

# OROZCO'S BOND FORFEITED WHEN TRIAL IS CALLED

### Neutrality Cases Against Huerta and Associates Deferred Until Federal Grand Jury Meets in October—Preliminary Examination Being Waived—New Bonds Provided.

EL PASO, Tex., July 12.—The neutrality cases based on charges filed by United States officials in El Paso and growing out of the arrest of General Victoriano Huerta and five others, were deferred today to the federal grand jury for action October 4. General Pascual Orozco now is a fugitive from justice under a United States information charging conspiracy to launch a new revolutionary movement in Mexico. His bond of \$7500 was declared forfeited today when he failed to appear before George B. Oliver United States commissioner, for preliminary hearing.

### Under Reduced Bond

General Marcelo Caraveo, Jose Zozaya, Frank and Ike Alderete, defendants, waived preliminary examination and were held to the federal grand jury under reduced bonds. General Caraveo was placed under \$2500 bond and the three other defendants under \$4000 bond each. Barring the possibility of additional arrests for the alleged conspiracy, today's action disposes of all the El Paso charges until the federal grand jury convenes in October.

New bonds were furnished by Jose Zozaya, F. Armentariz, Ike, Frank and Benigno Alderete.

### Orozco Fails to Appear

Rumors that Orozco would appear

were current in El Paso until just before the cases were called. As a result the courtroom was filled. A few Americans were noticed among the Mexican spectators. No women were in the courtroom in contrast to the scene attending the re-arrest of Huerta, July 3. Among the spectators were Generals Ignacio Bravo and Eduardo Cans, under bond in similar cases brought by San Antonio officials.

The decision to waive preliminary hearing was reported at a conference between Commissioner Oliver, the assistant United States district attorney, and counsel for the defendants, held before the hour set for hearing.

# TY COBB LEADS BATTING RECORDS WITH 404 AVERAGE

CHICAGO, July 12.—Banging out twenty one safe hits in his last thirty times at bat, Henle Zimmerman of the Chicago Cubs raised himself last week from about fortieth place to twelfth among the National league batters and threatens, with his average of .298 to break into the first ten. Last week his average was 254. According to averages published here today, which include the records of last Wednesday, the leading batter in the Nationals is Daubert, Brooklyn, .337. Robertson, New York, has attained the leadership in stolen bases with 17, but Saier still holds the lead in total bases with 143, and in runs scored with 45.

Ty Cobb, Detroit, once more has established a .400 class in the big leagues. Today's averages show him leading the batters in the American league with .464, setting the pace for base stealers with 51 thefts and in runs scored with 79.

# LAWSON DENIED NEW TRIAL; GIVEN LIFE SENTENCE

### Labor Leader in Colorado Sentenced to Life Imprisonment at Hard Labor in State Penitentiary—Says That Trial is Travesty on Justice—Victim of Controlled Courts.

TRINIDAD, Colo., July 12.—John R. Lawson, labor leader, convicted of murder in connection with strike disorders, was denied a new trial by Judge Granby Hillier in district court here today.

Lawson was sentenced to spend the remainder of his life at hard labor in the state penitentiary.

### Travesty on Justice

When asked by the court if he had any statement to make before judgment was pronounced, Lawson rose and read lengthy statement in which he maintained his innocence, charged that he had been made the victim of a corporation controlled prosecution and alleged that the trial through which he had passed had been "a travesty on justice." During the reading of this statement Lawson was visibly affected and faltered more than once. With a few remarks to the defendant, Judge Hillier pronounced sentence.

Attorney F. W. Clark, representing Lawson, asked for and was granted sixty days to file a bill of exceptions and thirty days stay of execution. Counsel also asked that pending action on the appeal to the supreme court that the convicted man be allowed to go on bond. This the court said could not be granted with au-

thority and the labor leader was taken by the sheriff to the county jail.

### Was Labor Leader

Lawson was convicted May 3 of first degree murder for the killing of John Nimmo, a deputy sheriff, on October 25, 1913. Nimmo fell during a battle between strikers and mine guards and deputies. The prosecution charged that the strikers were in personal command of Lawson.

The motion for a new trial was argued last week by E. P. Costigan and H. N. Hawkins for the defense and was replied to by Frank P. West, assistant attorney general. A number of affidavits were submitted, one of which was sworn to by Grover Hall, one of the jurors. Hall charged undue conduct on the part of a court bailiff influenced him to decide against the defendant. Evidence also was at hand, according to attorneys for the defendant, that would establish Nimmo was shot by deputies and not by strikers.

# GERMANS UNDER FALSE FLAGS PLANT MINES, WHITE SEA

NEW YORK, July 12.—Officers and passengers on the Russian steamship *Czar* that arrived here today from Archangel said they had sighted in the White sea June 27, when within a day's run of Archangel, a wrecked steamship floating bottom up in the sea.

The identity of the ship was not determined, the name on her stern having been partly obliterated, with the letters U. M. L. O. and beneath the letters O. N. D. O. showing. The latter were thought to have been part of the name of the sailing port, London.

The bows of the ship were smashed in, evidently by a mine or torpedo. Frank G. Ormsby of Easton, Pa., one of the passengers who saw the wreck, said that he was returning from Archangel after a ten days' stay.

"The ship that I sailed on reached Archangel June 16," Mr. Ormsby said. "We had been warned by wireless to look out for mines. On the day before we arrived two British freighters were struck by mines in the White sea; on June 17 a Norwegian freighter was badly damaged, and on June 22 the British steamship *Twilight* was hit and disabled. Russian warships sent out to search for the mines on June 21 destroyed three with gun fire and six more were picked up.

Stings or bites of insects that are followed by swelling, pain or itching should be treated promptly as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00 per bottle. Sold by Medford Pharmacy.

# RIPE RASPBERRIES

New Ways to Prepare Them to Please the Whole Family—Caroline Coe Tells You Her Favorite Recipes.

The following recipe has been used many generations in an old southern home and the preserves are considered the finest in the country. The "old mammy" told me—"you all have to pick the berries fresh—mind now not to pick them just after a rain." We who are not fortunate to be able to pick our berries from the bushes must be able to "pick" firm dry ones from the market or grocery. If we follow mammy's advice we will not wash the berries.

### Taylor's Raspberry Preserves

Heat the jars to be used either by steaming them or by placing them in the oven on several thicknesses of paper or cloth. When very hot wrap jar with cloth wrung from hot water and fill the jars with raspberries. Turn in as much boiling water as the can will hold, seal and let stand ten minutes. Then take off covers and place a strainer or cloth over top of can. Drain off all the water and fill can with very heavy boiling hot syrup and seal. Wrap can with brown paper to preserve color. Set away in a cool dry place.

### Raspberry Marmalade

To each 2 pounds of berries add 1 cup of currant juice, and boil 30 minutes. Mash and stir with a wooden spoon and drain through bag made of 2 thicknesses of netting. To each quart of juice add 1-2 pounds of sugar. Boil 20 minutes and put into glasses while hot.

### Raspberries in Currant Juice

Pick over, wash and drain 6 pounds of currants. Put into preserving kettle and mash thoroughly before putting over fire. Cook 1 hour and then drain through double

thickness of cheese cloth bag. When all juice is extracted put the juice over a slow fire and boil slowly for 15 minutes. Then add 6 pounds of sugar and boil 5 minutes; add 2 quarts of raspberries and boil 5 minutes. Skim out berries into hot jar and fill to top with hot juice and seal. Do not put more than 2 quarts of berries in at one time. Seeds will not be hard if this recipe is followed.

### Raspberry Shrub

To 4 quarts of red or black raspberries add 1 quart of vinegar and allow to stand 24 hours. Then drain through a jelly bag. To each pint of the juice add 1 pound of sugar and boil 20 minutes. Put in sterilized bottles, seal with sealing wax and set away in a cool dry place. Use 2 tablespoonfuls to each glass of water, and may be used in lemonade.
