39 GRADUATES ASHLAND HIGH

ASHLAND, May 28.—Resplendent with 1915 class colors, supplemented by a wealth of spring foliage and flowers—purple roses predominating—the Vining theatre was a brilliant scene at the graduation of the largest class in local high school history, Thursday evening. The class numbered thirty-nine, of which seventeen were boys and twenty-two girls. The various courses afforded by the high school curriculum were well represented.

Some graduates have already chosen a future calling, but the majority will probably decide this question during the forthcoming vacation. Corvallis and Eugene will receive a fair quota of the girls, while others will seek a normal training course even if they are compelled to go beyond the state boundaries to secure it. Outside of the state a number of the boys talk of such institutions as Leland, Stanford, with here and there on who will go east to such institutions as the University of Wisconsin for instance. Parental predilection will figure to a great extent in these matters. Removed from the realm of the classics, a good share of the boys will seek a training leading to technical pursuits, the field being world-wide in this particular.

Prof. E. D. Resler, head of the department of education at the Oregon Agricultural college, delivered the commencement address, one which was in keeping with the traditions of a liberal education, broad in sentiment and scholarly in its scope. Aside from the commencement address there was a varied musical program. Very appropriately and in behalf of the school board, Supt. Briscoe presented the diplomas. School closes today, the finale being an alumni reception tonight at Moose Hall.

The names of graduates at the 24th high school commencement event are as follows: John Anderson, Florence Allen, LeRoy Ashcroft, Vena Bailey, Alene Bomar, Hazel Bruner, Edna Dahuff, Hazel Dalzell, Vernon Degan, Howard Frame, Mayo Glover, Eunice Grubb, Margaret Hodgson, Bill Holmes, Beasie Homes, Winifred Lester, Kenneth Lilly, Hazel Lowe, Mary Maxson, Myrtle McGee, Gertrude Miksch, Lois Morthland, Maple Payne, Irma Phillips, Troy Phipps, Ruth Porter, Lawson Riley, Ralph Salisbury, Fred Schermerman, Mariam Shaw, Madeline Silver, Glenn Simpson, Harold Simpson, Robert Spencer, Granville Van Vactor, Robert Wagner, Richard Ware, Elizabeth York.

LEA APPOINTED GAME WARDEN BY NEW BOARD

Great disappointment is felt locally among sportsmen and the general public over the failure of the state game and fish commission to appoint R. L. Ewing of Medford state game warden. Mr. Ewing had the endorsement of the state sportsmen's league and was in every way qualified for the office. A. H. Lea was appointed because he was a personal friend of Governor Withycombe. Mr. Lea is manager of the Union Meat company and formerly connected with the O. A. C.

O'Malley is Slated
 In addition to appointing Lea state game warden, W. L. Finley, state biologist, and re-appointing Master Fish Warden Clanton, the state game and fish commission at its meeting here yesterday divided the fish department by creating superintendent of commercial and game fish hatcheries. Henry O'Malley, federal superintendent of hatcheries in Oregon and Washington, with headquarters at Seattle, is scheduled for this position, and Commissioner Warren was authorized to confer with him, and to submit a report at the next meeting. Lea's salary will be \$2500 a year; Clanton's the same, and Finley will receive \$2400.

Separate Propagation
 Under this arrangement the master fish warden will be charged with the enforcement of the fish laws and the collection of the licenses, while the superintendent of hatcheries will have exclusive charge of the hatcheries. The state game warden will be charged with the enforcement of game laws and collection of licenses, and the biologist will have charge of the educational and scientific features of the game department.

The superintendency of the game farm will be under the exclusive control of the biologist. He is allowed an assistant at a salary of \$100 a month, and a stenographer at \$75 a month. F. M. Brown of Brownsville, was named assistant to the game warden at a salary of \$150 a month, and Miss Wilson was elected clerk to the master fish warden. George Palmer Putnam, private secretary to Governor Withycombe, was made secretary to the commission, and he will serve without extra compensation.

Accounts Auditor
 It was decided to have an expert audit all the books and accounts of the commission, and Commissioners Fleischner and Warren were appointed a committee to appraise the property of the commission. A finance committee, consisting of Governor Withycombe and Commissioner Warren and Fleischner, was also appointed.

"We are going to make a strenuous effort to produce more salmon and more trout than ever before in the history of the state," said Governor Withycombe, after the adjournment of the commission. Friends of Mr. Ewing lay his defeat to the refusal of the Jackson county republican committee to endorse his candidacy.

LAUNCH WAR ON BASEBALL POOLS

NEW YORK, May 28.—Baseball authorities here see in the trial of William Rapp at Chicago and the arrest of two men at New Orleans the beginning of a nation-wide campaign against baseball pools. It was said the matter would be called to the attention of the district attorney in this city today, and the facts will also be presented to Governor Whitman with a request that action be taken to abate the practice.

President John K. Tener of the National league was outspoken in condemning pool betting. "It should all be wiped out," he said, "for it is fast growing to be a menace to the community, as well as to baseball itself."

PITTSBURG, May 28.—The entire police force of Pittsburg was today on the lookout for dealers in baseball pools, under an order issued last night by Superintendent W. N. Mathews, who declared such pools to be lottery and therefore illegal. Under the law the crime is punishable by a fine of \$1000 and imprisonment for one year. A campaign against the pools has brought out the repeated statement that fully \$100,000 is invested in the enterprise weekly by Pittsburg people.

DOCTORS SAID HE HAD DROPSY

Some time ago I had an attack of krippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your almanacs, I decided to give Dr. Kilmer's Swamp-Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp-Root as the results in my case were truly wonderful. Yours very truly,

YANKEE WOMEN HELD FOR INSULT GERMAN JUNKERS

SAN FRANCISCO, May 28.—Mrs. Harriet Boyce, wife of John J. Boyce, a former state senator and lawyer of California, and her daughter, Miss Marguerite Boyce, have been arrested in Bavaria on a charge of insulting German officers who examined their baggage, according to cablegrams received by relatives here.

The messages said the women were sentenced to three weeks' imprisonment at Landau, but were given their liberty under a bond of \$5000 furnished by the United States consul at Munich, until a decision is made in answer to a memorandum sent to the German foreign office in Berlin by Ambassador Gerard.

Mrs. Boyce is reported to have explained that no insult was intended and that if she was misunderstood it was because she was not familiar with the German language.

E. Harmon McConnell, a son living here, has asked United States Senator James D. Phelan of California to appeal to Secretary of State Bryan to make a protest against the arrest.

While Mrs. Boyce and her daughter

LET HER GUIDE YOU

She is looked upon in eastern cities as a prophet, by others as a woman of superhuman powers, and as a noteworthy scholar of the greatest old scientists such as Desbarrolles, Balzac, Dumas, Germain, Craig, Allen, Coeles, Hartheb, Aristotle and many others.
 It is said she tells you what ails you and whether or not you can be cured; if you will soon make changes in your business conditions; if your home life is or will be happy; if you will be happy in your love affairs; if absent friends will return; if you will travel; what you are best fitted for in life, if you will win your lawsuit.
 Mme. Elismore came from Omaha and during her brief stay there fully three thousand persons consulted her. It is said that her clairvoyant readings actually tells you your name, age, and the date of your birth. Office hours: 10 a. m. to 8:30 p. m.—Adv.

Flush Your Blood Get it Cleansed
 Remarkable Remedy That Works All Through Your Body.

When you put a tablespoonful of R. B. into your stomach it gets straight into your blood. In less than five minutes it has become a wave of restorative influence which sweeps the blood as it circulates. Does this read like magic? But it is absolutely true. Those powerful digestive juices in the stomach can not change the medicinal effect of R. B. The liver can not burn it. The lungs, skin and kidneys excrete it only after R. B. has set in motion millions of cells and nerves to throw off the countless germs that have infested every part of the body. And as R. B. continues to battle these troublesome pests that gather in the form of pimples, boils, eczema, acne, catarrh, rheumatism and other so-called blood disorders, it rouses into action a myriad of strange but well-understood corpuscles called leucocytes that actually devour or change or convert disease germs so they are readily and quickly cast out of the body. It is probably the best appreciated blood medicine known. You will find R. B. on sale in nearly every drug store in the U. S. Get a bottle today. And if your case is peculiar, write to the Medical Department, The Swift Specific Co., 105 Swift Bldg., Atlanta, Ga. It is conducted by a noted physician.
