Here the tragic notes of Captain Sievert come to an end.

This diary, says the eyewitness, indicates the "great success of the French artillery and infantry."

"At the same time it shows the superhuman efforts Germany is obliged to demand of its army, and this even before the participation of Italy, which on a new front will hereafter take part in the siege of German and Austrian fortresses."

HUERTA DECLARES BLUNDER TO AID ANY ONE FACTION

NEW YORK, June 2.—General Victoriano Huerta, former provisional president of Mexico, after he had been shown President Wilson's note regarding the situation in Mexico, today issued the following official statement:

"As a foreigner enjoying the hospitality of a foreign country I should not criticize nor even discuss statements of the government or officers of the foreign country I live in. But I may say this:

"Any foreign country that is sincere and honest in its endeavor to help our nation would commit the biggest blunder by giving its moral support or assistance to any person or faction.

"Such factions, instead of bringing the results desired, would result in the opposite direction.

"Our people will never stand for any government inspired by foreigners, no matter how humanitarian or noble the motives of such foreign nations appear to be."

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

— Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicines but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

— Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.
