

SEEK EQUAL RIGHTS FOR JEWS IN ALL WARRING NATIONS

NEW YORK, April 19.—The extension of a movement to obtain equal rights for Jews in all belligerent countries was inaugurated here today as the result of a meeting last night of 300 delegates composing the national workmen's committee on Jewish rites. Jewish labor organizations having a membership of 300,000 are represented in this committee. It is claimed.

One of the main purposes is to obtain equal rights for Jews in Russia, but A. I. Shipiloff, secretary of the committee, said that conventions would be held throughout the world in a universal equal rights movement of the Jewish masses.

Promoters of this idea expressed the hope that socialist parties of Europe will adopt the demands of the Jews in warring countries to be placed on a equality with all other citizens.

It was asserted that a demand would be made for Jewish representation in the peace congress of Europe when the war is ended.

COAST ARTILLERY TROOPERS MEET

ASHLAND, April 19.—By special invitation of First company, the local command, members of Seventh company, of Medford, will visit here this evening. There will be the regular drill and perhaps guard mount. Open house will be kept at the armory, where Captain Malone and Lieutenants Dean and Blake will do the honors in behalf of Captain Vance and Lieutenants Foss and Foster who will head the visiting detachment. Some artillery practice stunts will be given for the edification of the members of the Seventh who excel in infantry tactics. Officers and men will fraternize and mess together, substantial refreshments being provided as an aftermath to the regular drill maneuvers. These interchanges of active work and social courtesies promise to become a regular feature with the dual commands hereafter.

RAY A. MINKLER QUILTS COMMISSION

ASHLAND, April 19.—Minkler has resigned from the springs commission. The vacancy will be filled by Mayor Johnson, subject to ratification by the council. In all probability the nomination of a successor will be made at a council meeting Tuesday night. Minkler is manager of the Vining theater and finds his time with these duties more than fully occupied. The other two commissioners are Bert Greer and J. P. Dodge.

Rumors are rife regarding the end issue insofar as specific purpose for which the money may be applied. There may be a special election to determine a problem which is now receiving the attention of the city authorities. For the time being actual physical work on the project is being held up, but other phases of the contract as to plans, right of way, etc., are going steadily forward. Those in charge simply want to be thoroughly entrenched against complications.

PROTESTS LODGED WITH COUNTY COURT

ASHLAND, 19.—Among the local protestant churches, yesterday, protests were circulated against turning over the management of the county poor farm and hospital to the Sister of Charity, a matter which is being brought to the attention of the county court. The protests took the form of actual signatures or a rising vote. There was practically unanimous sentiment against the plan as voiced by the church people. This opposition is not directed so much against the Catholic church as it is against the assumption of control by a religious organization over secular matters. These protests will be lodged with the county court at an early date and will constitute a formidable objection to the contemplated plan.

Robbie Harnish acted as chauffeur, to see the play "My Man and Lady." The house was well filled and the most of the play was very well rendered, but some of the actors spoke so low that they could not be distinctly heard in the back of the room. That is one feature of the performers in the play by the Arrow Head society of Table Rock, that is to be given here next Friday evening. WHAT WILL KIDIES DO IF THEY TAKE MUD PIES AWAY?

Mrs. J. B. Stoner

Mud's dirty, so Mrs. James Buchanan Stoner, mother of Winifred Stoner, called the "cleverest child in America," doesn't believe that kiddies should make "pattycaes" or pies of mud.

"Give them modelling clay," says the child-maryel's mother, "and let them make apples, loaves of bread or other things they are familiar with, instead of the alleged 'pies.' A child should play with a purpose."

Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how searchingly and how deeply this famous blood purifier attacks blood troubles. Facial eruptions are more often significant of impaired nutrition resulting from faulty elimination of body wastes. Most people realize this to be true. And yet it is a difficult matter to convince such people they should avoid those harmful drugs such as mercury, iodine, of potash, arsenic and so on. S. S. S. gives just as good effect without the destructive results, because it is more searching. It goes deeply into the circulation wherever the blood flows, but it does not remain to clog the system. And its effect is complete and thorough as indicated by blood tests. One of the strange things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is in S. S. S. a product of nature that is rated one of the most potent principles known for the complete elimination of blood troubles.

Wherever you go there are people who know this to be true from their own experience, for it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts of our daily food. Get a bottle of S. S. S. today or any druggist, but insist upon S. S. S. accept no substitute. And if your case is peculiar or long standing, write to the Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.

BARON DE REUTER KILLS SELF AFTER DEATH OF WIFE

LONDON, April 19.—Baron Herbert de Reuter, manager of Reuter's Telegram company, was found dead yesterday at his home near Reigate, Surrey. A discharged revolver was found near his body and the authorities declare there is little doubt he committed suicide. Baron de Reuter was prostrated by the death of his wife last Thursday. Her body is still in the home awaiting interment. Their only son is in the army.

Baron Auguste Julius Clemens Herbert de Reuter was born March 10, 1852. He was educated at Harrow, Oxford and Paris. His wife, whom he married in 1876, was a daughter of the late Robert Campbell of Buseot Park, Berkshire. Besides the son and heir, who is in the British army, they are survived by a daughter, who is the wife of J. W. E. Douglas.

Baron de Reuter succeeded to the title on the death in 1899 of his father, who was created a baron of the duky of Saxe-Coburg-Gotha in 1871. Royal license for permission to use the title in England was granted in 1891 by Queen Victoria.

The first baron was the founder of Reuter's Telegram company, now one of the leading news gathering organizations of the world. In 1851 when the cable was laid between England and France, the headquarters of the company was transferred to London.

Who Suffered As Many Girls Do—Tells How She Found Relief.

Sterling, Conn.—"I am a girl of 22 years and I used to faint away every month and was very weak. I was also bothered a lot with female weakness. I read your little book 'Wisdom for Women,' and I saw how others had been helped by Lydia E. Pinkham's Vegetable Compound, and decided to try it, and it has made me feel like a new girl and I am now relieved of all these troubles. I hope all young girls will get relief as I have. I never felt better in my life."—Mrs. JOHN TETREAULT, Box 116, Sterling, Conn.

Massena, N. Y.—"I have taken Lydia E. Pinkham's Vegetable Compound and I highly recommend it. If anyone wants to write to me I will gladly tell her about my case. I was certainly in a bad condition as my blood was all turning to water. I had pimples on my face and a bad color, and for five years I had been troubled with suppression. The doctors called it 'Anemia and Exhaustion,' and said I was all run down, but Lydia E. Pinkham's Vegetable Compound brought me out all right."—Miss LAVISA MYRES, Box 74, Massena, N. Y.

Young Girls, Heed This Advice. Girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.
