

200,000 FIGHTING HAND TO HAND IN CARPATHIANS

GENEVA, Feb. 26.—The fighting in the Carpathian mountains between Russians and Germans and Austrians is becoming rapidly much like siege warfare, according to dispatches reaching Geneva from points near the line of battle. These messages declare that since February 18 over 200,000 men have been fighting hand to hand in the Carpathian trenches without making any material advance. The wounded are pouring into Ungvar and Eperies, in Hungary.

During the night of February 19, taking advantage of a lull in the hostilities, the Austrians picked up at Svidnik 860 wounded men and more than 3000 dead. The wounded had been lying on the ground, some of them for 18 hours without food or succor. A chief officer of the Austrian medical department is authority for the estimate that 70 per cent of them will be invalids for life. A majority of the wounded at Svidnik were injured in the head by blows from rifle butts and 20 per cent of them will be either paralytically or totally blind.

NEW PLAYER COMES TO PAGE THEATRE

Professor J. B. Hunt who came from Oakland to Medford for the purpose of playing the large Wurlitzer orchestra at the Page Theater, returned home this morning. Professor Steinmetz of San Francisco will arrive Saturday morning and take charge of the large instrument recently installed in the Page Theater. The mechanics who came with this instrument from the factory have finally completed the installation of this large orchestra and beginning with Saturday afternoon there will be a special musical program rendered at each performance on this large instrument with all of its effects.

MISS GERTRUDE FAY WEDS DR. SPRINGER

A telegram was received Thursday by Mrs. J. D. Fay saying that her daughter, Gertrude, was married Thursday afternoon to Dr. W. H. Springer, both of this city. The nuptials are in the nature of a surprise to the many friends of both the contracting parties in this city. The bride is well known in this city, having lived here since childhood. Dr. Springer is associated with Dr. J. M. Keene in dentistry, and has lived in this city for the last six months, having a wide circle of friends. The couple after a short honeymoon in southern California will make their home in this city.

Here Is Good News for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.—Adv.

WHAT SUCCESS MEANS TO ME

By Norma Phillips (Our Mutual Girl)
Success means to me the realization of dreams of childhood—not only material dreams of beautiful gowns and plenty of money, but those inward satisfactions for which we yearn in youth.
Folks at home always said I'd "make a hit on the stage." They said I was a born actress. And that fired my youthful imagination to follow the stage as a career, for I thought my parents could say "no wrong. And, though they could not foresee the immense popularity of the "movies" and the role they were to play in entertaining the masses, I do not doubt but what, had they known, it would have been on the screen that my success would have come in my family's prediction.
Success means to me the ability and privilege of working hard—of being admired by others—mysterious

thousands I do not know, but who know me.
Success means to me the joy of surrounding myself with the things I consider beautiful, ehintz, silk, statuary and—flowers.
Would I strive again for what success I have attained? Most certainly. Life is like mountain climbing—it's a difficult roadway leading to the joys of looking backward over the rough trail from the pleasant, airy heights when one has attained the top.
BERLIN, via London, Feb. 26.—Three members of the crew of the American steamer Carib lost their lives when their ship was sunk Tuesday in the North sea, probably by a mine. It has been learned that the Carib went down off Borkum island at the mouth of the Ems river and not near Helgoland, as was presumed from the first announcement.

SHELLING OF RHEIMS BY GERMANS MOST FURIOUS ON RECORD

PARIS, Feb. 26.—The bombardment of Rheims was more severe on the night of February 21-22 than at any other time according to C. Lenoir, deputy for Rheims, who was in that city at the time. Shells began falling at 9:00 o'clock and continued to rain down until 2:15 a. m. The projectiles came from all parts of the German front from the northwest to the east.
The gunners seemed to aim especially at the first ward of the city. M. Lenoir said. This section hitherto has been spared. Fire broke out in 20 places at once and whole blocks collapsed like card houses. Official reports show that more than 2000 shells have been thrown on the old working quarter of the city, causing the destruction of 400 houses. The bombardment was resumed at 10 a. m. on the 22 and continued intermittently until 4 a. m.

FRENCH DESTROYER SUNK BY MINE IN ADRIATIC SEA

PARIS, Feb. 26.—The destruction of the French torpedo boat destroyer Dague in the Orfiate Sea was announced today by the French Ministry of Marine.
The official announcement follows:
"The French torpedo boat destroyer Dague, while escorting a convoy with provisions for Montenegro, struck an Austrian mine off the port of Antivari (Montenegro) on February 24 and sank.
"Thirty-eight of the crew disappeared. The accident did not hinder finishing the work of provisioning and the return of the convoy.
The French cruiser Desaix made a demonstration against Akabah (Arabia) on February 23. A landing party aided by the ship's cannon dis-

persed and put to flight a small band of Turks occupying the village."
The Dague was 256 feet long and had a displacement of 720 tons. She was built in 1911 and was rated at a speed of 31.1 knots. Her complement was 81 men. She was armed with two 3.9 inch guns, four 9 pounders and four 18 inch torpedo tubes.
