FAMOUS GERMAN SUBMARINE DISABLED OFF NORWAY

CHRISTIANIA, via London, Feb. 27, 3:50 a. m.—Wreckage picked up near Christiania appears to indicate a disaster to the German submarine U-9.

The German submarine U-9 has played an important part in the naval activities of the war. It sank the British cruisers Hogue, Aboukir and Cressy in the North sea on Sept. 23, and eluded pursuit. On Oct. 5, it sank the British cruiser Hawk.

A Dutch steamer trawler reported Nov. 1 that it had met the U-9 in a disabled condition off Haak's lightship near Helder on the north coast of Holland. Its trouble had been caused by becoming entangled with fishing nets. There have been no reports regarding the U-9 since that date.

PLAN PICTURESQUE NAMES FOR BEAUTY SPOTS OF ASHLAND

ASHLAND, Feb. 26.—Such prosaic and home homely names as Roper's Bunton, Crowson Hill and others may be eliminated owing to extensive changes in the contour of these localities, due to improvements now going on in regard to parks and scenic drives. Glenview is the term that will be applied to the top-notch roadway east of the creek. Valley View is the name suggested for the west drive. Collectively they afford enchanting views of city valley and canyon. These roads are not merely trails or bridle paths, but will be substantial highways accommodating automobiles. They will merge up the canyon in the neighborhood of Praytor's Park. It has been proposed to name the two units the King's Highway, but this question has not yet been settled definitely. The highest point on either driveway is approximately 500 feet above the Plaa, and is easily reached by a circuitous survey. There may be places where the grade is ten per cent but these will be few. A good share of the Valleyview driveway is on a level, inasmuch as it follows the bed of the old Anderson ditch. Quite a force has been employed on this work, and at the psychological moment Mayor Johnson will call for volunteers to apply the finishing touches on the grade. It is proposed to requisition 500 or more able bodied citizens who will contribute a day's labor in behalf of the movement. This phase of the undertaking will be in the nature of a spontaneous and public spirited boost. These model drives when connected up will extend over a radius of six miles. It is also proposed to investigate the presence of poison oak along the route and extirpate it root and branch wherever found.

PEACE ORATOR TO SPEAK IN CITY

In making arrangements for the anti-militarist meeting to be held Thursday, March 11th, at which the principal speaker will be George R. Kirkpatrick, of New York City, final arrangements will be made shortly for some convenient hall. One California paper, the San Francisco Chronicle, comments on the speaker thus: "Mr. Kirkpatrick is a brilliant speaker, possessing remarkable dramatic powers, and a very clear and incisive manner of enunciation. His address was delivered with a humorous touch, and though to the point, at intervals moved his audience to laughter and applause. Prof. J. E. Kammeyer, department of Political Economy, Kansas State Agricultural College, says: "In my judgment your lecture 'The Mailed Fist' recently delivered here was the best of the entire course. . . I have said neither more or less than I mean." The lecture will be free to all, and it is hoped that all anti-militarists will assist in promoting a good sized audience.

SUMARINE GUN IS LATEST SEA WEAPON

NEW YORK, Feb. 27.—The Rev. James O. Hannay, canon of St. Patrick's Cathedral, in Dublin, who arrived here tonight on the steamer Baltic from Liverpool, brought a report of measures he said he learned the British admiralty had undertaken to combat Germany's submarine warfare. A submarine gun had been devised, Canon Hannay said, which distributes shrapnel with great precision under water. One gun of this type had been completed and construction of others was being expedited, he said.

MEDFORD WINS FROM ASHLAND SCORE 31 TO 10

Revenge came to the Medford high school Friday night at the Nat, when her basketball team administered the most stinging defeat in school athletic history in southern Oregon to their old rival, the Ashlandites. The score was 31 to 10. A grain of conflict is given the Granite City by the victory of the Ashland girls over Medford girls by the close score of 9 to 8. Over 500 people saw the game, and in a display of school spirit the local contingent went mad with excitement. The Ashland team was outplayed, outgeneraled, and outgamed from start to finish. Before the dashing teamwork and dazzling passing of the locals they were bewildered, baskets being scored almost at will. At the beginning of the second half, vicious playing on the part of the visitors brought threats of disqualification from Referee Cooper. In five minutes of play Pelouze and Cowgill, stars for the Medford team, were temporarily put out of commission, both by Spencer of Ashland. Pelouze was jabbed with an elbow in the mouth, and Cowgill received an elbow in the eye. Supporters of the Medford team charge that instructions were given to put these two men out, in a desperate attempt to win. Both Pelouze and Cowgill stayed in the game. In a series of whirlwind plays in the middle of the second half Medford swamped their ancient foes and cinched the game. The game started with a bang. At the opening on two passes a basket was dropped. A moment later another basket was scored on the same play. At the end of the first half the score was 11 to 7 in favor of Medford. In the second half the visitors were swept off their feet. Their famous cover up style of play, used for years and successful against Medford was smashed. The star of the game was Bobby Pelouze and Mutt Williamson of the locals, and their name is written over every business window of Ashland with soap. Pelouze was in his best style, and threw baskets from all angles. Out of seven fouls called on Ashland he threw all but one. But three fouls were called on Medford. Williamson played the best game ever witnessed on the Nat floor, and was the head of the team work. Beason, Cowgill and Brown for the locals all played brilliant ball. The display of school spirit shown by the locals won them many new friends. The largest crowd that ever saw a basketball game in southern Oregon saw the game. A return match will be played at Ashland tonight and the third game of the series played in this city next Friday. The line up of the teams was: Ashland: Fraley, Block, RF, Pelouze, Grisez, LF, Williamson, Plymale, C, Brown, Lilly, Spencer, RG, Cowgill, Delsmann, LG, Beason. Referee—Cooper.

BIRTH OF NEW ASHLAND SPIRIT IS CELEBRATED

With a parade of 1000, headed by two bands, a banquet, and speeches, Ashland Friday celebrated the birth of a new civic spirit, and the determination to put her lithia water on every table in the land. Over 500 guests from the cities of the Rogue River valley partook of the banquet, which was interposed with music, songs, and boosting speeches. The affair was under the direction of the Ladies' Civic Improvement club. It was the most enthusiastic meeting in the history of Ashland. The program was as follows: The Ashland Spirit, by V. O. N. YOU judge a boss's age by his teeth, a tobacco's by it's lack of 'em. Two years' agein' takes the 'teeth' out of VELVET.

In the slow, careful curing of VELVET, The Smoothest Smoking Tobacco, is seen the result of more than 30 years' experience of the world's largest tobacco manufacturer. This curing makes VELVET a slow burning, bitless smoke, which combines the famous pipe qualities of Kentucky Burley de Luxe with an aged-in-the-wood mellowness.

Stop the Drain

Oregonians cannot successfully compete for trade, if they fail to control business in their own state with their own people. The Governor of Oregon, the Mayor of Portland and all other loyal Oregonians advise citizens to keep Oregon money in Oregon. Therefore, patronize Oregon industry and especially remember the following concerns who have subscribed to this campaign:
