AT THEIR GAY PRANKS

GOLD HILL NUGGETS

Gold Hill now has an epidemic of tennis fever. The organization of a tennis club is well under way and they expect to shortly commence the construction of another court (one being already in use on the school grounds), where they can work off the madly.

Dr. R. E. Howard, a dentist, now of Merlin, but who has decided to move to Gold Hill, was in town again this week making arrangements for office rooms in the Kelsey Arms building and other similar matters. He expects to be ready for business about the first of April. He was formerly of San Francisco and other large cities, where he had fifteen years' experience, but decided to move to a smaller place, where he could get next to nature.

A crew of linemen of the Public Service corporation are still at work stringing the lines in the alleys, after removing them from the streets and making various other improvements. Judge J. B. R. Morelock is the latest Gold Hillite to invest in an auto (or rather a Ford). He expects to use it on his mail route to Beagle, as soon as the roads are in favorable condition.

Miss Lillian Pierce, teacher of the Abbott school district, who was in Medford Sunday to attend the marriage of her sister, Miss Bertha May Pierce, to Brian James Bratney, returned to her school Wednesday morning. During her absence Miss Agnes Dietrich of Gold Hill filled the position.

The local band boys enjoyed a general jollification and banquet which was tendered them by F. L. Eddings and Clyde Deatherage, last Friday evening at the Greater Gold Hill club rooms. Each member present gave a short talk on such topics as the new suits (which are expected soon) and the harmonical (?) progress of the band and orchestra.

Joseph L. and Thomas E. Hammersley returned to their respective homes in Portland last Sunday. They were called here to attend the funeral of the remains of their father, Geo. Reiney Hammersley, which took place Friday last.

TALK ABOUT A BARGAIN!

How's this: 160 acres prime foothill soil, close in, 75 acres in cultivation, spring water piped in, beautiful building site and above all, ten acres of best young orchard in the west, principally Newtown Pippins, yielding in 1914, second crop, more than 1400 boxes extra fancy export apples.

Practical orchardists know this is the time to buy and export apple orchards. They know, too, the merits of foothill orchard land.

That isn't the point, though. This entire 160-acre tract, overlooking railroad and town, can be bought for only \$6500, on terms that will take care of deferred payments from the product of the orchard. Don't delay about this, or the other fellow will get it.
