WESTON REPORTS REMARKABLE RUN IN AUTO TO BOISE

The Powell Auto company has received the following letter from E. D. Weston, the Medford photographer who left here last week to visit Iowa. The letter is dated Boise, Idaho, June 20 and reads as follows:

"Dear Friends:

"As I promised to let you know what I thought of the Buick I want to say that it is a real automobile. We camped just outside Boise last night, and arrived here a few moments ago. I still have part of a can of oil left from the gallon can I got from you, and there has not been a drop of water put in the radiator from Medford to Boise. Our speedometer shows 555 miles and it took 1 1/2 pints of water to fill it to the top.

SHIP FIVE TONS OF FINE CHEERIES

More than five tons of cherries, principally Royal Anns, have been shipped from the Rogue River valley thus far this season, according to information given out by the Rogue River Fruit & Produce association, through which company the fruit was marketed. This is more than was shipped during all of last season.

The cherry crop is exceptionally good and surprisingly good prices are being received.

It is said that fruit growers are beginning to see the advisability of growing small fruits. Through necessity the fruit is being marketed close to home and commanding better prices than in eastern markets. It is expected that a large number of orchardists will grow small fruits and berries next year. The advantage lies in the fact that the crop can be grown at a comparatively small cost, marketed easily and is always in demand.

THE HAGUE, June 23.—The Handlablad, in its edition today, asserts that Japan was prevented from sending 200,000 troops to Europe by an unofficial hint to Great Britain from Washington that such an expedition would be undesirable.

The newspaper declares that after receiving the intimation from the United States, England informed Tokyo that she was "sorry, but under American pressure, must request that the Japanese government do nothing further concerning the dispatch of an expeditionary corps to Europe."

FOURTEEN CITIZENS FINED BY GAY

Fourteen citizens were arraigned before the police court this morning for alleged violations of the city water ordinance. Fines of \$5 apiece, with a remittance of \$4, were imposed by Police Judge Gay, who announced that in the future violators will be given the maximum fine. The arrests were made during the three grass fires in the city yesterday.

The excuse of not hearing the fire whistle does not exempt anyone. In the past few fines have been remitted because the owners were not at home when the fire alarm was sounded. In the future, however, this will be no excuse as it shall not be permissible to irrigate unless some one is left in charge of the work.

John Heckler, a taxi driver, was fined \$5 because he failed to drive to the curb when the fire alarm sounded.

O. W. Potter, regarded as Seattle's one best bet for the championship, defeated his clubmate and opponent, F. R. Van Tuyle, 5 up and 3. Potter's card, 41-36-77.

H. Chandler Egan, Medford, Or., playing brilliant golf, defeated Henry Pringle, Tacoma, by 6 up and 5. Egan's game this morning was one of the best exhibitions of golf seen during the tournament. Score, 37-37-74.

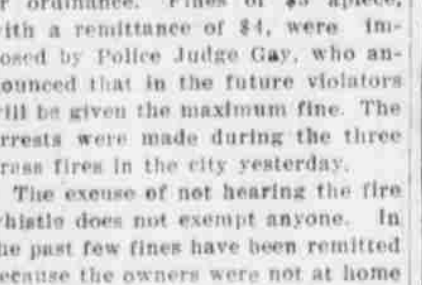

YANKEE HINT TO ENGLAND BLOCKED JAPAN ARMS

THE HAGUE, June 23.—The Handlablad, in its edition today, asserts that Japan was prevented from sending 200,000 troops to Europe by an unofficial hint to Great Britain from Washington that such an expedition would be undesirable.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women. I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.
