RUSSIA WAITS FOR A NEW DISASTER

LONDON, July 30.—A Warsaw dispatch to the Times dated Sunday says:

"The general news today is unsatisfactory. It is reported that the Germans have crossed the Narew and dug themselves in. The enemy were at no great distance to the south last night.

"The sky is alight with the reflection from burning villages and today even the most optimistic are of the opinion that it is a question of days only before Warsaw is evacuated by the entire army.

"The loss of Warsaw undoubtedly would be an important blow morally, and it would be stupid to minimize its encouraging effect upon the enemy, but it would be equally unwise to exaggerate its effect on the cause of the allies as a whole.
