

TALENT TALK

Mr. and Mrs. Riley, from Minnesota, have been visiting with Mr. and Mrs. Burgen during the past few days. Sheriff Singler and S. C. Smith of Jacksonville were in Talent Saturday on business. At a recent meeting of the school board plans were discussed and made for making roadways about the school building. It was also agreed that the district would unite forces with the city in installing a much-needed sewer system in Talent. The septic tank and drainage through many feet of sand makes the system at the school house quite complete in itself, but the board realizes that conditions could be improved by installing an up-to-date sewer system. John Robinson has been suffering from a severe attack of influenza during the past week, making it necessary for another to take his place at the schoolhouse. Mr. Childers did the work in his absence. F. E. W. Smith and a few other socialist leaders of the community secured Mr. Kirkpatrick for a lecture Friday evening upon the evils of war. The boys' basketball game Saturday evening between the local high school boys and the Applegate team resulted in a victory for the home team. At the end of the first half the score stood 36 to 0. During the second half the locals eased up a trifle and allowed the visitors to score fifteen points, making a final score of 46 to 15. Ray Reynolds played an excellent game and threw ten baskets during the first half. His face was taken by Morris Jones during the last half. The line-up for the game was as follows: Talent—Bentley, center; Reynolds, right field; Beeson, left field; Morse, left guard; Scott, right guard. Applegate—Nutzen, center; Mee, left field; O'Brien, right field; Hanson, left guard; Brown, right guard. Thursday afternoon was devoted to cleaning up the school grounds. All the children got out and picked up paper, sticks, stones and other unnecessary decorations, so that the grounds presented a very tidy appearance after a few minutes' work. A bonfire which burned for three hours gave evidence of the fact that much rubbish had been destroyed. The final declamatory contest held at Phoenix Friday evening was well attended. A marked improvement was noted in the rendering of the various selections over the way they were given a week ago. Competition was close, as was shown by the votes cast by three of the six judges. Phoenix succeeded in capturing two of the medals. They were won by Elizabeth Goro in a dramatic selection and by Katherine Rice in a humorous part. Lloyd Turner carried off honors for Talent in his well-delivered oration. Principal W. R. Bowman of Medford, Supervisor A. E. Chase of Medford and L. P. Harrington, field and industrial worker from Salem, were the judges at Phoenix. Superintendent J. Percy Wells presented the medals after a short talk at the close of the contest. The musical part of the program was given by Talent people. Miss Marjorie gave a violin solo, Mrs. C. C. McCurdy gave a selection on the piano, and Miss Alice Vanderluis accompanied by Mrs. McCurdy gave a violin solo. A feeling of good-fellowship existed throughout the contests and ended in a get-together meeting in the high school building, where the ladies of the Parent-Teachers' circle served cocoa, sandwiches and wafers. State Superintendent J. A. Churchill and County Superintendent J. Percy Wells were visiting schools in this part of the valley Friday. Mr. and Mrs. Riley, from Minnesota, have been visiting with Mr. and Mrs. Burgen during the past few days. The Ladies' Aid met with Mrs. Williams Thursday. They will meet with Mrs. Lewis Brown, March 25.

OSCAR AND ADOLPH

The Paths of Glory Lead to Dismay

AT THEIR GAY PRANKS

and has moved to this district until the work is completed. Again the Pacific highway surveyors are at work. We wonder when the real "dom's" will begin. F. M. Palmer and family and W. A. Thompson and wife were Sunday dinner guests of the Julius Birkholz family. Little Miss Hoari entertained a number of small friends Saturday afternoon. A farewell dinner for Mr. and Mrs. Grant was given by the charming hostess, Mrs. Frank McKee, Sunday at her orchard home. Numerous friends gathered in the evening to wish them a successful and pleasant journey. A petition to the court by Grange No. 477 is being made to do some much-needed work on a short road which joins Sunset drive and Seenie avenue, and is also a much traveled road to the schoolhouse. This road has been in bad repair for five years. In addition to the regular business meeting, a fine program, refreshments, Dr. Henderson of Medford made the grange a splendid talk on the origin of plants; also gave some valuable advice as regards spraying, when, what for and how. Dr. Henderson has won his way into our hearts by his genial personality. James Harris, the 7-year-old son of W. R. Harris, met with a painful accident Friday while on his way home from school. The little lad fell on his elbow and fractured the bone.

ASHLAND AND VICINITY

Among Episcopalian appointments, Bishop Sumner is scheduled for a visit to Trinity parish here on the afternoon of Sunday, April 11. In the official visitations Grants Pass is listed for the forenoon of the same date, and St. Mark's parish, Medford, on Monday, the 12th. Acheacon Chambers conducted services here last Sunday evening. Charley Rose and family returned home early in the week. He had been absent two months, his eastern trip including all the principal points including the national capital. F. H. Carter, of Eugene, is visiting old familiar scenes here on a trip which includes pleasure and business. With the resumption of lumbering operations in northern California, Karl Rose has returned to take up his permanent job as engineer on one of the logging roads in the vicinity of Weed. George Gash is visiting a few days hereabouts, coming from his mother's home which is in the vicinity of Paisley. In journeying from Lake to Klamath county, he made the trip by sleigh, wagon and auto in succession, such is the diversity of climate and roadways over in that section. The parkways around the Army are this spring receiving the attention which the civic improvement era now prevailing has encouraged on every hand. The new officers of First company have inaugurated systematic effort in various other directions "for the good of the service."
