TRAWLERS PREY OF GERMAN SUBMARINE

LONDON, June 4.—Two Welsh trawlers have been sunk by German submarines—the Hierold of Cardiff and the Victoria of Milford. The Hierold was sent to the bottom about 150 miles southwest of Lundy Island and the Victoria 135 miles from St. Ann's Head.

Several men, including the skipper on the Victoria were killed by shells from the submarine. The remainder of the ship's company and the crew of the Hierold have landed at Milford.

A member of the crew of the Victoria, who was seriously injured said the submarine, the U-34, fired at the trawler. The men on board thought the shot came from a patrol boat which was engaged with a submarine. Then a shot smashed a small boat and the crew realized that the submarine was after the trawler.

The officer of the submarine, according to the sailor, told them that if they had stopped they would not have been fired on. The fishermen were kept aboard the submarine all night and the following morning were put aboard a small boat belonging to another trawler.

The submarine then sank the Victoria with a bomb.

The men were adrift in the boat 24 hours in rough, wet weather. They were picked up by the steamer Hatter and landed in Milford.

RECEIVER FOR ROCK ISLAND

(Continued from Page 1.)

Mr. Walker denied that was the purpose. "Did you ever hear of any more outrageous deal than this?" demanded Mr. Untermyer.

Sold His Own Stock

"You have overlooked the fact that four new directors were to be elected April 12, and we thought it but fair to allow them a voice in meeting the situation," responded Mr. Walker.

"But you sold your own stock for \$35 about this time," suggested Mr. Untermyer.

Mr. Walker testified that he did.

Under cross-examination as to those responsible for his position with the Rock Island, Mr. Walker said he regarded W. H. Moore, L. Hine and Daniel G. Reid, and 'others' as in control. He told of being paid \$30,000 a year as general counsel and chairman of the executive board.

"I was their workhorse and driven as the 'desires' was the way Walker described his work.

As to who was responsible for his

CROWN PRINCE AIM OF DARING FRENCH AIR RAID

PARIS, June 4.—A spectacular incident of the war is to be found in a daring early morning raid by French aeroplanes over the headquarters of the German crown prince. Twenty-nine of these aircraft, the French war office stated, dropped 178 shells and several thousand darts on this well guarded and unnamed section of France or Belgium and many of the shells are said to have been effective.

That the Germans were on the alert to protect Prince Frederick William is apparent by the fact that the aeroplanes were subjected to a heavy gunfire. All of them, however, returned safely to their base.

"Twenty-nine French aeroplanes between four and five o'clock this morning, bombarded the headquarters of the Imperial crown prince. They dropped 178 shells, many of which reached the mark, and several thousand darts.

"All the machines were subjected to a severe cannonade but they all returned unscathed.

"There is nothing else to report except new progress of our troops in the 'Labrynth' to the south of Neuville-St. Vaast."

POWDER SUPPLY PUZZLES RUSSIANS

LONDON, June 4.—The Morning Post's Petrograd correspondent comments on the fact that the Germans seem to have an almost inexhaustible supply of all the important ammunition. By this alone, he says, they were enabled to make a good stand against the Russians, whose tactical dispositions apparently were made disadvantageously.

STRATEGIC MOVE SAYS RUSSIA

(Continued from Page 1.)

pass time and time again from hand to hand, and it will soon again be in our possession.

Blew Up Fortress

Just as the Austrians destroyed the Przemyel forts before they fell into Russian hands, so the Russians methodically blew up everything possible before the occupation of the Austro-Germans.

It is being explained that the abandonment of the position had been regarded here for some time past as strategically imperative and that preparations to leave it had been going on for a month. The released garrison will now be available for field operations, whereas if an attempt to hold out had been made, between 120,000 and 140,000 men would have been locked up at the mercy of the heavy Austrian guns.

BERLIN GAY OVER VICTORY OF PRZEMYSL

BERLIN, June 4.—The quick fall of Przemyel, to which the chief contributing factors were the Austrian 12-inch mortars and the impetuous bravery of the Bavarians, came as no surprise to initiated circles in Berlin. It was known that in spite of the desperate exertions of the Russians, they were in no shape to offer a successful resistance. The capture of Przemyel is looked upon as a preliminary in the campaign for Lemberg.

The San line is regarded as no longer tenable, the Imbster line is already trembling, and the Austro-German army is pushing forward toward a point to the rear of Lemberg and is now barely thirty-five miles south-east of Lemberg.

The fall of Przemyel was due to the breach driven into the circle of forts from the north by the Havarian troops. The gap opened by the capture of five works was almost five miles wide and big enough to drive a whole army. The inner lines were unable to resist the pressure. The garrison by nightfall Wednesday, had been driven back to the outskirts of the city. The other forts of the fortress were exposed to attack from the rear, as well as the front, and by dawn Thursday both fortress and town were restored to Austrian rule.

SEWARD, Alaska, June 3.—Hlamno volcano, on the west shore of Cook inlet, continued its eruption. Its activities were plainly visible last Tuesday to the passengers on the steamer Moripona, fifty miles distant from the dreaded mountain.

WOODMEN OF THE WORLD MEMORIAL SERVICES

Medford Camp No. 90, Woodmen of the World will hold memorial services at the cemetery Sunday afternoon, June 6th, in honor of its deceased members and to decorate their graves in accordance with its annual custom. Members are requested to meet at the hall promptly at 2 o'clock and arrangements will be made to leave immediately for the cemetery. All members of the order, their families and friends are invited to attend these services. Neighbors will kindly bring as many flowers for decorations as possible.

W. B. JACKSON, Clerk.

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots.

How to Remove Easily

Here's a chance, Miss Freckle-Face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes freckles; while if it does give you a clearer complexion the expense is trifling.

Simply get an ounce of rubine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rubine is more than one ounce needed for the worst case.

We are a task the druggist for the double strength rubine, for this is the prescription sold under guarantee of money back if it fails to remove freckles.

Introductory Price \$35.00
After July 1st, \$40.00

Here is an opportunity in fine watch buying that will probably never occur again. This watch is the new nationally advertised Louis XIV GRUEN VERITHIN MODEL—which offers, in beauty of appearance and time-keeping qualities, such remarkable watch value that we who know have exclaimed "How can such a watch be produced at this low price?"

The movement is the standard GRUEN VERITHIN, 17 jewel, adjusted to five positions, temperature and isochronism. The case is Ultra Gold Filled, of a new and elegant design; double jointed back lid and inside protection cap. An entirely new style patent dial—Platinized Silver Gray (or gilt) with raised figures in solid gold with new style hands.

Our Guarantee—There is not made another watch so thin, at so low a price, with such combined quality, accuracy, style and durability as in this genuine GRUEN VERITHIN.

We have been authorized to sell this watch until July 1, 1915, at the Special Introductory price of \$35. After that date the price will be \$40. Better see it today!
