During the bright sunshine of the last week it became the custom of boys to go in swimming in Bear creek, though by so doing they defied the laws of health and good sense and the city ordinances covering bathing. People could see them from their homes, and complaint was filed with the police. The water is ice cold at this season, but this did not deter the boys, who would plunge in the creek and run back to a warm fire, they built on the bank.

For full notice of big Palm Sunday service at the First M. E. church see church notice.

FIVE-MONTHS-OLD BABY IS TINY SANDOW

Victor Flaxman, baby Sandow. LOS ANGELES, Cal., March 25.—This city boasts a "100-point baby."

His name is Victor Flaxman, five-months-old son of Mr. and Mrs. Jacob Flaxman, who call him the "infant white hope," and he was discovered at the recent "better babies" show where.

Victor scored big at the eugenics congress. His first point was achieved by a big winning smile, directed at the examining physicians and nurses. Then he demonstrated physical prowess that was remarkable.

Several times he raised himself up and down on his pair of sturdy little arms upon which muscles bulged that a child of four or five might be proud to claim.

"He's a wonder," exclaimed the examining doctors; "a regular Sandow."

Wednesday is the last day in which half payment taxes can be made. After that date all payments must be in full. Most of the small taxpayers have remitted, and the corporations, including the Southern Pacific will pay next week. Big business the same as small owners takes advantage of the half payment clause.

DRAMA LEAGUE NOTES

The Drama league will present amateur plays in Medford during the present year. At a recent meeting an amateur dramatic committee was formed which will have this work in charge. Short sketches will be given in conjunction with moving pictures at the Star theater on stated dates and once or twice a year a standard drama of some sort will be presented.

Manager E. L. Bernard of the Star has donated his theater for these performances and has cooperated with the Drama league in a way which is making him many friends. The personnel of the new committee will be announced in the near future.

Owing to departures and absences two committees in the Drama league have been reorganized. Ralph Barwell has been named chairman of the playgoing committee, other members being Mrs. George Boone Carpenter and Mrs. H. C. Stoddard. Robert Ruhl has been appointed chairman of the press committee and other members being Miss Lida Austin and Mrs. Tornev.

"Marta of the Lowlands," the moving picture feature at the Star theater recently, was an example of the very best in modern fictional drama, and it is to be regretted that the attendance, while good, was not better. Manager Bernard is seriously interested in raising the standard of moving pictures in Medford and deserves the strong support of the Drama league.

It is Just Natural To Admire Babies

Our altruistic nature impels love for the young infant. And at the same time the subject of motherhood is ever before us. To know what to do that will add to the physical comfort of expectant motherhood is a subject that has interested most women of all times. One of the real helpful things is an external abdominal application sold in most drug stores under the name of "Mother's Friend." We have known so many grandmothers, who in their younger days relied upon this remedy, and who recommended it to their own daughters that it certainly must be what its name indicates. They have used it for its direct influence upon the muscles, cords, ligaments and tendons as it aims to afford relief from the strain and pain so often unnecessarily severe during the period of expectancy.

A little book mailed by Bradford Regulator Co., 205 Lamar Bldg., Atlanta, Ga., refers to many things that women like to read about. It refers not only to the relief from muscle strain due to their expansion but also to nausea, morning sickness, caking of breasts and many other distresses.
