OBITUARY

Pitt P. Pierce, Sr., was born in Rutland, N. H., Jan. 28, 1828. At the age of 12 years he removed with his parents by wagon, through many dangers from wild animals and wilder Indians, through densely timbered regions, across unpeopled plains to Wisconsin. Then again by wagon to Minnesota in 1854, and again to Iowa by wagon accompanied by his young wife and babies, 1869.

For the last fifteen years they have resided in Southern Oregon, loved and revered by all who knew them.

In 1856 Mr. Pierce married Wealthy Alden of Dodge county, Minnesota and with her spent happily and profitably 58 years, less 5 days. To this union were born seven children, five boys and two girls, of whom three sons and two daughters and the mother, still remain to mourn his loss.

Mr. Pierce saw and participated in many of the stirring times that have made our early civilization memorable.

He was a member of the Montrose Guards of Minnesota and did his part to defend pioneer life of the times from the incursion of murderous Indians. He was a strong man physically, mentally, ethically. He was always interested in the uplift and welfare of his community, and literally demonstrated by practical philanthropy the teaching of the Savior.

"As ye would that others should do unto you, do ye even so unto them." Such men as he are scarce, and the world has suffered a loss in the passing of this life, mellowed and sweetened by years of pure living and high thinking. The world is richer and better by his life and work.

Four years ago he was stricken by paralysis and a few days ago pneumonia complicated his case already serious, and on July 25th at the home of his son, R. A. Pierce, near Central Point, he gently sank to rest, aged 77 years.

His family and friends testify to the beauty and fragrance of his life; and, while they mourn his passing, they await in serene confidence the summons to meet him safe in the presence of the Savior, promoted to greater usefulness and greater blessedness. His body was laid tenderly to rest in the cemetery at Rogue River, Ore., July 25, Rev. C. E. Wharton, pastor of the Methodist church, held services. Requiescat in pace.

Mexico City was still off from the outside world today and Secretary Lansing said efforts to get first hand information of conditions there had failed. The forthcoming step to be taken by the United States with respect to Mexico he would not discuss.

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. PRINCE ALBERT the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed!

The tippy red bag, 5c

No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette.

For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy's to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the tippy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears? Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy'us that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the tippy red bag, 5c; or tudy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.

The tidy red tin, 10c
