"FOUR FEATHERS." EMPIRE THEATRE, MONDAY AND TUESDAY

"Four Feathers" tells the story of a young man, who, by reason of fear, fails to respond to his country's call in time of war. His resignation from the army brings from three of his comrades three white feathers; supplemented by a fourth from his fiancée, the last symbol of cowardice given him. He is stung to the quick and goes to Egypt, where the war is on between the English and the Arabs, and enlists as a Greek. The screen drama gives all the episodes of his career at the scene of strife. His valorous deeds, whereby he saves from death by torture his three comrades, his recovery of valuable documents, and other acts of unusual heroism, forces from his comrades

just recognition of his heroism and they demand the return of their feathers. In relinquishing them, the hero demands that they be returned to his fiancée. Upon his return to England, he finds her waiting for her feather and a wedding ring is the ultimate reward that brings them together. This stirring, romantic and satisfying picture will be first shown at the Empire Theatre on Monday and Tuesday, August 16 and 17.

The leading player is Howard Estabrook, who is well known to patrons of the regular dramatic theaters. He is ably assisted by a large company, including the attractive young leading woman, Irene Warfield.

F. Mulkey of this city enacting the leading role. This is the first lodge ceremony ever given at Crater Lake, and will be a striking bit of impressiveness.

All day Saturday and Sunday, visitors began to arrive in this city from Oregon and California points, most of the delegates leaving at once for the famous scenic spot.

Forest fires set by incendiaries, are raging at the head of Foothills creek and near Rogue River. They broke out Sunday morning in bunches, and are attributed to forest firebugs. The flames are in timber in the state reserve, and State Forest Supervisor Eberly is in charge of a large force of men fighting with back fires. A peculiarity about the incendiary fires is that a large percentage of them are set in the early morning, giving an opportunity for a full day's work, when the call for help comes. The fires in the Tuttle Falls and Dead Indian district are under control.

This afternoon the committee on arrangements is making assignments of visitors to autos, and arranging the final details. The Pythians will maintain their own commissary department, two auto trucks of food being sent to the lake Sunday. All of the men will sleep out in the open, each taking blankets. The ladies will occupy the rooms in the hotel.

A class of 25, including John M. Scott, general passenger agent of the Southern Pacific, and Will G. Steel, superintendent of Crater Lake National Park will be initiated. The story of Damon and Pythians will be presented in ritual form, Attorney H.

Visiting Pythians en route to the conclave to be held at Crater Lake Tuesday, Wednesday and Thursday, will be entertained tonight at a reception at the lodge rooms in this city. There will be a banquet and speeches and musical program. The advance guard of the exodus to Crater Lake will start this afternoon, the main body leaving in the morning. Over 500 Pythians, including all the officers of the state grand lodge will be in attendance.

MAIL TRIBUNE WRITER YOU OUGHT TO KNOW

The deer season opened Sunday in Jackson county with scores of hunters in the hills, and the sound of shooting was constant from sunup to sundown. Several deer were bagged, but the dry condition of the woods made the hunting poor, the hunted being able to hear the hunter tramping through the dry brush. Deer hunting will be at its best after a rain. It is reported, but unconfirmed, that a man, name unknown, was shot for a deer Saturday afternoon, in the big buckberry patch in Klamath county. The news was telephoned to Crater Lake, and a rescue party sent out from Klamath Falls, the nearest point. The hunter, the rumor said, was wounded seriously. The buckberry patch is a favorite spot for deer, there being salt licks and berries galore.

MEDFORD DEFEATED THIRTEEN TO ONE

The Medford baseball team blew up in the third inning of the game with Klamath Falls at that city Sunday, and lost by the one sided score of 13 to 1. Beest started to pitch for the locals, and after a couple of rank decisions in the third aeroplaned so high that he never did return. Custer was sent in to relieve him, and two more were scored. The rest of the team began to fumble and throw wild and finally gave up in disgust. The game started in good shape, but finished badly. The locals made the trip by auto over the Green mountain road. Rudy Scholtz sprained his ankle playing second.

SEVENTH COMPANY SOON TO OCCUPY A NEW ARMORY

Carpenters this morning began work on remodeling the quarters which are to be occupied by the 7th company as an armory and club rooms. The entire upper floor of the Amy & Pottenger building on Main street has been leased by the state and the building is being rearranged to fit the requirements of the militia.

There are to be seven large rooms, consisting of locker room, quarter-master store room, plotting room for the technical instruments used in the artillery work, a drill room which will also be used for the military balls and social functions which are to be a special feature with the 7th company. A large parlor in which will be placed the fine player piano belonging to the company, and the other furniture consisting of library tables, dovepoot, rockers, chairs and other furnishings owned by the company. There is also a billiard room in which will be placed the two fine tables owned by the militia boys.

Recent orders received by the company require that the armory must be located where there is no interference with the drilling, which can not be done in the Natatorium building in the summer months owing to the bathing pool monopolizing the drill floor, and the roller skating and dancing in the winter.

A long term lease has been taken on the new quarters and the 7th company are already planning to make their new quarters the most attractive of any lodge or club rooms in Medford. It is the intention in the future to have regular social functions, military balls, smokers, boxing and wrestling matches and basket ball contests in the club rooms. The large hall is suitable for such purposes owing to its size and the other rooms are conveniently arranged for giving large parties and banquets of a private and public nature.

The new rooms are to be ready for occupancy by October 1st, when the 7th company will celebrate the occasion with a grand full dress military ball which it is expected will be attended by the governor and high military officers of the state.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to any good, had no appetite, and everyone thought I would not live.

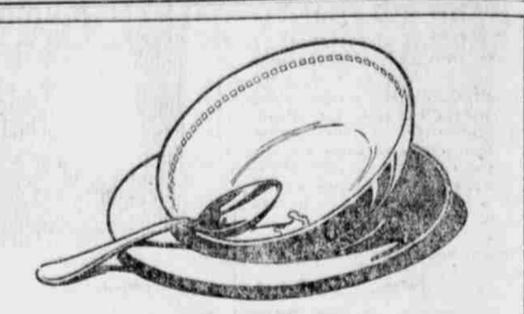

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.
