

BUILD HIGHWAY TO GRANITE QUARRY

ASHLAND, April 9.—A substantial road that will accommodate auto trucks is being constructed by the Schanen-Blair company, leading to their granite quarry near Ayer's Spur, southeast of town.

ASHLAND AND VICINITY

Members of the water commission, desiring individual bonds of \$10,000 each rather excessive, have succeeded in having that amount set as the maximum for the commissioners collectively.

Ashland visitors to the Elks' dance at Medford Tuesday evening of this week—among them being Mr. and Mrs. E. N. Butler—report the function as being one of the most delightful in their experience.

After waiting since July 4, 1912, when a son was accidentally killed by a racing motorcycle, Mrs. Mabel Chapman of this city has petitioned the council for damages, a portion of which she requests in cash, the balance being accepted in the way of a release of her property from paying assessments.

Incident to municipal improvements inaugurated this season on an extensive scale, the Park Commission reports two miles of trails and about a mile of bridle paths already installed, with more to follow, throughout the park.

The initial attraction in the Ashland Dramatic company's series will be high class vaudeville, at the winning Monday, April 12, under auspices of the Civic Improvement auxiliary.

One of the finest pianos that was ever landed in the town was delivered at Dr. F. G. Swendenburg's residence on Tuesday of this week. It is a Sohmer baby grand, sold by Geo. E. Wilson, representative in this territory for Hale's piano house of Medford. It cost \$800. The classy auto truck of the firm made the delivery here.

High school dramatics will be staged at the gym on Saturday evening, April 17, by the University of Oregon Drama Guild Players. The attraction will be "My Man and Lady," under the auspices of the high school seniors. Prof. Archibald Reddie will direct the play.

After much agitation, Morton and North have leased certain city property on Water street for mill purposes, and it begins to look as though the grist would be grinding in due season. This mill will be more than an ordinary feed affair, inasmuch as the equipment will be extensive and first class. Electric power will be used.

Wm. Nelson died in this city on Wednesday evening. Funeral services will be held at the family residence on the Boulevard, April 9, interment at Mountain View cemetery under the auspices of the St. Masonic fraternity. The deceased was 74 years of age, and was a native of the state of Maine. He had been a resident of Ashland for over 25 years. His wife survives him. A son, F. L. Nelson, of the firm of Loomis & Nelson, also resides here.

That Otto Klum, athlete director in the local high school, will take charge of similar work at Medford, as reported recently, is not yet definitely settled. Klum has been re-

OSCAR AND ADOLPH The Patient Suffered Mainly From the Diet AT THEIR GAY PRANKS

ected to the manual training and athletic positions here, and still has the matter of remaining in Ashland under advisement.

GOLD HILL NUGGETS

Last Sunday Grant Powell, a lad of about 18 years, living four miles up Sardine creek, was accidentally shot in the left foot by a companion named John Smith. They were contemplating trading revolvers and as young Powell handed his .38 to Smith to examine the latter accidentally pulled the trigger, thereby firing it. The lead entered the foot above the arch (tearing a hole large enough to admit a finger,) went through the foot and curved around to the fleshy part of the heel. He was immediately rushed to the Gold Hill hospital, where the bullet was removed and the patient made comfortable.

At the city election held Monday, the following officers were elected: Councilmen—first ward, Charles Kell; second ward, Walter Stickle; at large, Wesley W. Truax; treasurer, Lynn W. Smith; recorder, Ben H. Lampman. Very little interest was manifested at the election as no very vital points of issue were at stake, and over half of those registered failed to cast their ballot.

The work of hauling to the Braden mine and installing the large conical pebble mill, weighing over nine tons, which arrived in this city last Saturday, is now in progress. The work of installation will be under the supervision of George I. Gleason of San Francisco. The mill is an eight-foot by twenty-two inch Hardinge conical pebble mill shipped from Minneapolis, and the pebbles for it imported from Denmark. This type of mill is the latest and most economical now in existence. Its shape is that of a large top, the inside being lined with flint rocks, from which shape and lining it derives its name. This mill added to the present ten 1000 pound stamps will increase the capacity from thirty tons each twenty-four hours to 150 tons. The ore will first go through the stamps and then through a screen of one-fourth inch mesh. From here into a Hendy classifier, which separates the finer sands from the larger, the former going to the amalgamation process; the larger particles into the conical pebble mill, where it is ground into a mass for a 60 and finer mesh. This is carried through riffles which collect about half of the free gold without amalgamation, then over a 5x8 foot silver-copper plate, then over a series of four similar plates, size 5x12 foot. Following this process it goes to six Johnson concentrates where the sulphides are received and then to a canvas plant, 32x20 foot, which gets the remaining gold.

Considerable interest is manifested among the school children concerning the future "field meet" to be held at Talent the latter part of May. A set of adjustable hurdles for either high or low races was made by the manual training department this week for the local track team. Great progress is also being made almost every day in all of the various lines. The children are also very enthusiastic over their gardens, where they will compete for prizes at the coming industrial fair to be held in Gold Hill this fall. The ground for the gardens was loaned the pupils by the Rogue River Public Service Corporation.

The Junior-senior play, "The Dust of the Earth," given at the Gold Hill opera house Tuesday, April 6th, was very successful under the direction of Mrs. Estelle Igo Basler of Grants Pass. Almost fifty dollars were taken in. It is the intention of the

young people to repeat it at Rogue River about the middle of the month, as they have received nothing but commendation since its performance.

Mr. Finley is here visiting his daughter, Mrs. Huel Hildreth. Mrs. Richardson returned with her children from a visit at her mother's in Jacksonville. Messrs. John Sieler and Charles Patton went over the mountains to work Friday. George West is in Butte Falls looking after his forest. Mrs. Koontz went to Klamath Falls Saturday. Mrs. Doubleday is here visiting her husband. Messrs. Baker, Swanson and Edmondson went over the mountain Tuesday. Mr. Sammerville is in Butte Falls now. Ed Ford went to Medford on business Saturday. Miss Wright's class in Sunday school were invited to attend a party at the home of Mrs. Sieler Saturday. Every one had a fine time. Mrs. Kee returned Thursday from a two weeks' visit with her daughter in Eagle Point. The Union Sunday school planned to take lunch and have Sunday school in the woods Easter, but all hopes were destroyed by a rain, which lasted all week. Mrs. Stoddard went to California Tuesday. Two ladies from Derby visited Mrs. Barker Thursday. We see in the paper that the farmers around Agate claim to have seen Mt. McLaughlin or Mt. Pitt erupting last Thursday. This peak is only sixteen miles from Butte Falls and in plain sight, and we positively know that it did not erupt. There is a small cloud that encircles it and looks very much like smoke, so this is probably what Mr. Hanscom and his neighbors saw.

Joint estate of William Hevener and Mary C. D. Hevener, order appointing administrator. Estate of M. R. England & Co., insolvent debtors, publishers' affidavit. William Crowell vs. Mary H. Daggett et al., affidavit. Mary Bureh vs. W. L. Thompson, demurrer and notice. Rogue River Public Service Corporation vs. City of Gold Hill, injunction suit. Mary F. Whitman vs. Olive R. Bell, demurrer.

Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at its next regular meeting, April 20, 1915, for a license to sell malt, vinous and spirituous liquors at their place of business on North Fir street, Medford, Oregon for a period of six months. Dated April 6th, 1915. ROGUE RIVER VALLEY UNIVERSITY CLUB.

FOR SALE OR EXCHANGE Rogue River Valley Fruit Lands. Dairy, stock, poultry ranches and Timber. Colonization Tracts. Best all-the-year-round climate on a coast. Health Resort. Wonderful location. Beaver Realty Co., Ashland, Oregon.
