Passengers arriving here on train No. 16 last night report a peculiar occurrence which happened in the vicinity of Medford last evening. The train had reached a point some distance from the depot, when the engineer noticed the fire truck approaching at a rapid rate. Rather than take any chances of a disastrous collision, the engineer resorted to his emergency brakes and brought the train to a sudden stop. One of the passengers in the Pullman coach was wiping his face before a mirror at the time and the jar of the train caused him to crash through the glass. One of his arms was cut, but otherwise he escaped injury.—Roseburg News.

To Remedy Injustice

"I am quite sure that I am but one of a countless throng in this republic who regret that this altruistic work has a real or seeming defect in the charge of an injustice done a sister republic to the south. Let us not be too much dismayed this day by reason of that fact. The American people are wise and they know he is not wise who is not just. I look with confidence for the early arrival of that good hour when whatever wrong may have been done shall be righted and when there will be left no drop of bitter water to flow in that channel which unites the seas.

"From the first to the present president of the United States whenever thought has been voiced upon the subject, that thought has been that we exist for humanity's sake as much as for our own; that we crave 'friendly relations with all people and entangling alliances with none.'

Noonday of Accomplishment

"While half the world is in a rage indescribable and unutterable, seeking to build monuments out of clay kneaded in a brother's blood, sad-eyed and sober, the goddess of our institutions seeks to hold out to a warring world the olive branch of peace.

"Ostensibly I am here in the name of the president of the United States to dedicate this exposition in glorification of the completion of the canal. Really, that waterway from its beginning was dedicated to the idea and the ideals of the republic. Here men of every age and every clime behold the noonday of the world's accomplishment, the crystallization of the dreams and thoughts of genius and of talent. May we not hope that here a thought-dawn will be born that shall not cease to broaden until at its meridian light, all men around the world are one?"

WEEK REMAINS FOR PAYMENT OF FIRST HALF TAXES

A week remains in which to make the first half payment without interest on taxes, Wednesday, March 31, being the last day. After March 31 all taxes, the first half of which has not been paid, will be subject to interest at the rate of 1 per cent until August 31, when they become delinquent, subject to a 10 per cent penalty and 12 per cent per annum interest.

First half payments made before April 1 entitle the taxpayer to defer payment on the remainder until September 30, after which they become subject to the 10 per cent penalty and 12 per cent per annum interest.

Practically all of the taxpayers of Jackson county have taken advantage of the half-payment clause. The Southern Pacific, the largest taxpayer in the county, is expected to make its half payment on the final day.

ASHLAND AND VICINITY

Back to the soil is an admonition that is to be practically heeded by Chandler Watson. In company with his brother Bill he will cultivate his 25 acres this season, the tract being located east of the city. The brothers will reside on the Miller place near by, the premises formerly occupied by the broom factory. The cultivation will be extensive, intensive and diversified. Water in abundance will be supplied by an irrigating project which Chandler has been installing for some time past. In the meantime the Watson urban residence on Hargadine street has been leased to the new auxiliary of the Civic Improvement club for a period of 99 years, subject to sale at any old time.

Medford talent will hold forth at the local Army on Tuesday March 23. The attraction will be a sacred cantata, "The Crucifixion," by the First Methodist Episcopal church choir of 40 well trained voices. The singers will constitute a surpleed choir, something of an innovation in these parts, especially outside of Episcopal or Catholic churches.

The star has set as far as names are concerned. The popular amusement place will reopen on Thursday the 25th inst under the name of the Lyric, however. It has been enlarged and refurbished throughout and will be conducted by E. R. Lawrence.

Under the influences of the delightful weather and attractive orchard surroundings, deer are invading the city limits. On Sunday three were seen roaming around the Stevenson, Seofield and adjacent ranches in the western part of town. There was a scurrying for kodaks in order to get

pictures of the animals before they struck the trail up the canyon in that section.

The local Commercial club, although not conducting a matrimonial agency, nevertheless has applications now and then that might be classified in those channels. A recent one is from a lady in Goldfield, Nevada, who wants a position. A job on a ranch is preferred. She also adds that she would not object to entertaining a proposition of marriage, implying of course that could make satisfactory arrangements with an eligible party.

Another hikers club has been organized, named the Mistletoe. Miss Elaine Potter is president; Mrs. Pearl Treton, secretary, Miss Grace Potter, treasurer. The initial hike began with a railway trip to Mistletoe last Saturday evening, the officials being accompanied by Frank Treton and George Hoxie as guides. After a dance the party stopped at the Treton ranch until Sunday morning, from which point at 5:30 a. m. they started up Nell creek to the granite quarry now being developed, thence 1500 feet up a 30 per cent grade until they reached the divide, from which the view was inspiring. After lunch and taking of sundry pictures, the party returned to the ranch, arriving at 1:30 p. m., having lost their bearings on the way. Including the walk to depot from ranch the hike covered about 9 miles. They reached Ashland on No. 16 Sunday afternoon and have planned another walk covering different territory next Sunday.

D. A. Blake, residing in the vicinity of Corvallis, and father of Dr. W. E. Blake of this city, fell recently and broke his hip. Inasmuch as the old gentleman has passed his 88th birthday, this accident will probably permanently disable him.

MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health.

Plover, Iowa.—"From a small child my 13 year old daughter had female weakness. I spoke to three doctors about it and they did not help her any. Lydia E. Pinkham's Vegetable Compound had been of great benefit to me, so I decided to have her give it a trial. She has taken five bottles of the Vegetable Compound according to directions on the bottle and she is cured of this trouble. She was all run down when she started taking the Compound and her periods did not come right. She was in poorly and weak that I often had to help her dress herself, but now she is regular and is growing strong and healthy."—Mrs. MARTIN HELVIG, Plover, Iowa.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drug along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for women's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
