

REMODELING SALE

The carpenters are here in full force. We must have more room at once. Stocks must be reduced. The entire second floor known as the Ladies' Ready-to-wear Department is to be moved to the ground floor. This move means a decided step forward for better service, and this also means a sacrifice in stock to accomplish this result. Never mind the carpenters' saw and hammer. Get here early for the biggest bargains. Every department in this store must contribute to this stock reducing sale. Sale starts Saturday morning at 9 o'clock.
