

SLOGAN SOUGHT TO USHER IN NEW ERA AT ASHLAND

ASHLAND, Feb. 19.—Ashland wants a slogan. It must be a short pithy and distinctive one. It also must be ready by March 25, preceding date of the big booster blowout. The ladies of the Civic Improvement club will award a prize of five dollars for such a slogan as comes up to requirements demanded by their committee. Mesdames Whitney, Shouf, Graham, Roche and Pell. As a starter here's a suggestion: "Advantages Advertise Ashland."

Scott a Visitor
John M. Scott, of Portland, general passenger and ticket agent of the Southern Pacific, was in town, Wednesday, chaperoned by George Kramer during a social call upon various business men. On Thursday, Assistant Superintendent Fitzgerald and Trainmaster Gillette, were noting around in the wake of those predecessors.

Dr. Mattie B. Shaw is in Windsor, Nova Scotia, her old home, where she has been for some time past caring for an invalid father. Her husband, Dr. H. M. Shaw, was practicing at Marshfield at last accounts. The family retain a valuable residence property here.

Operator Transferred
Chaley Day, first truck operator at the local Southern Pacific depot, has been transferred to his old position in the general offices of the company at San Francisco, for which city he will leave in a few days. It is reported that H. A. Scott, of Dunsmuir, will take Day's place here.

Mrs. Ann Horel, of Humboldt, Clark county, Wis., arrived Thursday, for a visit with her brother, A. Dickey and family. She came over the Northern Pacific, and reports a severe winter in the northern central west. While on the coast she will also visit a son who is a mining engineer in Trinity county, Cal.

New Cider Mill Installed
William Powell, "The Old Cider Man," who quenched the thirst of the traveling public with apple juice for over 20 years at his familiar old stand near the depot, would be surprised at the innovations which his sons, Thad and Bert, have introduced in the business. A brand new fruit stand and elder dispensary combined has been installed on the premises, equipped with refrigerating devices, cash registers and other improvements.

On Tuesday evening, Captain Malone and First and Second Lieutenants Dean and Blake, of First company, C. A. C., of this city, attended the inspection of Seventh company at Medford, and were greatly pleased with courtesies extended them there. Incidentally they attended the same evening, a meeting of the various managers and other employees of the Oregon-California Power Co., and witnessed a school of instruction as conducted by that corporation at stated periods.

Glacier Park Braves
"See America First," is the purpose of Medicine Owl, who at the head of a band of bucks and braves from the Glacier National Park in Montana, passed through here Tuesday afternoon, bound for San Francisco and its exposition. The tribe held quite a reception on the depot platform. Medicine Owl's equivalent in the Spokane dialect is "Ce-pes-tah-toot," and the admonition on his tribal visiting card is "Meet me at Glacier Park next Summer—much trout—good medicine—heap fun."

Through the courtesy of the Mail Tribune, that daily is now available on the library's reading table, an accommodation that is much appreciated, inasmuch as this paper affords the very latest news—city, county, state and national, not to mention international. The other dailies furnished the library are the Oregonian and one from Marshfield.

Nine-Pound Steelhead
Frank Blevins, local angler, has the largest fish to his credit caught thus far the present season in Bear creek within or near city limits. The specimen was a steelhead weighing nine pounds.

The Harmony Concert Party, a quartet organization, will be the final attraction in the Elks' lyceum course appearing at the Vining Feb. 22.

An unsavory scandal was aired in Justice Leo Trefren's court Tuesday. It involved a boy of 15 and a little girl of six years. As a result of the preliminary investigation, the boy, Chester Calloway, was ordered to be turned over to the juvenile court to be disciplined, and Judge Tou Velle will be called upon to pass on the gross demerits of the case which are aggravated by the lad's behavior on previous occasions.

Smoke Home-Made Cigars.
Governor Johnson, Mt. Pitt and La Vista are the best.

SPRINGS CONTRACT IS LET WITHOUT ANY ADVERTISING

ASHLAND, Feb. 19.—The created sometimes poses as greater than its creator. A case in point occurred at the last city council meeting. It arose over a question of fact in awarding extensive contracts connected with the mineral springs project without advertising for bids as the charter specifically requires. Councilman Cunningham, the mentor and mentor of that body, raised the question, and moved that it be referred to the city attorney for an opinion. Councilman Ware immediately raised an objection, Mayor Johnson concurring, and the result was Cunningham's proposition was ditched on the spot by a big majority. The council is evidently not so much opposed to Cunningham's contention as it is in favor of allowing the water commission full powers in the premises—ethically, physically and financially.

A special city election constituted the water commission and defined its duties, and a majority of the council manifestly proposes to waive jurisdiction over any phase of the auxiliary water plant's construction and hand the whole job—lock, stock and barrel—over to the commission to handle as it sees fit.

This is done with a view of expediency in rushing the work by giving the commission a free hand, notwithstanding that, from a technical standpoint, Cunningham is probably right. Discussion over the matter was more than warm; in fact it reached the point of super-heat, and at times several members of the council were on the point of rising to even more than the proverbial "question of privilege." Bert Greer, Ray Minkler and J. P. Dodge constitute the commission. Contracts have been signed, other preliminaries arranged, and dirt will be flying on construction work at an early date to such an extent that all technicalities will be buried beyond hopes of resurrection.

ASHLAND TO SEE ANDREWS OPERA

ASHLAND, Feb. 19.—The old-time favorites, the Andrews Opera company, will appear here Tuesday evening, March 9. The attraction will be "Martha," Flotow's masterpiece, classed as a lyric production. That fond old melody, "The Last Rose of Summer," is the most popular air in its entire score. The opera will be given at the Vining under auspices of the Elks. Art Burgess and George Wilson of Medford, both connected with the management, were here on Thursday perfecting arrangements. Several residents of this vicinity, formerly living in the central west, will remember the company in former years, when it toured the Mississippi valley region, and have renewed the acquaintance of Ed and George Andrews since coming to the coast.

WOMAN COULD NOT SIT UP

Now Does Her Own Work. Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio.—"I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

Daughter Helped Also.
"I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

CENTRAL POINT PACKING COMPANY IS INCORPORATED

The Central Point Packing Co., formerly the Central Point Meat Co., has been incorporated with \$100,000 capital stock, with C. E. B. Webb as president, A. C. Piero as secretary, J. H. Carlton treasurer and general manager. They intend to slaughter local animals, kill, dress and pack meat and sell it to local markets and furnish a steady market for the sheep, cattle and hogs raised in the valley.

The need of such an institution is shown by comparison of the business done here with other places. Pendleton and Baker City slaughter three times as many animals as slaughtered in the valley, and La Grande two and a half times, while Medford meat importations are in excess of those of the three cities combined.

The new company will put up a premium brand of ham and bacon, which will be standard and equal to any of the imported brands. Only one other district in the northwest is comparable to the Rogue river valley as a hog producer.

The company will fill a long felt want as it will furnish a market where the small producer can sell his product and realize as good prices as if he shipped in carload quantities.

The Dalles business men went on record as opposed to further legislation or regulation burdening railroads.

GORST INVENTS AUTO TO TRAVEL WATER AND LAND

MARSHFIELD, Or., Feb. 19.—V. C. Gorst of North Bend, formerly of Jacksonville and Medford, where he operated an auto stage between the two places, has invented what he terms an amphibian. The machine travels on land or water. A demonstration showed that the freak is capable of making 75 miles an hour on land and 15 on the water.

The base is a Hupmobile frame with wheels. In the rear is mounted an 80-horsepower aeroplane engine. The motive power is gained through an aeroplane much faster than ordinary automobiles travel.

A large crowd saw the machine enter the bay at North Bend, navigate to the sand spit, go onto the sand spit under its own power and speed up the ocean beach to the Umpqua river. The machine carries two wooden pontoons, one on each side, hanging five inches from the wheel base.

The machine will carry five passengers besides the driver and will be put into service between Marshfield and Mapleton, a distance of 65 miles, 26 of which is water.

CAN DEVELOP 480,000 HORSEPOWER AT CELILO

SALEM, Or., Feb. 19.—Reports of the engineers who made the investigation of power possibilities at Celilo Falls, and of Engineer W. E. Morris, who represented the legislative com-

mittee, were made public today by Senator J. N. Day, chairman of the committee. They show that 480,000 continuous horsepower could be developed at the falls, but it would require an expenditure of from \$50,000,000 to \$75,000,000.

Blood Destruction Stopped and Rebuilt

Worries Overcome. Evidence Brushed Away. The Skin Cleared.

R. S. S., the famous blood purifier, is man's architect. It contemplates the damage done and repairs the damage. It also looks after the possible damage and corrects all tendency to blood eruptions, decay of bones, clogging of joints and any and all of those myriad of destructive effects such as rheumatism, catarrh, swollen glands, sore throat, bronchial affections and the host of infirmities so well known as being caused by impure blood. And now, why should R. S. S. do all that? Simply because it is Nature's antidote, a remedy of searching influence. It contains a powerful, natural ingredient, that sweeps its way to the skin. And in doing this it not only annihilates destructive germs but causes them to be so converted that they are easily and harmlessly voided, expelled or destroyed and then driven out through the natural outlets of the body. Thus let R. S. S. be your safeguard in all blood troubles no matter what they are. It won't fail you. Get a bottle today of any drugist but refuse any and all substitutes.

Get in communication with the medical department. Write The Swift Specific Co., 54 Swift Bldg., Atlanta, Ga. This special advisory work on blood troubles has been of incalculable benefit and has cured a host of sufferers.

Juiciest, Sweetest Oranges

Just as They Taste in California—at Your Dealer's Now—say "SUNKIST"

Sunkist Lemons

Order by telephone today. Have these famous Seedless Navel's for tomorrow's breakfast. Serve them at every meal and between meals—try this way of keeping well.

Your dealer now has a large supply of Sunkist. Prices are low and quality never better. Sunkist cost no more than common kinds, so don't order merely "oranges."

Send a postcard to the address below for a beautiful free book that tells scores of attractive ways to serve Sunkist in salads and desserts.

Order these lemons, too. Serve with your fish, meats and tea. Use their juice wherever you now use vinegar. Learn the 86 ways to use Sunkist Lemons in flavoring, and as handy household helps.

Insist on Sunkist—Save the Wrappers—Get this Beautiful Silverware.

to write for free book, "Sunkist Salads and Desserts." Also gives full information about our premium plan under which you can exchange Sunkist wrappers for Wm. Rogers & Son guaranteed silverware. Address—California Fruit Growers Exchange, 139 N. Clark Street, Chicago

FOLGER'S COFFEE SALE

one week only
FEBRUARY 15 to 20, 1915

THIS COUPON IS GOOD FOR 10c. TO 50c. IF PRESENTED AT GROCERS FEBRUARY 15th to 20th, 1915

FOLGER'S GOLDEN GATE COFFEE

Regular retail price	Special sale price with coupon
1 lb TINS .45	.35
2 lb TINS .85	.75
5 lb TINS 2.00	1.50

Grocers will collect the difference from us ENTER YOUR ORDER BELOW

Number of Tins _____ Size of tin _____

Our object is to give everyone a chance to note the difference between 45 cent coffee and cheaper grades.

Hand the coupon to your grocer at your door or at his store. If he has no Folger's Golden Gate Coffee he can get the special value offered as we cheerfully forward him a single package at trade price, through any channel he designates. He makes his regular profit.
