

BANKERS SHOULD MAKE LOANS TO NEUTRAL NATIONS

WHITE SULPHUR SPRINGS, W. Va., July 15.—Bankers of the United States were warned today that they must prepare to handle the financial end of a wide American foreign trade. The warning was given by Dr. E. E. Pratt, chief of the bureau of foreign and domestic commerce, in a speech before the West Virginia Bankers' association here. The development of a large export business is now under way, Dr. Pratt said, and manufacturers and merchants will call upon the banks for extensive services in handling the cash and credit export transactions.

Dr. Pratt said American banks are now establishing branches in South America and other parts of the world to handle American business and that the war has resulted in the extensive substitution of American dollar exchange for English pound sterling exchange in international transactions. He estimated that the total loans of American money and credit to Europe so far during the war totalled \$500,000,000 and suggested that the pulling out of large sums of American money in Europe was an economic fallacy.

"In loaning money to European nations," he said, "we are enabling them merely to keep up their wasteful warfare, and if we continue to loan money to Europe for reconstruction purposes after the war is over, we will simply be building up our most active competitors. If, however, this money is loaned to other countries of the world, countries which are not our competitors, but which are customers, and also the customers of European nations, we will be strengthening them, and we will be strengthening the ties between them and ourselves."

OLD NICODEMUS NIMBLE—AT THE FRONT

No. 1—Once, in the Carpathians, the Russian and Austrian forces had reached a temporary stalemate. I had ridden Shadrack for many days and though tired, I decided to furnish some amusement!

No. 2—First I raised Shadrack to my shoulders and surrounded the men in the ranks by climbing the steep mountain side with him!

No. 3—Once on the topmost cliff, I urged Shadrack to leap! Below us yawned the ravine!

No. 4—As we dropped over the sheer cliff, I exercised my peculiar control over the laws of gravity! Dismounting I stood in the air!

No. 5—Several moments we stood suspended to the amazement of the veterans. I was praised as the greatest man on earth!

NEW TODAY

Hurray for irrigation. Let's hope that all who want it will get it and that many will want it. But in the meantime let's not lose sight of the fact that this is a fine valley. We need not sit back and let the idle knock it. Speaking of irrigation, I can sell 120 acres for \$200 an acre; 100 acres for \$165 an acre, 200 acres for \$125 an acre, and 175 acres for \$85 an acre, and all have an abundance of gravity irrigation water rights fully paid up and secured, with soil as good and level as can be found anywhere, and all right here in the Rogue River Valley. If interested look them over.

WHY?

IT IS YOUR BUSINESS TO SEE ME

Because my stock in trade is to have optioned at the lowest cash price the best buy in this county.

I have been on the ground looking out for you for the past five years. Nearly everyday I have investigated some "good thing." I have eliminated everything except those deals which I am convinced will secure me satisfied customers.

In a few hours time I can give you the benefit of this research. It is my business to show you over the county and introduce you to the possibilities and opportunities here. See Medford first and

Notice is hereby given that at a meeting of the directors held on the 29th day of June, 1915, an assessment (No. 1) of Thirty Cents per share was levied upon the capital stock of the corporation, payable immediately to the Secretary at the office of the corporation, No. 131 Leidesdorff Street, San Francisco, California. Any stock upon which this assessment shall remain unpaid on Saturday, the 7th day of August, 1915, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 28th day of August, 1915, at the hour of 12 M., to pay the delinquent assessment, together with costs of advertising and expenses of sale.

Dated, June 29th, 1915.

ALEX J. ROSBOROUGH,
Secretary of California-Oregon Power Company.
Office: 131 Leidesdorff Street, San Francisco, California. 97

NOTICE TO CONTRACTORS

Sealed proposals addressed to the County Court of Jackson County, Oregon, and endorsed thereon "Proposals for constructing portion of Crater Lake Highway," will be received by the County Court of Jackson County, at its office in the Court House at Jacksonville, Oregon, until 11 o'clock a. m. on the 27th day of July, 1915, and at that time and place, will be publicly opened and read.

All proposals must be made upon blank form, to be obtained from the County Surveyor, at his office in the Medford National Bank Building, Medford, Oregon; must give the prices proposed, both in writing and in figures; and must be signed by the bidder, with his address. Each bid is to be presented under sealed cover, and shall be accompanied by cash, a bidder's bond, made payable to Jackson County, or a certified check, made payable to the County Judge, of Jackson County, Oregon, for an amount equal to at least 5 per cent of the amount of said bid, and no bid shall be considered unless such cash, bond, or check is enclosed therewith. Such bidder's bond shall be conditioned that if said bid is accepted, the party bidding will duly enter into and execute the contract. Should the successful bidder to whom the contract is awarded fail to execute the same within ten days (not including Sunday) from the date of the notification of such award, such cash, bond, or check, shall be forfeited to Jackson County, and the same shall be the property of the County.

A Corporate Surety Bond will be required for the faithful performance of the contract, in the sum equal to one-half of the total amount of the bid.

All bids are to be compared on the basis of the County Surveyor's estimate of the quantities of the work to be done, as follows:

Earth excavation, 5423 cubic yards.
Rock excavation, 1 cubic yard.
Loose rock excavation, 1 cubic yard.
