REFUGEES FROM MEXICAN CAPITAL TELL OF FAMINE

EL PASO, Tex., June 15.—Stories of the wide approval given President Wilson's note by native and foreign residents in Mexico City; of the activities of the international committee to relieve food shortages; of foreigners resisting payment of taxes proclaimed by General Alvaro Obregon during his brief occupation of the capital, and of the looting by Mexican soldiers despite guarantees proclaimed by individual commanders, were related here today by Americans reaching the border after an eleven-day overland trip from the Mexican capital.

They stated that on May 12 an attempt was made to assassinate Roque Gonzalez Garza, then provisional president in Mexico City, and in the fighting more than two score assailants were killed by his bodyguard. The Americans traveled through territory occupied by forces of Emilio Zapata, Venustiano Carranza and Francisco Villa. They stated that famine conditions were extending daily in widening circles from Mexico City and in the country they traversed crops had not been planted generally.

As they passed from the Carranza to the Villa lines in the state of Guanajuato, the Americans said General Villa, upon receipt of President Wilson's note, had withdrawn his forces from Silao eastward to Dolores Hidalgo, with the main body of his troops at Lagos and Aguns Calientes to avoid hostilities pending consideration of the American communication.

MRS. PIERCE ASKS \$2500 FOR INJURY

Mrs. C. H. Pierce, who sustained a broken leg last spring when she fell over the raised sidewalk in front of the Nichols & Asipole meat market, will file a claim for \$2500 against the city at the regular meeting of the council tonight. O. C. Rogers is acting as attorney for Mrs. Pierce. The only action taken this evening will be the formal filing of the claim, with a statement of facts. The walk has since been repaired. Another matter discussed will be the application of the Rogue River Public Service corporation for a ten years' franchise to furnish electricity to the city upon a contract basis. The light committee will make its report on the matter. City officials do not believe any valid action in regard to the application can be taken until the suit of the California-Oregon Power company pending in the federal court is settled.

LUSITANIA NOT ARMED

of the Lusitania and the number of her boilers in operation. The captain estimated that ten seconds after the Lusitania was struck it was impossible to stand on deck. He said the three difficulties in rescuing passengers were the loss of the ship, her headway, which carried her two or three miles after being struck, and the shortness of time.

Captain Tells of Disaster

The captain testified he had given orders to look out for submarines and to proceed at full speed if any were sighted. He said the boats had been swung out the morning of the day preceding the torpedoing. Two lookouts were placed in the crow's nest, two at the bows and two officers on the bridge.

When asked whether the passengers were giving help as far as they were able he replied: "Interfering, I should say." He added, however, that the passengers showed a desire to assist in every way possible. Speaking of modern steamship bands, the captain said they were not as efficient as the old-fashioned sailors who would have been more effective in the work of rescue. He said he did not see Mr. Vanderbilt. At this juncture the public hearing was suspended while the court took evidence in camera regarding the instructions of the admiralty.

Expectant Mothers Relieved of Pain

A most valuable help to women during this interesting period is a splendid external remedy called "Mother's Friend." It is applied over the muscles of the stomach, gently rubbed in, and at once pre-disposes to relieve all strain on nerves, cords, ligaments and all parts involved. It makes the muscles so pliant that they expand naturally. And at the same time they are invigorated in the absence of laborious pains so apt to distress the mind. Get a bottle of any druggist. Write to Broadfield Regulator Co., 105 Lamar Bldg., Atlanta, Ga., for a fascinating booklet.

ARANT'S EFFORTS TO OUST STEEL END IN FAILURE

W. F. Arant's efforts to oust W. B. Steel as superintendent of Crater Lake park and reinstate himself have resulted in failure. Arant who was former superintendent, was removed for cause by Secretary Franklin K. Lane two years ago and refused to vacate the office. It took the United States marshal and a score of deputies to eject him. Arant claimed that his office came under civil service rules, and since then has regularly demanded his pay as superintendent and brought suit for reinstatement and back pay.

Justice Stafford, of the district of Columbia supreme court, Saturday passed upon the case. The court finds that Arant was not within the classified Civil Service, not having been appointed after examination, but being a personal appointee of the Secretary of the Interior and therefore subject to removal at the will of the secretary.

Justice Stafford, who ruled against Arant, is the same judge before whom Binger Hermann was tried on the charge of destroying his letter books when retiring from the office of Land Commissioner and H. P. Gately, Arant's attorney, is Hermann's son-in-law. Gately gave notice of appeal.

Arant Camp, in the Crater Lake National park named after former Superintendent Arant of Klamath Falls, has been officially changed by the department of the Interior to Anne Springs, and will be so designated. This is the last link that connected the Klamath Falls man.

FARNUM GIVEN PRISON SENTENCE

ROSEBURG, Ore., June 15.—Roy Farnum was sentenced today in the state circuit court to serve from one to fifteen years in the penitentiary for the murder of Edna Morgan, aged 15. He was convicted of second degree murder last week. He previously was found guilty of a statutory charge against the girl, and is now serving a three year term in the penitentiary, which he must complete before beginning the new sentence. The girl's body was found in the ruins of a barn at Glendale, which was destroyed by fire on December 8, 1914.

failed. Standing on a fire escape the men tried to throw a plank in front of the train. The plank landed on a coach and bounded off. Detectives on the train said they got good descriptions of the men.

An acid bomb was thrown this afternoon from a building at Wells and West Kinzie streets. It smashed a window of a north-bound elevated train, but did no other damage.

The presidents of the two traction companies, after their conference, rejected the offer of mediation made by the state board of arbitration on the grounds that several "fair offers" for this method of settlement have been refused by the unions, including a previous one by the board itself. The unions apparently were paying no attention to the offer.

MRS. LEVENBERG, PIONEER HOSTESS OF PHOENIX, DEAD

Mrs. Lizzie Levenberg, age 81 years, a pioneer of southern Oregon, known to scores in the Rogue River valley and northern California, died at the home of her daughter, Mrs. C. C. Lowe of Klamath Falls Sunday and will be buried from the Presbyterian church at Phoenix, Wednesday afternoon at 2 o'clock.

Mrs. Levenberg was the proprietor of the first hotel in Phoenix, and the fame of her cooking extended from Redding to Roseburg, and from the Pacific ocean to the Idaho state line. For years she held the honor of being the best cook within these lines. She was well and widely known in this city and valley.

Mrs. Levenberg was born in Germany, January 1, 1834, and came to America in 1857 with her parents, being among the first emigrants from the fatherland to this country. Her early life was spent in Illinois and Iowa, and in 1860 she crossed the plains to Fort Jones, Cal. Later she moved to Phoenix, where she operated a hotel until 1892. This hotel is one of the posts in the pioneer history of southern Oregon.

Mrs. Levenberg is survived by two daughters, Mrs. C. C. Lowe and Mrs. S. B. Lowe, both of Klamath Falls. A brother, A. M. Barneburg, lives at San Antonio. Other relatives reside in this city and county.

FLAG CELEBRATION BY ELKS A SUCCESS

Flag day was observed by the Elks at their temple Monday night, over 750 Medford people aiding them in their annual tribute to "Old Glory."

The principal address of the evening was given by the Rev. W. B. Hamilton. He said the flag had meant much to the nation in the past, but that the future held more. Making brief mention of the European conflict, the speaker said the Stars and Stripes stood as a sign of friendship to every nation everywhere.

Mrs. George T. Wilson read Franklin K. Lane's famous speech, "Makers of the Flag." Herbert Alford and Miss Hazelrigg sang appropriate numbers. The Hazelrigg orchestra furnished the music. The beautiful flag ritual of the Elks was given, and A. C. Burgess read the Elks' tribute to the flag.

The temple was decorated with the national colors.

A STRONG ENDORSEMENT

W. H. Holmes of the Decorah, Ia., Journal, says, "I have been a sufferer from piles and hemorrhoids for years. I got no relief until my druggist recommended Meritol Pile Remedy. Before I had taken half the package the distress was gone and I have had no trouble since. I would not take a thousand dollars and be back to my former condition." APPLE GROWERS CANNOT FIX PRICE UPON FRUIT CROP

SPOKANE, Wash., June 15.—W. H. Paulhamus, chairman of the executive committee of the Northwest Apple Growers' league, announced today that the apple growers of Washington, Idaho, Oregon and Montana, who are members of the league, will violate the Sherman anti-trust law if they attempt to fix a definite schedule of prices.

The plan of the growers must be materially revised. Mr. Paulhamus said. He has an opinion from Charles J. Brand, chief of the federal bureau of markets and rural organizations, who stated the growers' plan of a schedule of prices, will violate the federal anti-trust law. Mr. Brand's report was prepared in response to a request from the federal trade commission that a special study be made of the plan for stabilizing the northwest apple market.
