Is a Powerful Influence in Blood

Works With a Definite Purpose and is a Known Antidote.

There are some things in medicine that are certain and definite. They do the work. S. S. S. is one of these reliable and is a known antidote for all blood troubles. More than that, it is harmless, for it does not hurt the stomach, does not affect the bowels and joints, nor does it alter the integrity of the nerves and spine. But it does sweep through the blood, a powerful, searching, cleansing influence, remarkable for results and a tremendous relief to those who suffer the humiliation of skin eruptions.

Nearly all sickness is due to sluggish blood. And if you let S. S. S. bathe your system with its wonderful influence your nervous troubles, your wan, weary, faded, listless, lifeless body will revive and become so renewed with the sense of enjoyable health you will scarcely know your self. Try S. S. S. today. Get a bottle at any drug store. It will put you on your feet; keep you going all day and enable you to sleep sound and restful. S. S. S. is not a "dope," not a phylis, but a fine, bracing, purifying medicine that is sure to do you a world of good.

It is just what you need. S. S. S. is prepared by The Swift Specific Co., 69 Swift Bldg., Atlanta, Ga., and if you are troubled with any stubborn blood disease their medical department will guide you safely to health. Write them.

It's Planting Time

Mother Earth is stirring. Green shoots and buds and blossoms are making their appearance. In city, suburb and country everyone who has a piece of ground should plant something this spring. It's wonderful how good vegetables are fresh from your garden. If you want to get uniformly the highest quality of vegetables plant soon and buy from a firm who is DEPENDABLE. Beware of Packet Seed.
