

ROSE CULTURE  
FREE LECTURES  
BEGIN MONDAY

Rev. George Schoener of Brooks, Or., the Burbank of the rose world, will deliver a series of lectures on roses and rose culture at the Medford public library beginning Monday evening next at 8 o'clock. The series of lectures will be given under the auspices of the Medford Rose society and will be free to the public. Everyone interested in growing roses and helping to make Medford a rose city should attend the lectures. If the weather permits a practical demonstration of the pruning of roses will be given in one of Medford's rose gardens. While the lecturer is here a committee of the Rose society will take him about the city and try to form some plan for its beautification. Rev. Schoener has now 120,000 new seedling roses, the result of 1500 different combinations. From these he hopes to raise some roses so beautiful as to send Oregon's name down in rose history.

After the lectures questions will be answered and the difficulties attending rose culture in this valley will be solved.

The subjects of the lectures are as follows:

Monday, February 22, at 8 p. m., "The Rose in History."

Tuesday, February 23, at 8 p. m., "The Botanical Classification of the Rose."

Wednesday, February 24, at 8 p. m., "The Planting and Pruning of the Rose."

Thursday, February 25, at 8 p. m., "The Best Varieties of Roses and How to Conduct an Exhibit."

Should the members in attendance justify it, another lecture will be given Friday, February 26.

The public library has an extensive collection of rose books loaned for the occasion, some from the state library and some from private libraries, which can be consulted by those interested in rose culture.

GOVERNOR SIGNS  
MANY NEW LAWS

SALEM, Ore., Feb. 20.—The following bills have been signed by Governor Withycombe:

H. B. 221, by Smith (Multnomah)—To protect water supplies and give board of health authority.

H. B. 14, by Kelly—Restoring sheriffs of counties as tax collectors.

H. B. 334, by Forbes—Ratifying lease of Summer and Abert lakes.

H. B. 458, by Barrow—To permit erection of bridge connecting Randolph island with the main land.

S. B. 229, by committee on judiciary—Relating to undertakings to secure payment of costs in justice court.

WILSON SIGNALS  
FAIR OPENING WITH  
KEY OF NUGGETS

WASHINGTON, Feb. 20.—President Wilson pushed a button at 3 o'clock this afternoon giving an electric signal which formally opened the Panama Pacific exposition at San Francisco.

The flash was conveyed from the white house to San Francisco both by telegraph and wireless. President Moore of the exposition immediately sent back word that the flash had come through and that the exposition was formally opened.

The president used a telegraph key studded with gold nuggets which was used by President Taft in opening the Alaska-Yukon exposition at Seattle. Present at the ceremony were Secretaries Bryan, McAdoo, Houston, Wilson, Daniels and Attorney General Gregory, Assistant Secretary Roosevelt of the navy, Senators Works and Perkins and all the representatives from California, Governor Hamlin of the federal reserve board and Mr. Caminetti, commissioner general of immigration.

PANAMA FAIR OPENED  
(Continued from Page 1)

Lane said in part: "To you, President Moore, and to your colleagues, ladies and gentlemen, I bear the congratulations of the nation on the opening of this international exposition. This morning I have from the president the following telegram:

"Please convey my heartiest congratulations to the authorities of the exposition and express my hope that their highest expectations for its distinguished success will be more than realized.

"Within a month I expect the president himself will be with you to greet the representatives of the nations who have joined in the creation of this new city by the Golden Gate."

All records for opening day attendance at world's fair were broken by the exposition. Less than two hours after the gates had opened and while the crowds were still streaming in, the turnstiles showed 180,000 admissions, as against 137,557 for the Chicago fair in 1893, and 176,453 for the St. Louis fair in 1904. At 11:15 the attendance had grown to 280,000.

FOR A BAD COLD

The surest way to stop a cold is to liven the liver and cleanse the bowels, and the nicest cathartic to do this is a 10-cent box of Cascarets. Take one or two Cascarets tonight and your cold may be gone by morning. (Paid Adv.)

DIVINE SARAH  
CHEERFUL THOUGH  
SHE LOSES LEG

PARIS, Feb. 20.—Maurice Barres, who is conducting a campaign to aid war cripples has received the following telegram from Sarah Bernhardt.

"Your last article, an appeal for the invalids of the war, touched me deeply, perhaps because I am going to have my leg cut off Sunday and thus join the great army of the mutilated. I could have kept my leg if I had been willing to live stretched on a sofa. The surgeons asked me to give them five months, but I refused. Why? Because longing for the theatre filled me. I would rather be mutilated than powerless.

"Work is my life. I want to get to work again, thus recovering my gaiety and I hope to use again all that force of art which keeps me up and will keep me up until I pass into the world beyond the grave. There fore I wish to tell you, my son, that I have four positions for your invalids in our theatre. Forgive me for speaking so much about myself, but you will understand why I have done so. Think of me on Sunday morning."

A Good Resolution.

The New Baby  
is World's Wonder

Every tiny infant makes life's perspective wiser and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." It is so well thought of by women that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.

In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. This book was prepared not only to aid the inexperienced but to enable so many women to have at hand the timely hints, suggestions and helps in concise and neatly printed form for ready reference. It should be in all homes. "Mother's Friend" may be had of almost any drug-gist but if you fail to find it write us direct and also write for book to Bradfield Regulator Co., 203 Lamar Bldg., Atlanta, Georgia.

APPROPRIATIONS  
TOTAL \$6,088,915

SALEM, Ore., Feb. 20.—Something like \$644,446.33 will be the extent of legislative economy in the administration of Oregon's affairs during the next biennium, according to a "bulletin" of all sums called for in all the appropriation bills.

Regular appropriations from the general funds will total \$3,925,913.75. Plus the millage taxes for the support of the three state educational institutions and the new appropriations made necessary by the abolishment of the continuing appropriation plan, an extra \$1,898,000 is called for, making a total of \$6,088,915.75.

The general appropriation of 1913 was \$6,733,462.08. This shows a saving at once over 1913 of \$644,446.33. Added to this in reckoning the economy, however, must be considered items of \$713,839.55 appropriated in 1913 for permanent improvements, including the \$450,000 Tumalo irrigation appropriation, no corresponding appropriations being necessary this year. Setting off against this the item in the present appropriation bills of \$100,000 for the new building at the eastern Oregon hospital, a total net saving of \$644,446.33, or approximately two-thirds of a mill levy.

CAN'T FIND DANDRUFF  
Every bit of dandruff disappears after one or two applications of Danderine rubbed well into the scalp with the finger tips. Get a 25-cent bottle of Danderine at any drug store and save your hair. After a few applications you can't find a particle of dandruff or any falling hair, and the scalp will never itch. (Paid Adv.)
