

# UNCLE SAM TO ENFORCE MIGRATORY BIRD REGULATIONS

WASHINGTON, D. C., Aug. 11.—With the approach of the open season for shooting wild fowl, the United States department of agriculture is warning sportsmen that the federal regulations as amended October 1, 1914, will be strictly enforced. Some misunderstanding has arisen from the fact that the various state laws do not always conform to the federal regulations. This is regarded as unfortunate but in such cases the department must insist upon the observance of the federal regulations.

The department will consider any recommendations submitted in good faith for amendment of the regulations, but will hold no public hearings thereon, nor will it amend the regulations prior to October 15, 1915. It is the purpose of the department to conform the regulations to the wishes of the majority of sportsmen so far as it can be done and at the same time give wild fowl the necessary protection.

The open season for migratory birds in Oregon is as follows: Water fowl, October 1 to January 16; woodcock, October 1 to December 1; shore birds, snipes, plover, etc., October 1 to December 16.

Insectivorous birds protected indefinitely. Band-tailed pigeons, cranes, swans, curlew, smaller shore birds, and wood ducks protected until September 1, 1918.

Shooting prohibited between sunset and sunrise.

# GERMANY WANTS CONQUERED LAND

BERNE, via Paris, Aug. 11.—The Tagwaecht prints the text of a manifesto issued by a group of German professors and intellectuals enumerating their ideas of the only acceptable peace terms. These must insure the free expansion of German culture, industry and commerce, Belgian for military and commercial purposes must be subject to Germany. France must cede to Germany all territory north of a line from Belfort to the mouth of the river Somme and pay a large indemnity. Russia must cede Poland and the greater part of the Baltic provinces in lieu of indemnity which she could not pay.

No. 3—Soon I spanned the abyss! Just then the soldiers rode up! One by one as they started after me, I covered them with cement!
