MINERAL WATER BONDS SIGNED BY ASHLAND OFFICIALS

ASHLAND, March 8.—Nice, crisp bonds to the number of 175, for \$1000 each, have just been signed up by Mayor Johnson and City Recorder Gillette, and duly sealed by the latter official. They are dated July 1, 1914, and will be redeemed serially, \$25,000 becoming due in ten years from date, and a like amount also payable at each five-year period thereafter. The last installment of this issue of \$175,000 auxiliary water bonds will thus become due in 1929, an obligation which posterity will assist in meeting. The bonds bear interest at five per cent, payable semi-annually. Of the entire issue the proceeds of \$100,000 worth will be needed for construction work, leaving \$75,000 worth available for other purposes such as an elaborate water temple, beautification of grounds, etc. Each bond is accompanied by a copy of 99 cute little coupons. The work was done by the well known Gast lithographing corporation of St. Louis.

With the bonds all signed up, A. L. Emery, of San Francisco, appeared upon the scene, accompanied by Engineer Miller. The firm of Smith, Emery & Co. is composed of Emery, A. L. Emery and four other co-partners as chemical engineers. Offices have been leased in the Hotel Oregon, and preliminary work is under development, embracing investigation of right of way, surveys and estimates. Actual physical construction work will not begin for two weeks, depending upon weather conditions. The location of the greater portion of the water conduits will be along the public highway.

In the meantime further effort will be expended upon general advertising lines. The project has already passed through the stage of technical analyses. The Southern Pacific has also taken up the matter through its publicity bureau, and this work will be actively supplemented through local Commercial club channels. The practical will be demonstrated by testimonials from several hundred people who have tested the virtues of the various mineral waters for stomach, kidney and rheumatic troubles, and whose affidavits will be forthcoming and incorporated in advertising literature.

ASHLAND AGAIN ROUTS MEDFORD

ASHLAND, March 8.—The struggle for basket ball honors ended in the rout of the Medford high school players Saturday night. Ashland has now won three out of the four games with Medford, the last game resulting in a score of 22 to 10 in the local team's favor. The home line-up was Fraley and Grisez, forwards; Plymate, center; Delsman and Lilly guards. Cooper, of Silverton, has been referee throughout the series. By virtue of these victories, Ashland retains permanent possession of the elegant silver cup trophy which has been held here tentatively for several years past pending the definite settlement of the championship of southern Oregon. In addition to triumphing over Medford, Ashland has beaten Grants Pass, Roseburg, Cottage Grove, Klamath Falls and Central Point in succession. At the game Saturday night the Ashland girls also won over Medford by the close score of 5 to 4. A game with Red Bluff, Cal., is contemplated if satisfactory arrangements can be made.

SEAT SALE BEGINS FOR ANDREWS OPERA

ASHLAND, March 8.—The seat sale for the Andrews Opera Co. began Saturday afternoon at the Vining, subscribers in behalf of securing the attraction in Ashland having an early choice. "Martha" is popular everywhere and is better known throughout America than any other of Flotow's works, he having written a number in easy succession. In its rendition the Andrews people will undoubtedly duplicate their former successes here. They have some classy advertising specialties in the show windows, including elaborate photos of both individual stars and artists ensemble. The entertainment is to be at the Vining, Tuesday evening, March 9, under the auspices and patronage of the Elks.

INDIANANS TRIED FOR ELECTION FRAUDS IN FEDERAL COURT

INDIANAPOLIS, Ind., March 8.—Twenty-eight democratic and progressive politicians of Terre Haute were placed on trial before Judge A. B. Anderson in the United States district court today, charged with conspiring to corrupt the elections in Terre Haute last November.

The case against the politicians resulted from a federal grand jury investigation, which was started November 18, the indictment naming 126 men. Of these 116 were arrested, 88 pleading guilty and 28 not guilty. Among the 28 tried today were:

Donn M. Roberts, mayor of Terre Haute and an avowed candidate for the democratic nomination for governor in 1916.

Eli H. Redman, judge of the Vigo county circuit court.

Dennis Shea, sheriff of Vigo county.

E. E. Talbot, city comptroller of Terre Haute.

Maurice Walsh, county sealer of weights and measures, and treasurer of the democratic campaign committee.

Harry S. Montgomery, president of the board of works.

John M. Masselink, city treasurer and former state representative.

Thomas C. Smith, city judge.

George E. Ehrhardt, member board of works.

Edward R. Driscoll, secretary of the democratic committee.

Many of the others were charged by the government as saloonkeepers, pugilists and gamblers.

KIRBY MAN KILLED BY INFURIATED BULL

KIRBY, Ore., March 8.—Alexander O'Laughlin, an aged man employed on the farm of Mrs. Mary Leonard, between Kirby and Holland, was killed by a vicious Jersey bull Friday. The bull was in the corral at the barn, and O'Laughlin was seen by Raphael Leonard, who was in a field nearby, to climb upon the fence and prod the bull with a pitchfork. The old man fell from the fence into the corral, and was attacked by the infuriated animal, which struck him a fearful blow in the breast. Leonard at once came to the rescue and got the injured man out of the enclosure and to the house, but the injury was so severe that O'Laughlin died half an hour later, his chest being crushed in. The bull was known to be a vicious animal and had been dehorned. O'Laughlin, who was about 75 years of age, had lived in the Illinois valley for the past twenty-five years.

MEDFORD COUPLE WED IN OAKLAND

OAKLAND, March 8.—A romance that began when Ford W. Hills, formerly of Medford, Ore., now a San Francisco automobile man, was in Medford, Ore., culminated Sunday morning at the home of Mr. and Mrs. H. M. Allen, 702 Brookhurst street, when Mr. Hills claimed Miss Florence Jansen as his bride. After a short honeymoon the young couple will live in San Francisco.

Mr. Hills is the son of W. J. Hills of Medford and was formerly proprietor of the Valley Auto Garage, but left here last year to engage in business in San Francisco. Miss Jansen has been employed as stenographer for Weeks & McGowan, leaving Thursday for Oakland.

W. T. Howard of Union creek is spending a few days in Medford.

ANARCHISTS MAKE NOT GUILTY PLEAS IN BOMB EPISODE

NEW YORK, March 8.—Frank Abarno, the young anarchist arrested in St. Patrick's cathedral last Tuesday morning after detectives had stamped out a fuse of a lighted bomb, pleaded not guilty today to the charge of attempting to explode a bomb. Carmine Carbone, the 18-year-old boy as the marker of the missile, entered a similar plea. Both were held in \$25,000 bail for trial.

Justice Swann allowed the men until next Thursday to withdraw or change their pleas. A motion to have their bail reduced was denied.

The court proceedings were brief and the merits of the case were not brought before the court. Nor was the charge made by the prisoners that the police had instigated the plot to wreck the cathedral, and that the two men had simply followed the suggestions of Amedeo Polignani, the detective who won their confidence by posing for months as an anarchist.

APPLAGATE RULER OF ASHLAND ELKS

ASHLAND, March 8.—Officers for Ashland lodge No. 944, B. P. O. E., were elected Saturday night as follows: Exalted ruler, D. A. Applegate; esteemed leading knight, J. K. Choate; lecturing knight, Clifford Jenkins; loyal knight, George Watson; secretary, Edward J. Thornton; treasurer, P. Provost; guard, Teddy Provost; trustee, George Owen. Officers will be installed at the first meeting in April. The membership is now close up to the 600 mark. There have been over 800 initiations in the local lodge since its organization ten years ago, the anniversary of which will be observed March 19. E. V. Carter was the first exalted ruler of the lodge, and J. M. Wagner is the retiring official in that capacity.

The Herrin relatives, residing here of Mrs. Emma Dickey, who suddenly disappeared in Portland several weeks ago, report no clue to the mystery which has baffled police investigations not only in Portland but also various other localities.

AUTHOR OF WAR, WHAT FOR? LECTURES

"War, What For?" All who have read this great book by George R. Kirkpatrick will be anxious to have everyone hear his anti-military lecture at St. Mark's hall next Thursday at 8 p. m., March 11. Free admission, for the benefit of those who have not read his book. Here are a few quotations: On the title page, "The cannon's prey has begun to think, and thinking twice, loses its admiration for being made a target." —Victor Hugo. Let those who are for war ask themselves: Whose sons shall be shot? Do you want to kill? or to be killed? "Put up thy sword," said Christ. "Peace on earth, good will toward all men."

CUT IN RATES FOR ATLANTIC TRAVEL

LONDON, March 8.—Official announcement was made by the Cunard line that second class passage across the Atlantic has been reduced to 10 (\$50) pounds on all vessels of that line, including the Lusitania. It is believed here that the lower rate is the result of the diversion of traffic from British steamers to vessels flying the American flag.

CABINET CRISIS IN GREECE OVER QUESTION OF WAR

ROME, March 8.—Special despatches to Italian newspapers from Athens describe the situation in Greece as grave. Some of the correspondents express the belief that the present deadlock between King Constantine and many of his advisers regarding the country's intervention in the war is the result of antagonism which has arisen between the ruler and Eleutherios Venizelos, premier in the cabinet, which resigned Saturday after its declaration in favor of joining the allies was frowned upon by the king.

Other correspondents are of the opinion that the intervention of Greece on the side of the allies already has been agreed upon and that the crisis which now is apparent is artificial, having been arranged to make it easier for King Constantine to decide against Germany to which he has felt under obligations for family and political reasons. The influence of Germany is supposed to have been responsible in a considerable measure for Greece obtaining possession of Kavala and Saloniki on the Aegean sea at the end of the Balkan war.

Owing to other meetings and announcements tonight there will be no band meeting tonight as announced.

HIKERS ENJOY FIRST EXCURSION

Forty-three members of the new club enjoyed a walk to the "Quigley Rocks," three and a half miles east of Phoenix Sunday afternoon. The party left Hotel Medford 1:30 p. m., taking an auto bus to Phoenix. The first mile walked was done in 18 minutes flat or at the rate of three and one-sixth miles per hour. At 2:19 p. m. a nickel was found, this nearly broke up the party. A short stop was made at the school house for rest and refreshments.

The cliffs were reached at 3:15 p. m. or one hour and twenty-two minutes after leaving the Pacific highway. These rocks are about 150 feet high and of many fantastic slopes. One perfect mushroom rises thirty feet in the air. Caves abound and wave erosion is quite apparent. Sea shells are found embedded in the strata. Medford has a natural marvel at her door, well worthy of a visit.

Excellent hot coffee with real cream was served by the committee, Messrs. Goodrich and Fifield. Sandwiches were brought by the ladies. At a short business meeting Will Steel was elected an honorary life member; new members were also enrolled. The entire party was introduced to Miss Hinman, each person rising when named. Next Saturday afternoon a trip to the "Opp Mines" will be made and we will all be there.

HANDCUFFS BRING TEARS FROM HORN

MACHIAS, Me., March 8.—Werner Horn, the German who attempted to blow up the international bridge at Vanceboro, was taken to Bangor today for arraignment before a United States commissioner on a federal indictment charging violation of the laws relating to interstate transportation of explosives. He was arrested yesterday on the expiration of a sentence of 30 days in the county jail for damaging property at Vanceboro.

United States Marshal John S. P. H. Wilson deemed it advisable to handcuff Horn to a deputy. The prisoner protested and wept when the shackles were fastened.

Counsel for the prisoner was prepared to request a continuance of the proceedings at Bangor.
