Dr. C. E. Cline of Portland Will Give Address on "Lincoln" Sunday

Dr. C. E. Cline, of Portland will deliver his famous lecture on "Lincoln" at the Methodist church in this city Sunday night under the auspices of the Epworth league. The lecture will be free. The G. A. R. post, Women's Relief Corps, Sons of Veterans will attend the service in a body, and for these seats will be reserved until 7:45 p. m.
There is probably not another man in Oregon. If in the United States, who can speak more authoritatively or entertainingly on this subject. Dr. Cline is an able speaker, personally acquainted with Lincoln, and was a lieutenant in an Illinois cavalry regiment during the Civil war. Two years ago by special invitation he delivered this lecture to the Oregon state legislature and during the week of Lincoln's anniversary this year he delivered the lecture six times in Oregon and Washington.
On Monday night at 8 p. m. he will give at the same place his lecture on "Love Making and Marriage." This lecture is humorous and fairly sweeps the dock. It was originally prepared for the students of Willamette university. School teachers, and especially the "female" teachers will be interested, and most highly pleased. There will be no charge for admission but an offering will be taken to aid in defraying the expenses.
In the language of Poor Richard "A word to the wise is sufficient." You had better go early if you want a good seat.

The Rogue River Fruit & Produce Association is ready to take orders for arsenate of lead for the coming season. The material is due to arrive April 1st. The brand will be Grasselli's. This year's product has been tested by our local pathologist and the test shows a 15 per cent lead. The prices will be less than last year, which means less than ever before, and the terms will be cash on or before December 1st, without interest.
E. V. Glover of Yreka, Cal., is here on business.
A. Franklin Wagar, district organizer of the Yeoman lodge, will hold an institution meeting in Beagle tonight.

We think you will find no prettier hats in Medford than we are showing. M. & M. Millinery department, Misses Lounsbury and Semon. 502*
Because of the basket ball game last night the regular business meeting of the Rounders club was not held. It has been deferred until Monday.
Medford, and some of the photos were taken by Deputy Sheriff Curley Wilson. Each of the photos was shown to the jury, marked with numbers corresponding to those on the map, and introduced.
Rhodes described in detail the objects and figures he collected in making the survey, which he said was made at the instant of a sister of the defendant. The trail, the logs, the shrub under which Hubbard's pistol were found, the tracks of both men in the soft earth after a slight thaw, and the relative position of both figures in the crime were marked upon the map.
Failed to Include Log
Upon cross examination Rhodes admitted that the photos, which were an enlargement of kodak pictures, might not give an accurate picture of the scene. He also admitted failing to include the photos a log—one of the central objects of the scene, though he took views of clumps of fir and oak scrub growth outside the immediate range of the crime. This was brought out by the state, after which the defense asked Rhodes if he had not tried to be absolutely fair, to which he replied in the affirmative.
The map Rhodes drew of the scene of the crime was placed upon an

WARDEN'S GUN STRUCK.

(Continued from Page 1)
that given by Jack Daw a friend of the witness, Friday afternoon.
Defense Witness Impeached
John Fry, an aged man and resident of the Trail district for 13 years, the first character witness called by the defense in the Loris Martin trial, was impeached and his testimony ordered disregarded by the court this morning. Fry testified that he knew the defendant as a law-abiding and honest citizen, and denied that he had ever talked with anyone regarding the murder. A letter was introduced by the state that Fry wrote to Constable Irwin at Ashland telling of a visit to his home of the Sryman's (relatives of Martin's.) They asked him, the letter read, if he knew anything about the case, and Fry told them "he could do Loris no good." It was upon this ground the witness was impeached.
The shoes that Martin wore upon the day of the tragedy were introduced by the defense, and identified by the witness as belonging to his uncle.
Map Introduced
Most of the morning session was devoted to the introduction of a map of the immediate surroundings of the scene of the murder, and photographs. The map was drawn by Frank Rhodes, a civil engineer of

to permit Mr. Gompers to speak in one of the halls of the university and criticize the editors of the student publication for refusing to announce today's meeting in the columns of the Pennsylvanian. After effecting permanent organization the students announced that stated meetings would be held and speakers in all walks of life invited to deliver addresses.

The last witness of the Stand Friday afternoon, was Jack Daw, a youth, who with Harry Skryman, watched the body of Hubbard, the night of the tragedy. Daw was one of the best witnesses for the defense. He said that Irwin told him Hubbard pulled off his right glove as he started to dismount from his horse, and that Irwin said that from the position of Hubbard's elbows as he was advancing towards Martin he was trying to get his gun. He said that he advanced to Martin ahead of Hubbard, and that as Irwin came upon the scene after the prisoner had said: "Come on up, I won't hurt you."
The witness said that Irwin tried to induce Martin to surrender to him, but that the latter refused to yield to anyone but the sheriff of Jackson county. Daw described objects at the scene of the murder, including the shrub under which Hubbard's pistol was found, and upon the floor of the courtroom placed the different objects in their relative positions. Hubbard's mackinaw was used and Attorney Reames found in the lapel a lodge pin, which he asked to have removed as a precaution against any influence it might have upon the jury.
Dave Pence Weeps
Dave Pence of Elk creek testified to being arrested by Hubbard for violation of the game laws, and taken from his home when the arrival of the stork was expected. The recollection of this event caused the witness to weep upon the stand, and Martin also cried. Pence said that afterwards he and Hubbard became good friends. Pence told of meeting Hubbard on the Elk creek bridge early last December, when the game warden told him "Gol darn, that Martin I'm going to get him." By "get him" is meant to arrest in police circles the world over. The witness upon cross examination clung to his main story.
George Wicks, a typical mountaineer 59 years old, told of a conversation he had with Hubbard in which the latter said he would get him. "I'm going to get him, and if I don't it will be because he's a quicker man than I am, the witness said Hubbard told him. "No you won't," the witness said he replied, "you're a goner if you do. Wicks said Hubbard was angry at the time.
Case to Go Over Next Week
The defense Saturday began its introduction of character witnesses, and Martin may go on the stand, probably Monday in his own behalf. The rebuttal and sur-rebuttal will be offered then. Tuesday will be devoted to the hearing of the closing arguments, and the final instructions of the court.

COLLEGE BOYS FOR PRESIDENT SAMUEL GOMPERS
PHILADELPHIA, Mar. 6.—More than 500 University of Pennsylvania students formed a free speech society today and empowered a committee to draw resolutions denouncing the authorities of the institution and those in charge of the Pennsylvanian a daily student publication, because of the alleged attitude of the authorities and the Pennsylvanian toward Samuel Gompers, president of the American Federation of Labor. The action was taken at a meeting of the students held in Knights of Columbus hall which was addressed by Mr. Gompers.
The resolution, which it is planned to present for formal adoption at another meeting tomorrow, censures the members of the faculty for refusing

to permit Mr. Gompers to speak in one of the halls of the university and criticize the editors of the student publication for refusing to announce today's meeting in the columns of the Pennsylvanian. After effecting permanent organization the students announced that stated meetings would be held and speakers in all walks of life invited to deliver addresses.
