Hoovers of Medford, a part of the fire wall on T. E. Nichols' new brick building, Mr. McQuoid's smoke house, broke two large panes of glass out of Dr. Holt's office in the upper part of the Von der Hellen building, moved one of the large sheds on the Cingedeo barn on the edge of the desert, tore down P. J. Parton's hog scale house, unroofed the barn and buggy shed for Ed Dutton, blew off the roof on the old Matney place where Fred Dutton lives, tore two of the chimneys off of Senator Von der Hellen's residence, picked up the garage off of Harry Von der Hellen's auto and tore it to pieces leaving the auto unharmed, played havoc with the telephone wires, uprooted one of the ornamental trees in George Von der Hellen's yard besides leveling fences without number.

The same day we had for dinner at the Sunny Side a gentleman by the name of Barnes, wife and two sons, J. V. McIntyre and family, W. I. Maper, wife, son and his wife of

Medford, W. E. Cozeman of Phoenix, the latter five came out together and after dinner leaving the ladies at the Sunny Side the men went up on the north desert to look for agates, remaining until the afternoon train on Monday before going home. Paul Updike who has a farm on Rogue river, also spent the night with us. Mr. Vogel also closed his Tavern Sunday, he asked permission of the council to let him keep his saloon without keeping his Tavern as that was a losing business and they granted his request. Sunday night, before preaching there was organized a young peoples society, to be known as the Christian Endeavor society. They elected Miss Loretta Childreth, president; Bernice Simmons, vice-president and Ruby Haley, secretary and treasurer.

Jeff Conover and his son were in town Monday and so was A. G. Bishop and P. W. Haley.

On Tuesday P. W. Haley called and renewed his subscription to the Weekly Mail Tribune.

Clay Cole, Roy Ashpole and wife motored to Talent Sunday to bring home Mrs. Cole who has been visiting her brothers the past few days.

Wig Ashpole, one of the prominent meat market men, came out Monday and bought 83 head of steers from Walter Woods.

I understand that there are quite a number of our citizens congratulating themselves over the appointment of ex-County Commissioner Smith as road master as he is said to be a fine man and a good road builder.

GRANDMOTHER KNEW

There Was Nothing So Good For Coughs and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters give, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia.)

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.—Adv.

NEW TODAY

A half section in Canada, just a half mile over the North Dakota line, and within four miles of a good town, and all is wheat land, and raises a crop each year. This property is offered in exchange for an income property or general farm land in the valley. A fine opportunity to get into the wheat game.

Also 4240 acres of wheat land in Washington to exchange for an orchard. Call for particulars.

A good furnished house, well located for rent.

C. D. HOON WHY?

A word to those who are coming back. Land for the past six months has been hanging at rock bottom prices. A great deal of liquidation has taken place in this time. My business alone in the last half of this year has amounted to nearly \$100,000 I believe the last four or five deals I have made represent absolutely the bottom. Land with rental value of \$30 an acre will not long remain at \$200 an acre. There will be no boom but land values will improve some.

Good roads, irrigation, saw-mill, box factory, cheap power, sugar beets, canning factory, good prices, satisfied customers, perfect days.

Hurry, see Medford first and
