

MARTIN LEAVES FOR TRAIL AFTER BEING ACQUITTED

Loris Martin, slayer of Game Warden A. S. Hubbard, can return to his haunts in the Trall hills, by virtue of a verdict of "not guilty" returned by a jury in the circuit court Tuesday afternoon. The verdict was a stunning surprise. Lawyers who heard the evidence in the case, before the return of the tallmen predicted that the best Martin could expect would be a hung jury.

Jurors after being released said that the two features that influenced them most were the instructions of the court, and the testimony of Sheriff Singler and Deputy Wilson for the defense. The sheriff's office is supposed to aid the prosecution in securing convictions. It is one of their duties prescribed by law. In Jackson county they gathered evidence and collected photos to be used against the state. Activity of the same office along the same lines was noticeable in the Major Canton and Mrs. McNulty cases. Martin during his incarceration suffered few if any inconveniences.

Martin Leaves for Home
Martin did not appear in public after his "acquittal." He left at once for his home. There was a family reunion with his relatives and friends. It is understood Martin will leave shortly for British Columbia to live.

When the findings of the jury were read, a wild demonstration broke out in the court room, followed by cheers and handclapping, from sympathizers of the defendant, though the widow of the man he slew sat mourning among them. The court ordered the bailiffs to clear the courtroom after this outbreak. Afterwards the bench qualified his order by allowing those who had not clapped or cheered to remain. The final court formalities were soon over, and the prisoner officially given his freedom.

The trial lasted seven days, and will cost the county in the neighborhood of \$5000.

Ruth Wilson, a freshman, received "S's" in Mathematics, English Composition, German, History, Personal Hygiene and Practical Ethics. Lola Ewbank, a graduate student and assistant in the Romance Language department, earned "H's" in Italian and Spanish and an "S" in French.

POOR EMIGRANT BOY LEFT \$25,000,000

NEW YORK, March 10.—Herman Frasch, who came here from Germany a poor boy in 1868 and who died in Paris on May 1 last, left an estate that may be worth \$25,000,000 according to a statement made to the surrogate yesterday by State Comptroller Travis, in asking for a reappraisal of the estate. Mr. Frasch was a chemist of the Standard Oil company and president of the Union Sulphur company. He owned 505 of the 2000 shares of the stock of the latter company. The surrogate was informed that the value of company's sulphur beds in Louisiana is constantly increasing, and that the property was assessed in 1911 at \$10,000,000. The original appraisal of the Frasch estate was \$5,060,073. A reappraisal was ordered.

PURCHASED VOTES THREE DOLLARS EACH AT TERRA HAUTE

INDIANAPOLIS, Ind., March 10.—Claude Patton, one of 88 men who pleaded guilty to federal indictments charging them with conspiracy to corrupt the elections at Terra Haute last November, testifying today in the trial of the twenty-eight defendants in the election cases, said that while he had never directly bought a vote he had told a number of men that he hoped they would vote a certain way. When these men returned from the polls and assured him they had voted in accordance with his hopes he gave them money—some of them as much as \$4 each—he said. Patton testified he was given \$100 at the democratic headquarters the night before election.

Patton formerly was assistant superintendent of cemeteries in Terra Haute. He testified that he worked in a room in the city hall on two days before the registration day last October, filling out application blanks from cards supplied him by Edward Holler, then chief of police, and Harry Forebeck. He said he knew Mayor Roberts of Terer Haute, one of the defendants and on the last day he copied applications, told Roberts what he was doing.

Under cross examination by A. O. Stanley, a former congressman, attorney for the defense, Patton said he did not know that the names he wrote on the application blanks were fictitious. Asked about the expenditure of the \$100, the witness said he could not remember just how much he had expended on men to whom he had suggested that they vote for certain candidates.

BERLIN ANNOUNCES WINTER BATTLE OF CHAMPAGNE OVER

BERLIN, March 10.—The following statement was issued today at the war office:

"With the battle of today and those of the last few days, the winter battle in Champagne has come to an end and no future events can change anything in the situation.

"The battle began, as reported on the 17th of February, at the order of the French general staff to break through at any cost, so as to bring relief to the hard-pressed Russians in the Mazurina Lakes region. This shows that the intention of the enemy of breaking through and the order of the French general staff were notable to be carried out and they have obtained only the smallest advances, which are not worthy of mention.

"We have taken more than 2540 wounded prisoners, including 35 officers. Naturally our losses were heavy, but such sacrifices were not in vain. The enemy's losses were at least three times as heavy as ours and estimated at 45,000 in Champagne."
