

KAISER TO LEAD FINAL ASSAULT UPON LEMBERG

German Confidence in Overwhelming Russians That Emperor Takes Command of Sure Thing as He Did at Ypres—Teutons Still Advancing Toward Galician Capital.

LONDON, June 21.—Announcement that Emperor William has assumed supreme command of the operations in Galicia is interpreted here as an indication of complete German confidence in the final victory of the assault on Lemberg, now regarded as so near at hand that the generals who during the last two months have battered their way across the province wish the emperor to participate personally in the expected triumph.

Advance Still Progressing
The Austro-German advance is still progressing through the Grodek lines, west of Lemberg. The failure of the Russians to hold these positions has been a keen disappointment to the British, who hoped that this strong and selected position might furnish another example of the resiliency of Emperor Nicholas' forces, which has been one of the marked features of the war in the east. Nevertheless, it is questioned here that anything so vital as the flight of the Russian army, as indicated by Vienna reports, or a serious break in the Russian front has occurred. Some British experts are of the opinion that the Russians are fighting rear-guard actions, while withdrawing their armies, tactically intact. They suggest that either the Russians have no intention of defending Lemberg to the last, or have prepared their main defensive lines on positions not yet reached by the German forces. With less than a score of miles separating the Austro-German lines from Lemberg, these points must be elucidated.

Along Western Front
French and German accounts of operations in the western theater show the usual divergences, but the detailed reports from Paris satisfy the British that their allies are making such an advance as will shortly permit more active operations in the sphere occupied by the British army. The French advance north of Arras, it is thought here, must have pushed the Germans into a narrowed front which will render some of their masses of troops comparatively ineffective. The gains in Alsace show that the French are drawing close to the area of permanent German fortifications.

AMERICANS TAKEN PRISONERS BY RUSSIANS

WASHINGTON, June 21.—John Reed, an American war correspondent, and Boardman Robinson, an artist, are under arrest at Kholm, Russia, for having entered the military zone without permission. Ambassador Marcy at Petrograd reported their detention today and asked for information which would establish their status and obtain their release.

CREST OF FLOOD AT KANSAS CITY REACHED

KANSAS CITY, Mo., June 21.—The crest of the Kansas river at Kansas City was reached today when the stream mounted to 24.8 feet, according to announcement by Weather Observer Conner. Unless further heavy rains prevail today, all danger of a flood in the west and east bottoms of Kansas City has passed, Mr. Conner said.

RUSSIAN TAKES OVER ELECTRIC LIGHT COMPANIES

PETROGRAD, June 21.—The Russian authorities have decided to take over the electric light companies here and at Moscow, which are owned by Germany.

MEDFORD WINS A DOUBLE-HEADER BY CLASSY PLAYING

In two of the best played games of the season, Medford defeated Hornbrook and Grants Pass yesterday on the local diamond before the largest crowd in years by the scores of 5 to 3 and 4 to 3, respectively. Both games were characterized throughout by the good, all-round playing of the Medford players as a whole.

Sensational Rally
In the second game, with Grants Pass as their opponents, the home boys pulled a sensational batting rally that brought them over enough tallies to sew up the contest, the score being 4 to 3.

Caster Pitching Star
Caster again was the pitching star. He held his own with Pernoll at every stage, and but for the unsteady support and his inclination to be a little erratic at times, he would have had a shut-out to his credit. The playing of Antle, Hill and Coleman also featured. Hill's pegging was accurate and quick at all times.

CONGRESSMEN GIVEN AUTO RIDE THROUGH VALLEY

Members of the congressional committee on appropriations, who are touring the northwest inspecting federal irrigation projects, arrived here early Monday from Klamath Falls, accompanied by officials of the reclamation department.

They were met at Ashland by delegations from the Medford and Ashland Commercial clubs, and about half the party was taken over the Pacific highway to Medford. Here they were showered with roses.

At Grants Pass they were met by a party that included Senators Geo. E. Chamberlain and Harry Lane, Congressman C. N. McArthur, Governor Oswald West and J. N. Teal, who boarded the special cars of the committee to accompany them as far as Portland.

The congressional committee is on its way to North Yakima, Wash., where, after inspecting the irrigation project there, they will proceed to eastern Oregon to view the Umatilla projects.

MAXWELL EXHIBIT AT PANAMA FAIR

The Maxwell exhibit in the transportation building at the exposition at San Francisco is daily proving its usefulness," says T. J. Toner, Pacific coast manager of the Maxwell Motor Sales corporation. "We are not only making many direct sales to prospects secured at the exposition, but furthermore the instruction which our buyers are receiving in the mechanical principles of an automobile in general and of the Maxwell in particular, means a great deal to them, because of the added confidence in the machine and in their own ability to take care of it, which this training arouses."

HENRY SEIGEL IN STATE PENITENTIARY

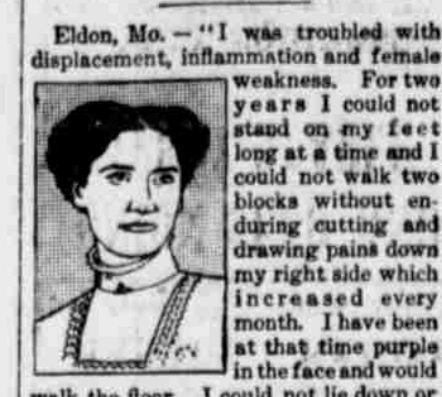

GENESEO, N. Y., June 21.—Henry Siegel, former owner of department stores and banker of New York, convicted last November of a misdemeanor and sentenced to ten months imprisonment and to pay a fine of \$1000 unless he made restitution to his creditors, started for Rochester today to enter the Monroe county penitentiary to begin his sentence. At his hearing before Justice Clark this morning Siegel waived stay of execution and Sheriff Root started with the prisoner for Rochester. The hearing, which was postponed last Monday at Siegel's request, lasted only three minutes.

An illuminated aeroplane flight made by Art Smith, the "Up-Side-Down Aviator," in which he looped the loop at night over the Panama-Pacific International Exposition in San Francisco. The picture was made from a single timed exposure. The lens was open during the period of the flight. The illumination is unique, as it is the first photographic record of an aeroplane's course ever made on a single negative. While the course of an aeroplane may be recorded by a cinematograph film a night exposure obviously is the only one capable of recording the course of an aeroplane on a single plate. A daylight exposure would show the aeroplane at but one point. By tracing the course of the line you can follow the loops and strange side spirals of which Aviator Smith is a master. The trail of light is caused by the flow of brilliantly illuminated white smoke and a discharge of white fireworks from a non-explosive smoke pot, at the back of the aeroplane.

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had lost a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

Jim Chung China Herb Store

To Whom It May Concern: I am free from rheumatism. You can be the same by taking treatments from Jim Chung, the herb doctor. My rheumatism was so bad that it made me so weak I could scarcely get up when I was down and the pain I suffered one could hardly know unless one had the same disease. I was truly dissatisfied and disgusted with life in my condition and trying to live. Now to my friends that care to be seized and would like to be free from the herb doctor. He can certainly relieve in a very short time. Very truly yours, MRS. M. L. KOLE, 241 FRONT ST., MEDFORD, ORE.

"For its work and its policies"

The Standard Oil Company (California) has been awarded many honors for its high grade products exhibited at the Panama-Pacific International Exposition, but the one it prizes most—the one in which it feels the deepest sense of gratification—is the special award—"for its work and its policies."

Gold Medal of Honor

This means that its treatment of its employees, its dealings with the public, its attitude toward competitors, its service to its patrons, its methods of producing, transporting, and refining petroleum—in short, the company's business morals and practices—have been found worthy of the special praise of a great national jury of awards.

The company is justly proud of this signal honor as a recognition of the fundamental policies under which it has operated from the beginning.
