

AMERICANS IN CITY OF MEXICO APPEAL FOR AID

MEXICO CITY, July 29, by courier to Vera Cruz, via Laredo, Texas, Aug. 10.—An appeal for help for Americans in Mexico, and for the relief of the people of the country itself, was sent today by the American Society of Mexico to the state department in Washington through the Brazilian minister. It describes conditions in the Mexican capital as unendurable and has having driven Americans here almost to desperation, and implores the Washington government to act promptly.

"The American resident of Mexico appeal once more to their government and people in behalf of the suffering millions of pacific men, women and children in this country who are victims of hunger and cruelty and violence," the appeal begins. "These conditions put the gravest and most pressing responsibility upon the United States, which not only has passively permitted them but has prompted them with arms and ammunition and by encouragement to political adventurers who have prostituted the name of 'liberty and the cause of human rights."

"The apparent inactivity of the government at Washington fills Mexico with despair. There is not even a semblance of government here at the capital and we are living on a smoldering volcano. The entire city council has been imprisoned without cause. We have seen three changes of armed government in 30 days. There is no communication with the world except by special messengers."

BULGARIA GIVEN NOTE FROM ALLIES

PARIS, Aug. 10.—The correspondent at Salonika of the Havas Agency telegraphs that diplomatic representatives of France, Russia, Great Britain and Italy have delivered a joint communication to the Bulgarian government with a view to procuring the collaboration of that nation with the allies as part of a common understanding with the Balkan states.

EDEN PRECINCT

J. M. Rader and wife and Jim Smith and Mr. and Mrs. W. J. Elmer returned Saturday from a three week's outing at the Rader ranch. Born to Mr. and Mrs. S. S. Stephens of North Talent, August 6, an 11 pound boy.

Prof. Reimer of Talent experiment station returned from his business trip to Berkeley, Cal., last Friday.

Mrs. H. D. Rice and daughter, Miss Sadie of Phoenix went over to Rich Saturday to visit Mrs. Rice's sister, Mrs. John Rice.

Little George, son of Mr. and Mrs. Marion Hartley of North Talent, had the misfortune to fall from his bicycle and break his arm.

S. P. Hunter of Talent was in Medford Saturday. He informed me that his wife had just returned from Woodland, Cal., where she has been in attendance to her aged aunt who had the misfortune to have her hip broken. Mrs. Hunter left her quite comfortable.

R. W. Reynolds of Talent who lives near the Talent cannery and runs a small truck farm, has a large fig tree loaded with as fine fruit as ever grew in California. Their flavor is remarkably fine and the fruit is large and sweet.

Alfred Strader and his daughter Lillian of Los Angeles were in Phoenix last week visiting relatives, among whom were Mrs. Lizzie Stancil and family and Walter Stancil and wife. Mr. Strader was shown about the valley, taken to Ashland, and to Wagner Soda springs.

There are several California parties in the valley looking for locations and some of the small tracts between Phoenix and Talent are attracting special attention.

C. Carey's big well that he had dug was a great success. At a depth of only 24 feet he has nine feet of fine, cold water. Mr. Carey will have to exchange his small electric pumping plant for a larger one before he can irrigate out of the well.

Those from North Eden at Medford Saturday were Mr. and Mrs. J. Griffin, Mr. and Mrs. W. E. Anderson and sons, Donald and Carl, Mrs. Yost and son Ray, Mrs. Ward, Mr. and Mrs. Otto Foster.

J. E. Gore and family and Mr. and Mrs. Sheets are out camping at Butte Falls for a short time.

GERMANS LOSE 65,000 MEN TAKING RUSSIAN POSITIONS

GENEVA, Aug. 10.—A dispatch to the Tribune from Innsbruck, Austria, says that in the recent fighting along the section of the eastern front running from the Pissa river to Ostrov, northeast of Warsaw, the Germans lost 65,000 men in killed or wounded but succeeded in capturing the principal fortified positions of the Russians.

The engagements in the vicinity of Novogorodsk, the dispatch says, have been continuous for five days and the Germans have occupied the northern portion of the defenses of the surrounded fortress. The Russian garrison depends mainly upon bayonet charges, as artillery ammunition is lacking.

North of Lublin-Chelm railroad the battle continues to the advantage of the Austrians and Germans. In the region of Nova Alexandria on the Vistula south of Ivangorod, the Russians are offering fierce resistance, inflicting heavy losses on their opponents.

SUGAR FACTORY PROMISED.

speculative stage, though near assurance. Irrigation is linked with beet culture, and it is expected that a new impetus will be added to the signing for acreage which is now over the 12,000 acre mark.

It is reported that the present trip of S. S. Bullis, head of the Bullis interests, trip to New York is in connection with the building of a railroad to the Blue Ledge district. Mr. Bullis was asked about this phase when he went away, replying that he did not know "what he might run into." It is known that he speculated talk of building of a road to Rich for the purpose of handling ore from the Blue Ledge, upon the grounds that it would be just "haling up an excellent prospect." Mr. Bullis will return from the east about the first of September.

Mine Still Idle

In the meantime the Blue Ledge mine, containing one of the largest deposits of copper in the United States, is as idle as the British army on the western front. Josephine county copper mines have begun operations, and are shipping ore to the smelters at Kennett, Cal., and Tacoma, Wash. Copper at the present time is the most sought metal in the world, being the principal basis for munitions of war.

Steps are underway for a meeting of citizens to systematize the campaign for irrigation, a sugar beet factory, and the opening of the Blue Ledge mine.

There are several California parties in the valley looking for locations and some of the small tracts between Phoenix and Talent are attracting special attention.

C. Carey's big well that he had dug was a great success. At a depth of only 24 feet he has nine feet of fine, cold water. Mr. Carey will have to exchange his small electric pumping plant for a larger one before he can irrigate out of the well.

Those from North Eden at Medford Saturday were Mr. and Mrs. J. Griffin, Mr. and Mrs. W. E. Anderson and sons, Donald and Carl, Mrs. Yost and son Ray, Mrs. Ward, Mr. and Mrs. Otto Foster.

Oil Treatment for Stomach Troubles

A simple prescription made up of a combination of pure vegetable oils producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used for years by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal troubles by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.
