AUSTRIANS TRY TO SET FOREST OF MONFACONE AFIRE

ROME, June 15.—The following statement regarding the progress of military operations was issued tonight at the headquarters of the Italian general staff:

"There have been no important developments along the Tyron-Trentino frontier. The enemy persistently attacked Montepiano at night after an all-day bombardment from Forts Platz and Wiese, but was repulsed each time.

"Our artillery caused the explosion of ammunition depots toward Corte, in the Cortovel valley and seriously damaged the enemy's works at Cessassi.

"Our bombardment of Malborgetto in Carnia resulted in an explosion in the lower part of the fortress.

"Further reports of the night attack of Italian Alpinists in the difficult region of the Alps of Volia give details of considerable booty taken there, besides a number of prisoners who were terrorized by the impetus of our troops.

"Our batteries dispersed a camp of the enemy in the region of Montenegro.

"All prisoners taken near Flavir, in the Isonzo region, agree that the Austrian losses up to this time have been serious. Most of the prisoners belonged to regiments heretofore operating against the Serbians.

"The Austrians tried yesterday to set the forest of Monfalcone afire, but our troops drove them back and extinguished the flames."

In the vicinity of Gorz and Gradisca heavy fighting occurred recently. The Austrian casualties are reported to have amounted to 1500, while the number of Italians killed or wounded totaled nearly as many.

A new ammunition depot at Tolmino has been destroyed by the Italians.

The Austro-Hungarian troops are employing dynamite in the Alpine passes, blowing up rocks and loosening avalanches on the advancing Bersaglieri. The heights dominating Caporetto, on the Isonzo front, have been occupied by the invading Italians.

MAUDE ADAMS AT PAGE TOMORROW

The sale of seats for the appearance of Maude Adams at the Page theatre on June 16th, opened Monday morning and as there has been considerable interest manifested in the coming of the actress the demand for seats was heavy. As has been announced the play selected by Miss Adams for presentation is "Quality Street."

ity Street" that made the work so popular with the admirers of the actress. There are many people who will always hold that the play is the sweetest that Barrie has written. The work gets its title from a street in a village in England in the long ago. The characters are the friends and neighbors living on this street. Barrie takes one into the home of two maiden sisters and gradually unfolds the love affair of one of them. The humor and the quaintness is typical of Barrie. While Miss Adams has been planning some time to revive the play she had intended giving it only occasional performances. It has been received with so much favor, however, that it promises to push Miss Adams' other plays into the background for the time being. As has been expected "Quality Street" is tastefully staged and interpreted by a company of clever players.

JAPAN CLOSING DOOR TO TEACHING OF CHRISTIANITY

ST. HELENA, Cal., June 15.—The Japanese government has adopted a proposal made by the governor general of Korea to eliminate the teaching of christianity from every Korean school, denominational or non-denominational, according to a statement today by Elder A. G. Daniels, president of the general or world conference of the Seventh Day Adventists, to be national educational and young people's missionary volunteer council of the Adventists, now in session here.

Mr. Daniels said the "open door" in Japan, so far as Protestant missionary endeavor is concerned, is fast closing and a reaction has set in. He urged that whatever is done for the evangelization of the millions of China and India be done quickly, for he said Japan is leading the Orient. He has just returned from a year's tour of Australia, the South Sea islands and the Orient.

"Bishop Rashford, who represents the Methodist Episcopal church in Korea, returned to America on the same steamer I did to present to President Wilson an appeal that he protest to Japan against the action which debars Bible instruction from denominational schools," Mr. Daniels said. "This act, already passed, gives ten years for the closing of the schools, but those who have read it and are familiar with the situation say it may be only five years until our schools will be closed for the Japanese government has planned to establish shintoism, which elevates the mikado to the position of supreme ruler, and makes the state religion the supreme religion."
