

REWARD OFFERED FOR LYNCHERS OF LEO M. FRANK

ATLANTA, Ga., Aug. 20.—Having offered a reward of \$1500 "for the first three persons convicted in connection with the lynching of Leo M. Frank, Governor Nat E. Harris will call a conference in Atlanta of the officials of Baldwin and Cobb counties to consider what further steps shall be taken. The state prison farm from which Frank was abducted is located in Baldwin county, while his body was found near Marietta, in Cobb county. It has been reported that the officials of the two counties have been at variance as to which should take the initiative.

The situation has been further complicated by more recent reports that Frank may have been killed in a third county at some point along the Milledgeville-Marietta highway, the body being carried later to the outskirts of Marietta for a more conspicuous display.

In his proclamation offering a reward, Governor Harris took cognizance of a doubt as to where Frank met his death by saying he was taken from the state prison in Baldwin county, "and found dead in the county of Cobb."

Nothing has been learned by the state officials as to the identity of the men who formed what is now locally termed the "vigilance committee." Persons in Atlanta and Marietta boast that they know the ring leaders in Monday night's affair, but so far none of them has made an effort to obtain the state's rewards.

ANOTHER CARLOAD OF DODGE CARS

The Bernard Motor company received another car load of Dodge cars Friday and they were all delivered the same day, except one roadster. This makes four car loads sold this spring, 27 cars. Another car load is en route.

Beyond its more exterior Dodge Brothers' new roadster model is designed for the purposes of utility. Useless wooden frame work was discarded in the reconstruction of the body in favor of an all steel body. Lightness, combined with great strength has thus been obtained as well as far greater carrying capacity.

APPLEGATE

The school of this valley will begin the 13th of September. We are hoping that the high school as well as the grammar school will be well attended.

The members of the Boys and Girls Industrial club is to meet at the school grounds August 20, for the purpose of cleaning up the grounds and school house. Work while you work, then play while you play, etc.

Roy Bebb of Central Point is spending a couple of weeks with his relatives on Tompson creek.

Thrashing is over in this district and the grain was a disappointment to each farmer.

Mr. Benson of Hum Bug is in Grants Pass for three or four days. Gladys Rose, Eva Grubb, Helen and Gertrude Mee and Josie Wright outed to Grants Pass one day last week.

William Lafferty of Grants Pass, in company with Edward and Chester Kubli made a trip to Squaw Lake the first of the week. Lafferty is now in Steamboat spending a few days with Elmo Throckmorton.

Browns' hay baler has come back and while at work they baled 439 tons of hay.

ELIHU ROOT HEADS BAR ASSOCIATION

SALT LAKE CITY, Aug. 20.—United States Senator Elihu Root of New York was unanimously elected president of the American Bar association at its closing business today on recommendation of the general council of the association. Walter George Smith of Philadelphia was a candidate against Senator Root before the council, but his name was not presented to the convention.

At the Front

A party of recruits were taken to the shooting range for the first time.

The men first fired at a target 500 yards away, and no one hit it. They were next tried at a target 200 yards away, and still everyone missed.

They were at last tried at one set 100 yards away, but no one hit it.

"Attention!" thundered the drill sergeant. "Fix bayonets! Charge! It's your only chance!"

THESE WOMEN EACH EARN FIFTY THOUSAND DOLLARS A YEAR

They earn \$50,000 a year... Top row (left to right), Marie Doro, now movie star; Rose O'Neil Wilson, mother of the Wewpies, and Mary Pickford. Below (left to right) Eva Tanguay, of vaudeville fame, Geraldine Farrar, opera and movie star, and Alma Gluck, famous singer. Below, Margaret Mayo, (Mrs. Edgar Selwyn), woman playwright.

After reading the next few words you'll probably take another look at the women shown in the accompanying picture—Why?

Well, you see, they each earn \$50,000 a year!

There's Geraldine Farrar, she earns

her \$50,000 by singing in opera and posing for the movies. It's the movies, of course, that stuffs \$50,000 nice one dollar bills into Mary Pickford's yearly pay envelope. The

moves also pay Marie Doro that sum yearly.

Alma Gluck is another singer who earns that much in concert work, while Eva Tanguay's voice and her crazy ways wins that much from vaudeville managers.

Artists are considered poor folk as a rule, but Rose O'Neil Wilson, mother of the Wewpies disproves the rule. She gets royalties from every Kewpie article made, and there are so many now that it brings her considerably more than \$50,000.

Margaret Mayo (Mrs. Edgar Selwyn) finds it no great trick to earn \$50,000. She does it by royalties on her plays "Twin Beds" and "Baby Mine."

GOLF, BASEBALL AND OTHER GAMES TO CURE AILING MINDS

By Brown Holmes  
ELGIN, Ill., Aug. 19.—Cows and sheep have been driven from a 75-acre pasture here, and men, under supervision of an expert, are laying out a nine-hole golf course.

This golf course is not for doctors and attendants employed in the asylum. It's for patients.

Dr. H. J. Gahagan, superintendent of the institution, has put upon golf as a cure for insanity.

Patients of every type will be taught to play.

The idea is part of a new theory in the handling of insanity cases, the theory being that outdoor life will work wonders where confinement simply makes cases of dementia more aggravated.

All methods of restraint in the handling of patients, even those of the acutely disturbed class, have been abolished at the Elgin asylum. Care by kindness is the basis of the new method.

So tennis rackets, golf sticks, baseball bats and croquet mallets are taking the place of straight jackets, handcuffs and solitary confinement rooms. Tennis and croquet courts and a baseball diamond have already been laid out. Patients are using them. Dr. Gahagan says the behavior of patients is 50 per cent better than when the men and women—there are 2045 at the asylum—are confined behind barred windows.

"Insane persons are a good deal like children," Dr. Gahagan told me. "They will fight for the things that are denied them. But if these things are not denied them, they stop fighting."

"Under the old system patients of the acutely disturbed class were placed in straight jackets or in solitary confinement. Some were fastened to benches so they could not move hands or feet. Now we handle these cases by putting the patients in cold and warm packs or in cold or warm water baths. That treatment soothes."

"When a patient who had been unruly had been fastened to a bench, under the old system of treatment, he pulled and tugged trying to get free. He wore himself out. Even then his mind was set on freedom and he kept saying to himself: 'I'll get out of this yet.' That worried his brain. All this has been done away with."

"Golf will be a stimulant to the depressed, melancholic patient and a sedative to the acutely disturbed. It will serve as a cure in curable

cases and will lengthen the life of incurable patients.

"The walk over the course, the breathing of fresh air and other attendant exercise to the game will give patients better appetites, help work off poisons that naturally accrue from a diseased brain and promote sleep."

"Of course, patients on the golf course will be attended, but just think of the effect of being allowed to stroll in the fresh air over a beautiful plot of ground, compared to being cooped up in a building."

"I'll tell you just how strong I am for this new system; I expect, in time, to take the bars off every window in the institution. I have already taken the bars off one building. The effect will be psychological. If there is nothing there to remind a patient of the fact that he is held in, there will not be the temptation to jump."

"Liberal treatment is giving us many cures. Golf will give us more."

RUMORED TOWN TAKEN BY MEXICANS

SAN ANTONIO, Texas, Aug. 20.—Under the heading, "It is Rumored the Town of Mercedes, Texas, taken by Rebels," El Democrata, a newspaper at Matamoros, Mexico, published a startling story of how Mexican rebels defeated an American army and captured the Texas town, according to a message today from Brownsville.

The story said the Mexicans finally abandoned the town to march to other place, the message stated.

DYNAMITE CHECKS THE SCAPPOOSE FIRE

SCAPPOOSE, Ore., Aug. 20.—Fire last night originating in a lodging house destroyed twelve buildings comprising the business district of this town. The loss is \$20,000. The flames were checked by dynamiting a building in their path.

Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years As the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases.

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs, and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health.

WEAKNESS STILL IN STOCK MARKET

NEW YORK, Aug. 20.—Sales in the first half hour of today's stock market exceeded 250,000 shares, breaking all records since the days immediately preceding the outbreak of the war.

Much of today's early weakness which appeared at the opening is attributed to the withdrawal of numerous buying orders placed with brokers after yesterday's close, but cancelled before today's opening, when more detailed accounts of the loss of the British liner Arabic appeared to place the incident in a more serious light so far as the international situation is concerned.

United States Steel opened at 73 1/2 followed by a sale of 8000 at 73 to 72, against yesterday's close of 74 1/2.

Recoveries of the first half hour were not maintained, renewed pressure being directed against the specialties. Railroads also began to show greater heaviness, going lower than at the opening.

GATHER APPLES TO SHOW AT SAN DIEGO

Will S. Whitman, Almon E. Smith and A. C. Inwood on an auto tour of the coast in the interest of the San Diego exposition arrived in Medford yesterday afternoon and will probably remain until late today. They are collecting fall apple exhibits.

Unlike the San Francisco exposition, exhibits the apples will be exhibited separately and credit given to the district in which they are grown.

The men started from San Diego Aug. 6 and thus have experienced no difficulty in traveling. The Pacific highway between Medford and Ashland, they state, is one of the best roads in the west.

To give the party a more expeditionary air Inwood, who is a guard at the exposition, wears his uniform while traveling.

LADIES PLAN TO BEAUTIFY PARK AT CITY RESERVOIR

The plan of the Greater Medford club to improve the five acres belonging to the city at the reservoir, has received a decided impetus and much encouragement thru the willingness of the Medford school board to allow the manual training class to make rustic seats, tables, bird-houses etc. Also thru the generosity of J. W. Opp, who not only donated all the trees, laurel, required, but who also volunteered the services of his men and teams, to haul the trees to Medford. The Bullis company has kindly offered to transport the finished product to the city reservoir.

The city council has placed a water tap at the base of the rock embankment so that the vines which will be planted during October, will have ample water supply. Since the G. M. club is an organization practically without funds, and since under prevailing conditions, we do not wish to ask aid of our business men, we are going to appeal to the individual citizens of Medford to contribute of their time, skill, plants, fertilizers, teams for plowing, or anything that they feel they can give without hardship to themselves, that will contribute toward making of this neglected place a delightful park.

With nearby roadsides and canyons teeming with beautiful shrubs and plants, such as Scotch Broom, Syringa, Wild Lilac, Wild Currant, Azaleas, Rhododendrons, Trilliums, Mt. Lilies, ferns, Indian Paint Brush, etc., and with our townspeople willing to divide with us, their perennials, such as Shasta Daisies, Sweet Wms., Violets, Petunias, etc., it would seem that the planting might be accomplished even though we have no funds.

The Reservoir Hill, with its trees, water, rocks, and view unsurpassed, possessing as it does all the fundamental elements for a park, can be made an asset to Medford. A beauty spot, attractive alike to visitors and to our own residents.

Let us all work together to make it such. MRS. H. C. STODDARD, Chairman Civics Dept.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

MOTORISTS
