LAND OF TURK MOST HISTORIC GLOBE'S FACE

WASHINGTON, D. C., Mar. 26 .-Joseph Showalter gives some interesting facts which ordinarily escape her native Median hills. attention. He reminds the reader that except when Paul and his associates crossed the Hellespont to Athens and Rome, the entire Bible story from Genesis to Revelation, was lived in what has been Turkey, and calls attention to the fact that the great empires of the east, the civilizations of the Egyptians and the Phoenicians, the glories of Byzantium-all were planted on what has been Turkish soil. He also shows how King Sargon, ruling at the very dawn of history, congratulated his empire upon protected the needy from want, the W. H.
