ALLIES WITHIN FEW MILES OF GREAT VICTORY

Winston Churchill Defends His Course as First Lord of Admiralty—Says Fleet's Record Speaks for Itself—Victory Such as War Has Not Yet Seen Predicted.

DUNDEE, Scotland, June 5.—Winston Spencer Churchill, formerly first lord of the admiralty, who is chancellor of the duchy of Lancaster in the coalition cabinet, arrived today at Dundee, which he represents in the house of commons.

"For four years I have borne heavy responsibility, being, according to the time-honored language of my patent, responsible to the crown and parliament for all business of the admiralty," Mr. Chamberlain said.

Has Done His Best

"I have done my best. The archives at the admiralty will show the part I played in all the great transactions that have taken place. To them I look for my defense."

"I look also to the general naval situation. The terrible dangers at the beginning of the war are over. The seas have been swept clear. Everything is in perfect order."

Mr. Churchill added there were two statements he wished to make about the operations at the Dardanelles. Heavy losses must be expected on land and sea. The fleet employed there was composed of a surplus of warships after all other needs had been provided for.

Great Victory is Near "The forces are within a few miles of a victory such as this war has not seen, a victory which, when it comes, will make amends for all."

Mr. Churchill said he did not think the newspapers should attack responsible leaders of the nation at home or in the field or publish anything calculated to make bad blood.

"What does the nation expect of the new cabinet?" he asked. "I will answer that in one word—action. That is the demand, that is the need, action, not hesitation; not discussion or agitation. The duty lies upon the government to declare what should be done, to propose it to parliament and stand or fall by the result."

INVADING ITALIANS ADVANCING SLOWLY

PARIS, June 5.—The Havas News agency received today a dispatch from Chiasso, Switzerland, saying that the invading Italian forces are making steady but slow progress in the southern Tyrol, and that the Austrian military authorities have decided to remove the civil population from that region.

The situation in the southern Tyrol is serious on account of the lack of provisions.

The Kaiser---Before the War and Now

The latest picture of Emperor William of Germany showing how the strain of the war and his recent illness has told on his face. At the left is the kaiser's favorite pose taken before the war. In the center is the most recent picture of the German ruler, caught while he was traveling between battle fronts. At the right is an enlargement of the face shown in the center. Note the hollow cheeks as compared to his healthy and strong appearance in the picture at the left. The many worries of the war seem to have transferred him into an old man. That the kaiser has not broken down from the immense strain of his position is all the more wonderful because he is not enjoying the best of health.

KAISER WILHELM VISITS ARCH DUKE ON BATTLE LINE

BERLIN, June 5.—Emperor William arrived at the headquarters of Field Marshal Archduke Frederick, the Austrian commander-in-chief, yesterday to take part in the celebration of the archduke's birthday. The visit was made the occasion of rejoicing at the fall of Przemysl.

The emperor is holding audiences with leaders of the opposition party of Hungarian parliament, according to Count Julius Andressy, Count Albert Assonvi and Count Aladar Zichy.

Another proposal is the creation of a new cabinet with Count Tisza as minister of the interior and including M. Popovitch, former finance minister.

At a luncheon with Archduke Frederick at the Austrian army headquarters, Emperor William raised his glass to celebrate the fall of Przemysl, of which he spoke vigorously.

JAP OPPOSITION SEEKS OURA'S SCALP

TOKIO, June 5, 6:30 p. m.—The opposition, pushing its anti-cabinet campaign today, introduced into the house resolutions expressing lack of confidence in Viscount Kaneko Oura, minister of the interior.

The charge is made that although Viscount Oura was charged with the duty of seeing that the elections were conducted in an honest and impartial manner, he himself corruptly received a present of 1,000 yen (\$500) at the March election from a candidate for membership in the house.

INDIAN MAHARAJA ROBBED BY HOTEL THIEF, SALT LAKE

SALT LAKE CITY, June 5.—Lorenz von Arnim Auf Kennersdorf, who claims to be a relative of General von Arnim of the German army, is in jail here and confessed today to the theft of a strong box taken from the apartments of the Maharajah of Kapurthala in a Salt Lake hotel Thursday, according to the police.

PASADENA, Cal., June 5.—Minus about \$1200, which was reported to have been taken by a hotel thief in Salt Lake City, Sir Jagajit Singh, Maharajah of Kapurthala, India, is here today with his Maharanee, who is said to have been the Senorita Delgado, a Castilian dancer, whom he met while attending the wedding of King Alfonso of Spain.

The thief in Salt Lake obtained not only the currency, but also the Indian prince's passports, it was said, but he missed a brass bound chest, which, according to report, contained a rare assortment of the maharanee's jewels. When asked if the report was true, the maharajah expressed the opinion that American reporters were impertinent.

The royal party, numbering half a dozen retainers with sixteen trunk, will remain four days.

SUBMARINES SINK MORE TRAWLERS

NORWICH, England, June 5.—The trawler Little Boy of Lowestoft has arrived at that port with the crews of the trawlers Horace and Economy on board, these two ships having been sunk by Germans.

LONDON, June 5.—The steam-drifter Ena May of Peterhead, the trawler Strathbran and the sailing ship George and Mary, all have been sent to the bottom by German submarines. The crews of the three ships were saved.

OPIUM SCANDAL DIRTIES RECORDS OF STATE BOARD

SAN FRANCISCO, June 5.—Revelations of an alleged protection for opium traffic involving attorneys, employees of the state board of pharmacy, members of the San Francisco police force and a variety of underworld characters are made in a series of affidavits presented to John Francis Noylan, president of the state board of control at an official hearing made public today.

The affidavits were obtained by Chief Inspector Frederick A. Sutherland of the board of pharmacy. The hearing on them will be resumed Monday. Sutherland charges that the four members of the state board were remiss in not pressing accusations which he made to them.

Every person named in the charge flatly denied any wrong doing. Sutherland accuses Inspectors William White, brother of Chief of Police White of San Francisco, Samuel Scott and Harry Carmack of accepting bribes from drug traffickers for protection. His charges against the four pharmacy board members—Edward J. Molony, George M. Sutherland, J. S. O'Callaghan and Louis Zeh, secretary—were that they failed to conduct vigorous investigations of his allegations.

Inspector White said today he would prefer charges of graft against Sutherland. White said Sutherland had accumulated much property.

Sutherland employed attorneys today to defend him against any charges which might be filed against him.

MEXICAN RAILWAYS EXPLAIN DEFAULT

NEW YORK, June 5.—A statement explaining the fault on the part of the National Railways of Mexico to pay principal an interest amounting to \$28,322,560 on obligations which matured June 1, was received here today from the directors of the system in Mexico City. The statement in part says:

The operation of the properties is still out of its hands. The company therefore has no alternative but to ask holders of the obligations to await the return to it of the properties normally belonging to its system and the restoration of peace to the Mexican nation and the government may be placed in a position to fully deal with this subject.

ALL OF PRZEMYSL NOW IN POSSESSION OF TEUTONIC ALLIES

BERLIN, June 5.—Reports from the Galician front indicate that the Austro-German troops are now in complete possession of all parts of Przemysl. The Russians contested stubbornly each advance, but at length were driven from the eastern and southeastern forts, which were the last to fall. It is generally admitted that the larger part of the Russian forces in Przemysl were able to effect a retreat eastward by defending the positions toward the south. This checked the attacking army of General Von Boehm-Ermolli and temporarily prevented the complete encircling of the city.

Apparently the city suffered little during the Russian occupation. Huge stores of provisions were recovered and considerable amounts of war material were captured.

Immediately after the occupation of Przemysl, General von Mackensen's army pressed eastward. It encountered the Russian rear guards on the heights near Medyka, where fighting still is in progress. The Teutonic allies have succeeded, however, in joining their forces along a continuous front moving eastward, which has relieved the difficult position of the north position. The only serious opposition expected will be encountered along the Grodok lakes, south of Lemberg, where the Russians may be able to throw in reserves. It is expected that the army of General Linington moving northeastward from Stry, will be able to threaten the Russians from the rear if they offer such resistance.

STARVATION PROVES MYTH IN GERMANY

AMSTERDAM, June 5.—A telegram from Berlin states that Clemens Delbrueck, German minister of the interior, has informed the Prussian diet that the food problem may be regarded as solved, and that there may even be carried over considerable reserves into the coming harvest year.

An inventory of the supplies of flour showed a surplus of 6,965,929 double hundredweights. Potato statistics as of May 15 were similarly favorable, the supply being on a level with that of normal times.

WAR CHIEFS OF MEXICO LIKELY TO MAKE TRUCE

President's Note Favorably Received by Carranza and Angeles and It is Rumored That Villa and Carranza May Bury Differences and Unite to Secure Peace.

EL PASO, Texas, June 5.—The possibility that President Wilson's recent note to Mexican leaders might result in a rapprochement between General Carranza and General Villa, was being discussed in Mexican circles here today. It was stated authoritatively that at the suggestion of a high Villa official on the border a request had gone to Eliso Arrendondo, the Carranza representative in Washington to outline some basis for an understanding.

It was admitted that leaders of both factions here and in Juarez have discussed the subject informally but none would venture a prediction as to what basis for an understanding eventually might be reached.

General Felipe Angeles at Leon has wired Villa headquarters at Juarez he approves the Wilson message and personally would be willing to cease fighting if a basis for an understanding could be reached, despite his contention that Villa forces have the advantage in the recent fighting at Silao.

WASHINGTON, June 5.—Unofficial advice received here from Vera Cruz saying that General Carranza would reply favorably to President Wilson's statement calling on the heads of the warring factions in Mexico to restore peace, gave renewed hope to administration officials today of ultimate solution of the problem.

General Carranza is the first to be heard from directly concerning the president's warning. Officials have heard indirectly from General Villa through his representatives that he was favorable to the president's proposal.

General Carranza's reply, it was said, was being prepared by Jesus Urutia, constitutionalist foreign minister and would be delivered to John P. Silliman, President Wilson's personal representative in Mexico, probably by Monday. The reply, the advice said, would be appreciative, friendly and serene in tone. Carranza it was said, intended to interpret the president's warning as a tacit hint that he was the man best fitted to assume ascendancy in Mexico and most likely to receive recognition by Washington once the constitutionalists return to Mexico City.

SWINDLERS GANG OF SEVEN CAUGHT AT KANSAS CITY

KANSAS CITY, June 6.—Leaders of a syndicate of swindlers who have been operating a fraudulent race and wire tapping scheme in various cities of the country have been discovered and seven persons have been arrested, according to announcement today by the Kansas City police.

Three men, arrested here, gave the names of Walter Harrison, Omaha; Harry Stanhope, Philadelphia, and L. V. O'Brien, Meridian, Miss. The local police assert that two men and a woman are being held in Denver in connection with the syndicate and one man in Philadelphia.

In the pockets of the men arrested here, the police say, they found racing forms and tickets, rolls of imitation money and newspaper clippings telling of enormous winnings on race tracks. It is asserted the band has maintained headquarters in Excelsior Springs, Mo., with connections in the larger cities.

The arrests were made on complaint of J. W. Klinkerman of Las Animas, Colorado, who asserts he lost \$5,000.
