

# GERMAN PURSUIT REACHES HIGHROAD RADZYR TO VLADOVA

BERLIN, Aug. 14.—The forces of Field Marshal Von Mackensen pursuing the retreating Russians from the south have reached the line of the high road leading from Radzyn to Vladova it was officially announced by German army headquarters today.

The text of the statement follows: "In the western theater: In the Argonne new progress was made by our troops near Martinswerk. The number of prisoners in this region has been increased by four officers and 240 men.

"In the eastern theater: North of the Niemen river in the region of Allesow, Continebiski, Weschinty Weschinty and Kowasz new engagements developed.

"Before Kovno our attacking troops captured the fortified fortress of Domino Kunka. We took 350 prisoners.

"Between the Narew and the Bug rivers our armies reached Durashapurs where our opponents had made a new stand.

"North of Novogeorgievsk a strong outpost position was taken by storm. Nine officers and 1800 men and four machine guns fell into our hands.

"Prince Leopold of Bavaria's troops are approaching the Bug also northeast of Sokoloe.

"To the east of the Losyee-Miedzrzee line the enemy attempted to stop our advance by stubborn counter-attacks. All the attacks were repulsed.

"Field Marshal Von Mackensen defeated the enemy in battles on August 10 and August 11. Our opponents did not find sufficient strength yesterday to resist the advancing Teutonic allied troops longer. Our armies reached during the pursuit the high road of Radzyn-Dawily-Vladova.

# SCHONER PRODUCES NEW ROSE APPLE

Father Schoner, known as the Wizard of Brooks, where he was pastor of the little Catholic church, has produced a "rose apple," a small fruit produced by crossing the Spitzenburg apple with the wild rose of Oregon. The fruit is useful in making marmalades and jellies and the tree which he has secured is pronounced one of the most ornamental types for lawns.

From experiments conducted the past several years Father Schoner has produced a garden pea, the hull of which is edible as well as the peas themselves.

The term of the Brooks pastorate will soon end, and the plant wizard has been invited to a number of communities. California is trying to get him, and an effort is being made to have him locate in Portland, where he can devote his entire time to raising new plants.

# SAN FRANCISCANS WIN RIGHT TO CHALLENGE

CHICAGO, Aug. 14.—Clarence Griffin and William Johnston of San Francisco won the right to challenge Thomas C. Bundy and Maurice McLaughlin of the same city for the national doubles tennis championship today when they easily defeated Walter T. Hayes and Ralph H. Burdick of Chicago, western champions, in straight sets, 6-2, 6-3, 6-2. The matches were played on the courts of the Ogwentsia club, Lake Forest.

# RUMANIA FREES GATES THAT FREES FLOOD OF GRAIN

LONDON, Aug. 14.—The Daily Telegraph has received from Bucharest, Rumania the following dispatch:

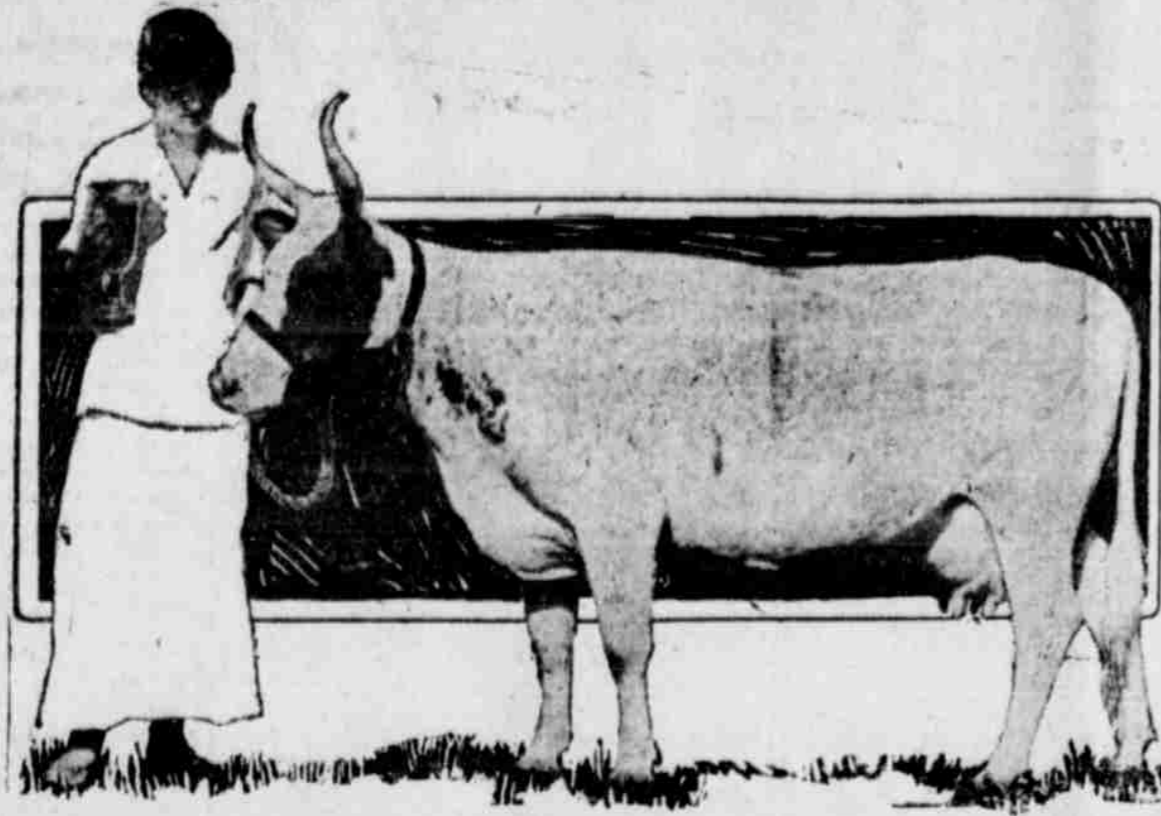

"Rumania has replied to the German threatened prohibition of Rumanian imports by removing all Rumanian restrictions on the export of grain and reducing export duties to the following rates per hundred kilograms (220 pounds):

"Wheat six francs (\$1.17); barley and oats five francs; maize, four francs; peas, beans and similar products 10 francs.

### DIED

Died—At the home of his mother in the Orchard Home district, Friday, August 13, 1915, Roy James Taggart, age 59 years, 3 months, and 7 days. He is survived by a mother and one brother. Funeral announcements later.

# COLLEGE MAID "DOLLS UP" COWS FOR POLITE SOCIETY.

Miss Louise McGavick and "Dolled Up" Princess Ena

TACOMA, Wash., Aug. 12.—Time was when men folks thought they knew all there was to know about the care of cows. That was before the days of Cosmetics in Cow-Culture. Men now admit they know how to feed cows, herd 'em, furnish them with bovine palaces.

But when it comes to making a cow look fit for exhibit—to doll up an animal so that it can take its rightful place in polite society—Well, they take a back-seat, for—

Miss Louise McGavick, Tacoma, pretty, young and with a smile most winning, is the champion cow-coddler of the state.

She won the title at Washington State College and her title has been officially confirmed by the college's own bulletin. She received the title through having taken Princess Ena,

a fine registered Ayres-hire cow from a herd, and making her the finest appearing bossy on the college farm, and the most valuable one, too. She won the prize at the annual show.

"How'd you ever do it," Miss Louise was asked, "if it isn't a professional secret?"

"Of course," she said, "you feed the cow just right, and in addition to carrying and brushing, you rub, wash, shampoo, massage and use the vibrator on her."

"You oil the hoofs and clip off all refractory hairs. The hair between the horns and on the top of the neck you comb out just as carefully as many ladies untangle theirs.

"The cow's tail, on the night before, you do up in papers and rags, so as to get a flitting, chic, winking little curl.

"And—you may not believe this, but honest-to-goodness, it's true—you polish the horns with nail-polish."

However, Miss McGavick denied that she had powdered the Princess Ena's nose.

The college bulletin comments: "Miss McGavick chose the registered Ayres-hire cow, Princess Ena. The combination seems to have been a happy one as there was never a time when the least friction occurred and the cow seemed to understand the part she was to play. Although other students crowded for first place, Miss McGavick had an animal of outstanding merit and deserves the reward she received."

lot of fun, and maybe some of the boys won't be so stuck up after this. Also, she smiles.

# HAITIEN FLAG FLIES OVER UNITED NATION

WASHINGTON, Aug. 14.—The Haitien flag flies again over Fort Nacional and both Port au Prince and Cap Haitien have been quiet since President Datriqueneau took up his duties.

Rear Admiral Caperton reported today that the new president's reception was enthusiastic. The president made public acknowledgement of the part American troops took in restoring government.

The American Red Cross cabled \$10,000 to Port au Prince today for relief work in response to a message from Rear Admiral Caperton, who reported that "the entire country is destitute through lack of crops and industries as a result of the revolution."

# EAGLE POINT EAGLETS

By A. C. Howlett

John A. Pert of Medford passed through here last Monday on his way to Butte Falls with a casket for Benjamin Clark who died in that place that morning.

J. J. Mapes and family of Medford passed through here the same day. They had been up to Hawks hill beyond Big Butte creek and he remarked that he found some roads up there after he left the main county road.

The travel through here is getting of importance as there is a number of autos pass through every day and some of them come from great distance. A day or two ago there was a company of five passed through here from Iowa on their way from the San Francisco fair to Crater Lake and another car from Bandon going to Crater Lake and then going to San Francisco, in fact since the introduction of the auto people seem to lose sight of time and distance and what would have been considered a great undertaking a few years ago now is looked upon as a matter of no consequence.

Mrs. N. S. Clearwater, a sister of John and Robert Minter, who has been keeping house for her brother John, started for Portland the first of the week.

Marshal Minter started out to the sheep camp last Tuesday. He and his father have their sheep out on the reserve and before he started he gave me an add to put in the Mail Tribune, offering a reward for the recovery of a lost horse.

S. S. Grouse and wife were here Monday for dinner. Mr. Grouse is the foreman and engineer on the Riverside ranch and was out here on business with the Fish Lake Ditch company.

Last Monday Rev. I. L. Simmons started up Little Butte creek with the following young scouts that he

had had in training for some time: Grand Childreth, Carlyle Natwick, Harold Van Scoy, Reford Simton, Judge and Theo Florsy. They went prepared to camp and were anticipating a fine time. They expect to explore the Lake creek country while they are gone and may start for Texas when they return to fight the Mexican bandits.

Ben Brown of Medford is making regular trips out here with different kinds of meat and seems to be doing a very good business.

George Nichols Jr., and wife, Frank Nichols and daughter, Miss Thelma and Frank's cousin, Miss Grace Coyle started for Crater Lake Tuesday.

Thomas Vestal, J. R. Nealon of Medford one of the employees of the P. & E., who came out to see how Eagle Point had grown. Mr. R. M. Hedges of Ashland and Charles Eadler of Lake creek, were guests at the Sunny Side Tuesday for dinner.

John Nelhart, a brother-in-law of L. K. Haak and Jacob Haak, father of L. K. Haak have been visiting the Haak family here and returned to their home in Portland last Tuesday.

James Jackson has been painting the interior of the Roy Ashpole building and it is about ready to be occupied as a hardware store as Mr. Ashpole intends to vacate the building he now occupies by the first of September and move into his own building.

Mrs. Clemons of Medford, who formerly lived here has been out visiting some of her old time friends.

Last Tuesday Harrison Hess, one of our highly esteemed citizens, was called by telegraph to the bedside of his younger brother in Iowa, and started the same day. The members of the Rebekah lodge of this place turned out enmasse, at the depot to bid him good speed; and the same afternoon the Rebekahs met at the home of Mrs. Argie Green and gave her a farewell greeting as she expects to go to Seattle in a few days.

The following persons were among the callers: Mrs. Charles Baron, Miss Mabel Wansley, Miss Meda Taylor, Miss Loretta Childreth, Mrs. Lottie McQuoid, Mrs. Nettie Grover, Mrs. Minnie Bryant, Mrs. Sarah E. Howlett, Miss Hattie Howlett, Mrs. Sophia Robinet, Mrs. Allie Daley, Mrs. Gladys Pierce, Mrs. Clemons and Grandma Heckathorn. Light refreshments were served and an hour or so spent very pleasantly.

Thursday morning Mr. Cowling, the engineer for the Fish Lake Ditch company and P. Hetherton of Portland, motored out and had an early breakfast at the sunnyside on their way up to Fish Lake.

Mr. and Mrs. Charles Rippey of Portland have been here visiting Mrs. Rippey's mother, Mrs. B. G. Brown, and sister, Mrs. Wm. Brown. I did not learn of there being here in time to mention the fact before.

Miss Kee Buchanan of Ashland is here visiting Miss Yeabo, one of her old school misters.

The Newport Ice & Fish Co. made a shipment of ten tons of halibut to Portland.

# BRAZILIAN THANKED FOR AID RENDERED AMERICAN CITIZENS

WASHINGTON, Aug. 14.—Preparations have been made by the state department to receive J. M. Cardoso De Oliveira, the Brazilian minister to Mexico, in a manner which will express the appreciation of the United States for his services in the Mexican capital for the last year while the American government has been without other diplomatic representation.

The cruiser Sacramento will arrive tomorrow at New Orleans, bringing the Brazilian minister and also Dr. Ortega, the Guatemalan minister, who was ordered from Mexico by General Carranza because his government participated in the Pan-American conference.

In appreciation of the Brazilian minister's service the state department today issued this statement:

"Upon the departure of Charge d'Affaires of the United States O'Shaughnessy, Mr. Cardoso De Oliveira took charge of American interests about the first of May, 1914. Since that time the Brazilian minister, by his tact, courtesy and exceptional ability, most worthily represented this government, unofficially before the numerous governments that had been set up in Mexico City."

Mr. Cardoso will be met at New Orleans by Leon J. Canova, chief of the state department, division of Mexican affairs, who will escort him to Washington to receive the thanks of President Wilson and Secretary Lansing for his services to the United States.

# HAMMERSLY LOSES JOB AS WARDEN

The state fish and game commission appointed five deputy game wardens and discharged three at the star chamber session, held in Governor Withycombe's private office Wednesday.

The resignation of John F. Adams, Curry county, was accepted, and the commissions of Riley Hammersly, Jackson county; F. B. Harrington, Douglas county, and W. C. E. Pruitt, Umatilla county, were ordered revoked.

Following new deputy game wardens were named: Walter Thompson, Umatilla county; W. W. Brown, Columbia county; Cal T. Wright, Curry county; John Walden, Union county; Frank Ervin, Multnomah county, was employed temporarily.

It was announced that it was proposed to establish a fish and game exhibit of the sport resources of the state in Portland if the expense of such an undertaking would not be too great. The commission already has a splendid collection of phonographs and other stuffed birds and it is proposed, if the exhibit is planned, to include specimens of all wild life of the state in it. Photographs and valuable data will be included, if the plan is carried out, and the commission hopes to interest the Portland Chamber of Commerce in assuming part of the expense involved.

# RUSSIAN FACTORIES MOVED FROM BEALYSTOK

BEALYSTOK, Aug. 14.—The equipment and supplies of factories and stores are being removed from this city, which is 45 miles east of Lomza. Many inhabitants are departing, although the civil government, state and private banks, the postal and telegraph services are still in operation.
