The Reply
A well known actor, while travel-
ing in South America on pleasure,
was surprised to receive the follow-
ing cablegram, collect, from his joke-
loving friends in New York:
"I'm quite well and in good spirits.
Kindest regards. Your friend
The actor, to retaliate, secured a
hundred pound rock, had it carefully
wrapped and expressed it to New
York with this note:
"Upon receiving the note that you
were alive and well, the accompan-
ing load rolled off my mind!"

"Know His Rights"
A British sergeant discovered a
recruit comfortably situated in a hole
in the ground during a full in bat-
tle.

"Get out of that!" commanded the
sergeant. "Get out of that imme-
diately!"
"You may be me superior officer,"
defiantly replied Pat, "but all the
same O'm the one who found this
hole first!"

CARRANZA'S AMBITIONS.

CARRANZA has notified Secretary Lansing that "the
Mexican people view with displeasure" any attempt
tending to harmonize Mexico by frustrating his own at-
tempts to become dictator.

The "Mexican people" in this instance like the three
tailors of Tooley street who constituted themselves the
"people of England," probably consist of Carranza and his
personal following.

Carranza has the ambitions of a feudal dictator but
lacks the ability necessary to realize them. As a har-
monizer, as an administrator, as a statesman, he has
proven a pompous fizzle.

When the Constitutionalists triumphed over Huerta,
the success of the revolution was complete. Carranza had
his opportunity and showed his incapacity. His vanity,
and selfishness, his weakness and folly brought chaos to
Mexico.

Carranza has demonstrated that he is not strong
enough to maintain order, even in districts where his
forces have defeated other factions. He was not equal to
his task when there was no organized opposition. He has
proven too small for the job he is attempting and is not big
enough or patriotic enough to eliminate himself for the
benefit of his country. His over-weening ambitions pre-
cipitated the conflict of the past year, and threatens to
prolong it indefinitely.

The Pan-American effort to restore peace in Mexico
by the selection of a neutral as provisional president would
meet success, were it not for Carranza. As it is, success
is doubtful and armed intervention would only prolong
the chaos that rules the devastated land.

Probably such conditions are necessary to awaken in
Mexicans the sense of responsibility necessary for self-
government and to make the people think. They might
be called the birth-pains of the nation, and it is problemat-
ical whether Uncle Sam's twilight sleep will bring success
or agony.

\$52,000,000 GOLD SENT FROM BRITAIN TO PAY AMERICA

NEW YORK, Aug. 11.—A special
train carrying \$52,000,000 worth of
gold and securities which had been
shipped by the Bank of England from
London by the way of Halifax, N. S.,
arrived here today. The train was
guarded by forty armed men.

Of the total shipment, \$35,000,000
was in gold and was in the form of
American double eagles. The weight
of the gold was about seventy five
tons. It was said to be the largest
single shipment of gold ever sent
across the Atlantic ocean in one ves-
sel.

It was brought over in a British
battleship which was conveyed
through the war zone and across the
ocean by a cruiser and a flotilla of
torpedo boat destroyers to guard
against an attack of German subma-
rines. The cost of transferring it
from London to New York was esti-
mated today to have been \$250,000.

It was said that the British battle-
ship brought over not only the \$52-
000,000 in gold and securities for
New York, but also a shipment of
gold destined for Canada whose
treasury recently sent gold amount-
ing to \$135,000,000 to New York.

Great secrecy was maintained and
precautions were taken to prevent
the German secret service from dis-
covering the plan or route of for-
warding it.

TELLER ACCUSED OF BANK ROBBERY

CEDAR RAPIDS, Ia., Aug. 11.—
According to the police, Leo Perrin,
paying teller of the Cedar Rapids
National Bank, which was robbed of
\$21,500 a week ago, today confessed
that he committed the robbery.

At the time of the robbery, Perrin
claimed that he had been held up by
a robber who compelled him to hand
over the money and then locked him
in the bank vault.

Perrin was found in the vault in
an apparently hysterical condition
and taken to a hospital. Later the
police took him in custody.

GERMAN DUKE TO LEAD TURKS

LONDON, Aug. 11.—The Grand
Duke of Mecklenburg, according to
the Athens correspondent of the Star,
has been appointed commander-in-
chief of the Turkish forces in the
Dardanelles, succeeding Field Mar-
shal Liman Von Sanders.

Field Marshal Von Sanders has
been one of the leading figures in
the re-organization of the Turkish
military system brought about in re-
cent years under German tutelage.
He has been active in directing the
Turkish army during the war and for
a time was in entire command at the
Dardanelles. It was reported last
month that he had been seriously
wounded in a battle on Gallipoli
peninsula.

Millions of Norwegian herring
came into Gullfaw bay for the first
time in eight years.

TAXES DELINQUENT SEPTEMBER FIRST STATES SINGLER

In answer to numerous inquiries in
regard to time of payments of last
half of taxes Sheriff Singler issues the
following statement relative to the
payment of second half taxes on 1914
rolls.

If one half of the taxes on any
property for the year of 1914 shall
have been paid before the first day
of April, 1915, the second half of
such taxes may be paid at any time
before the first day of October, 1915,
without any penalty or interest of
any kind or amount.

Tax payers who have not paid at
least one half of the taxes charged
against their property before April
1st, 1915, will be subject to a penalty
of one per cent for each calendar
month or fraction thereof on the en-
tire amount unpaid until September
1st, 1915, at which time it becomes
delinquent.

All taxes remaining unpaid Sep-
tember 1st, 1915 (except where first
half has been previously paid) will
be subject to a penalty of 10 per
cent and interest at 1 per cent per
month, this penalty will supersede
the 1 per cent per month for non-
payment prior to September 1st, 1915
and time will be reckoned from Sep-
tember 1st, 1915, in cases of this
kind.

Mr. Singler states that about 80
per cent of tax payers took advantage
of the half payment plan, and that
exclusive of the Oregon & California
Railroad granted lands, 48 per cent
of taxes were paid last spring.

In view of the favorable crop con-
ditions through out the entire coun-
ty, it is expected that the tax delin-
quency will be smaller this year than
for several years past.

DISCOVER WAY TO MANUFACTURE PAPER

DRESDEN, Aug. 11.—German
scientists have discovered a method
of making print paper without cellu-
lose. It is alleged that tests have pro-
ven this new method better than the
old and that it will cheapen prices
and make Germany independent of
foreign countries for this article.

WORDS FROM HOME

Statements That May Be Investigated
Testimony of Medford Citizens.

When a Medford citizen comes to
the front, telling his friends and
neighbors of his experience, you can
rely on his sincerity. The statements
of people residing in far away places
do not command your confidence.
Home endorsement is the kind that
backs Doan's Kidney Pills. Such tes-
timony is convincing. Investigation
proves it true. Below is a statement
of a Medford resident. No stronger
proof of merit can be had.

F. W. Gray, 507 W. Palm street,
Medford, says: "My kidneys began
to bother me and caused severe pain.
I think the trouble was made worse
by the strain of being on my feet so
much. Sometimes during the day's
work, my back pained me dreadfully
and by night I could hardly stand.
After I quit work, I couldn't rest.
Doan's Kidney Pills were just what
I needed and cured me in a short
time."
