

BUILDING BRIDGE TO OPEN ROAD TO KLAMATH RIVER

The residents of Hutton and vicinity are building a wagon bridge across the middle fork of the Applegate to connect with the trail recently built by the United States forestry service via Cook and Green pass to the Klamath river. For this purpose, Siskiyou county has appropriated \$250 and as the bridge will cost \$600, an appeal for assistance will be made to the Jackson county court and merchants of Medford.

The new trail is on a seven per cent grade and is five feet in width. It can be easily enlarged to a wagon road, which is the intention in the near future. It opens a large territory to Jackson county merchants, including the Seiad valley, besides making accessible the many mines and ranches of this isolated section. It places the Seiad valley fifty miles nearer Medford than Hornbrook.

In the opinion of those who know the district, a large trade will be immediately made accessible, including the farmers, stockmen and miners.

CORDIAL WELCOME TO BISHOP SUMNER

Bishop Sumner's reception at St. Mark's hall on Tuesday evening marked the close of his first visit to Medford and to St. Mark's church. A very excellent program added materially to the enjoyment of the evening, and the decorations were exceptionally effective and reflected credit upon the committee. The bishop met everyone, both the church members and those not associated with St. Mark's, with the cordiality of an old friend, and carried away with him the high opinion and good will of all who were present.

The bishop's visit to St. Mark's has meant a new impetus to the work of the church. By his co-operation and assistance the congregation will be able in a short time to procure lots upon which to build a church. He further encouraged them by an offer of assistance later, conditional upon the activity and energy of the church workers, in building a church. His visit has given the work the greatest stimulus and hope that it has had for some years.

NO FROST IN VALLEY WEDNESDAY NIGHT

There was no frost in the valley Wednesday night, and orchardists were granted a respite from orchard heating. Frost was expected and predicted, and the fruitmen were prepared, but the temperature did not drop below the danger point. It is possible that Jack Frost will withdraw and that the fires will not need to be lighted again this year. Such a consummation would be welcomed. The Rogue River Fruit & Produce association has eight cars of heating oil on the way for emergency purposes. Today is a perfect spring day, with bright sunshine and no wind.

PONTIFF BLESSES KNIGHTS

(Continued from Page 1.)

young men less favored by fortune also advantages of a solid and at the same time a christian education.

Knights Set Noble Example

"This noble example of beneficence, which all good men approve, we hold up for imitation and generous emulation to all who are blessed with means; and we heartily wish that you yourselves, beloved sons and venerable brethren, will advance the cause of the university by sending to it students whose superior qualities of mind and disposition give promise of the best results. In addition to other advantages which are thence to be expected the clergy of the church in America will receive one and the same culture and training; and this—we speak to those who know by experience—means without doubt a clergy whose piety will bear richer fruit because of their more active and more harmonious co-operation with a common purpose.

"This blessing we implore with prayerful instance from God; and as an earnest of heavenly favors and a token of our good will be most lovingly in the Lord bestow upon you all, beloved sons and venerable brethren, upon the rector, the professors and the students of the university and upon the Knights of Columbus as well, our apostolic benediction. (Signed)

"BENEDICT QV, Pope."

MINISTERING ANGEL TO T. ATKINS WILL BE STAR'S NEW ROLE

Carolin Bailey

Though she must dance and sing on Broadway, Carolin Bailey's heart is in England, her native land, and as soon as her engagement ends she'll lie away to London to become a Red Cross nurse.

\$59,000 BID FOR STOCK EXCHANGE SEAT

NEW YORK, April 15.—Fifty-nine thousand dollars was bid today for a seat on the New York stock exchange, an advance over the last actual sale of \$9000. A few weeks ago membership was offered at \$36,000, and several transfers were made below that figure, while the exchange was under enforced closure during the latter part of 1914.

Trading in stocks today was again in large volume. Dealings embraced many hitherto dormant issues. Bethlehem Steel became inactive after an initial advance of three points.

KLAMATH MILL BUYS GOVERNMENT TIMBER

The district forester at Portland, Oregon, announced Tuesday that the Pelican Bay Lumber company of Klamath Falls, Oregon, were the successful bidders on the sale of the largest body of government timber ever advertised by the forest service in Washington or Oregon.

The sale includes two units, one of 85 million feet of yellow pine and other species on the west side of Klamath Lake, and a second unit of about 200 million feet of nearly pure yellow pine located just east of Crater Lake National park. The prices on unit 1 are \$2.00 per M. for pine and 50 cents per M. for other species, and the prices on unit 2 are \$3.37 1/2 per M. for pine and 51 cents per M. for other species. The removal of the Douglas fir and white fir is optional with the purchaser. A cutting period of twelve years will be allowed for the removal of the timber. The total value of the timber is reckoned at \$1,250,000, of which the state of Oregon will receive \$437,500 as its share for the benefit of schools and roads.

MANY BULLETS FALL ON AMERICAN SIDE

WASHINGTON, April 15.—Major General Funston at Brownsville, Tex., reported to the war department today that many bullets fell on American soil yesterday during the fighting between the Villa and Carranza forces at Matamoros, but that no one was injured. He said desultory firing continued throughout the day, but that no serious engagement had been fought.

ORCHARD MEN JOIN FRUITGROWERS' COUNCIL

At the regular monthly meeting of the board of directors of the Rogue River Fruit and Produce association held yesterday, a resolution was passed to the effect that the association should affiliate itself during the coming season with the Fruit Growers' Council of the northwest headed by W. H. Paulhamus, and should do all in its power to assist this movement. At the same meeting Mr. J. A. Westerlund was elected a director to fill a vacancy caused by resignation.

WEDDING BELLS

A very pretty wedding took place at the Methodist parsonage, corner of Oakdale and Main streets, Wednesday evening at 8 o'clock when Mr. Earl Wellington Fisher and Miss Anna Maxwell were united in holy wedlock. H. M. Branham, pastor of the Oakdale Ave. Methodist church performed the ceremony in the presence of some young people who are friends of the bride and groom.

Mr. Fisher is head mechanic in the C. E. Gates' garage, and is well known in Medford. The bride and groom will make their future home in Medford.

BELGIAN PRIVATE HELD BY FRENCH AS ENEMY SPY

PARIS, April 15, 5:25 a. m.—An invalid Belgian Grenadier giving the name of Pierre Baeyens has been arrested by the police of Paris on the charge of wearing the uniform of the French army and a French military medal without authority. Authorities say the man is a spy. After his arrest inquiries were made, with the result that the examining magistrate altered the charge against him to one of espionage.

The identity of Baeyens is something of a mystery. He was found to have traveled recently in the regions around Nancy and Pont-a-Mousson. He also visited the principal naval stations where he tried to establish relations with soldiers and sailors. Louis Petitlot, a sailor on a French submarine at Cherbourg, has declared that he recognizes in Baeyens a Belgian grenadier, who offered to guide a party of French bluejackets during the fighting at Dixmude, and then led them into an ambush.

The police are of the opinion that Baeyens is a German who enlisted in the Belgian army for purposes of espionage.

INEXPERIENCE OF STUDENT CAUSES DEATH OF FIFTEEN

DETROIT, April 15.—The death list due to the collision of a Detroit, Toledo & Ironon freight train and a crowded street car here last night was increased to fifteen, eleven women and four men, today, when one of the injured women died in the hospital where more than a score of the wreck victims were taken. The recovery of at least three others of the injured was considered improbable.

Charles S. Cunningham, state railroad commissioner, has begun an investigation of the accident in behalf of the state.

Three of the dead were identified

during the day, but at noon there were still the bodies of five women whose names had not been learned.

To the inexperience of a student motorman is charged the disaster. According to the police, the explained inactivity of the student's instructor also contributed to the disaster. Twenty-eight other persons were injured, four of them seriously.

NETHERLANDS SHIP HIT BY TORPEDO

LONDON, April 15, 6:54 p. m.—The Netherlands steamer Katwolk, from Baltimore to Rotterdam, was torpedoed yesterday evening while anchored seven miles to the west of the North Hinder lightship in the North sea. The crew of twenty-three men was saved and taken aboard the lightship.

NIGHT RIDER SENT TO PRISON

BOWLING GREEN, Ky., April 15.—H. C. Jenkins, a prominent resident of Butler county, was found guilty in circuit court here today and sentenced to four years and one day in the penitentiary on the charge of being connected with night-riding operations in western Kentucky.

CAPE GIRARDEAU, Mo., April 15.—Seven men stand indicted today in connection with the recent activities of night riders in Missouri, by the federal grand jury, which adjourned here yesterday. Judge D. P. Dyer of St. Louis, under whose instructions the jury carried on its investigation, announced that heavy sentences would be imposed on all men convicted in his court of participation in the night riders' work.

LET HIM GO!
I STOPPED FLETCH HECKER THIS MORNING FOR EXCEEDING SPEED LIMIT. "YOU'RE CRAZY," ARGUED FLETCH, "I WAS ONLY GOING FOUR MILES AN HOUR." "YES," LAUGHED I, "BUT SEE HOW FAST YOU'RE SMOKING THAT

JAPANESE DENY TURTLE BAY BASE

WASHINGTON, April 15.—An official statement authorized by the Japanese embassy today characterized as "preposterous" reports that a naval base has been established at Turtle Bay, Lower California, and declared, "there never has been any intention on the part of the Japanese government to locate a naval base or occupy any territory on the west coast of Mexico."

CAMINETTI COMES TO INSPECT COAST CONDITIONS

WASHINGTON, April 15.—To get first-hand information on immigration problems, Commissioner General of Immigration Caminetti left today for an extended tour of inspection of Pacific coast and southern immigration stations. He will go direct to San Francisco, visiting Seattle and other Pacific coast stations, and will also look into plans for aiding the unemployed through the use of the government in the west.

SEWING DAYS

Ready With Everything Needed by the Woman Who Plies a Needle

So thorough are our preparations that even among the needles and buttons can be found whatever is wanted—to say nothing of the hundreds of yards of silks, dress goods and wash goods; besides which there are tapes and braids, threads, patterns, scissors, shields, hooks and eyes, etc.

In fact, should you come to us with absolutely nothing to do your Spring sewing with, we could send you forthwith every necessary materials, designs, instructions and the means to put them together intelligently and stylishly.

Sewing Week covers every imaginable sewing requirement.

AND ON A GREAT MANY OF THESE THINGS VERY SPECIAL PRICES ARE QUOTED.

DOMESTICS
