

MILITARY COURT IS AUTHORIZED TO JAIL WITNESSES

DENVER, Sept. 3.—Attorney General Fred Farrar, in a formal opinion transmitted to Governor George A. Carlson today, held that the military court of inquiry now in session is authorized to imprison witnesses, civil or military, who refuse to answer questions. The court is investigating charges against Adjutant General John Chase and other officers of the national guard of Colorado.

It was expected that after the opinion had reached the court attachments would be issued for the arrest of C. D. Elliott, and perhaps for that of Philip S. Van Cise, a former captain in the militia and head of the officers' committee which made the original charges.

This, according to the opinion, would give the court the right to issue attachments for the arrest of recalcitrant witnesses, and if they persisted in their refusal to answer questions, to put them in jail for contempt.

It was rumored today that in the event of arrests being made under the authority claimed by the military tribunal and sustained by the attorney general, recourse would be had to the civil courts in an effort to release prisoners.

FIRST AMERICAN SUBMARINE BASE

WASHINGTON, Sept. 3.—The first of the American submarine bases contemplated in the plan for an inner defense line of submarines along all coasts will be located at New London, Conn. The navy department is working out details and the new base probably will be in operation in a very short time.

It is planned to give crews of coast defense submarines shore quarters. The ships will run out to sea on daily cruises or on patrol duty.

NEWSPAPER MAN FREED BY CARRANZA

VERA CRUZ, Sept. 3.—Henry W. Francis, a newspaper correspondent, who was imprisoned here on August 10 by order of General Carranza, charged with distributing news in the United States unfavorable to the Carranza party, is to be released tonight, General Carranza having issued orders to that effect.

The state department at Washington has twice made demands for the release of Francis. The most recent representations on August 27 were said to have been of a vigorous character.

Francis is a British subject, but was in Mexico under employment by an American concern.

OROZCO'S FUNERAL HELD AT EL PASO

EL PASO, Tex., Sept. 3.—The funerals of General Pascual Orozco and four companions, killed in Texas last week, were held here today. The bodies, on a float, passed through streets lined with thousands of Mexicans, with heads bared and each carrying bouquets. Permission to bury Orozco in Mexico was declined by Orozco's family.

EIGHT HOUR DAY FOR STANDARD OIL

NEW YORK, Sept. 3.—Announcement of the adoption of an eight hour day by the Standard Oil company of New Jersey, was made here today on behalf of the board of directors of that concern. Twenty five thousand workers were said to be affected by the order, which will become effective September 13.

FOR SALE—Trailer to carry full camp outfit, including full size bed, departments for cooking utensils and clothing beneath, for \$20. I. O. Love, Central Point. 146

WATERMELONS MAKE DELICIOUS SYRUP FOR TABLES

A delicious table sirup can be made from watermelons, and it affords to the farmer, according to the fruit juice specialists of the department, a convenient means of using the surplus watermelons which otherwise are allowed to spoil in the field. Such sirup has been made by farmers in a small way in various parts of the south, and the department endeavored to work out exact methods of making it as a possible by-product from surplus melons. This sirup can be used immediately or can be bottled hot in sterilized jars and kept just as is done in the marketing of fruit. It is reddish brown in color, very sweet and well flavored, and will serve most of the purposes for which sirup is used in the home. It has been tried with satisfactory results in making ginger cake, homemade candy and as a sweetening and flavoring in ice cream.

As the specialists point out, while the juice of commercial watermelons, such as the "Tom Watson," contain on an average only about 7 per cent of sugar, or less than many other fruit juices, the ease with which the juice can be pressed out partly offsets the low sugar content. The method described below calls only for utensils found in every household.

Directions for Making Watermelon Table Syrup

Remove the pink flesh and seeds from the rind of sweet, fully ripe melons. Crush the flesh with a potato masher or by running it through a meat chopper. Place the crushed pulp and seed in cloth bags and squeeze out the juice, which flows out readily. About five-sixths of the pulp will squeeze out as juice. About thirteen gallons of the juice will make one gallon of sirup. This amount of juice can ordinarily be secured from ten watermelons weighing from 22 to 25 pounds each.

The juice is then boiled down into a sirup in an ordinary preserving kettle. The juice boils without much foaming until it begins to thicken, when the fire should be slackened to prevent foaming and burning. The red coloring matter in the juice coagulates during boiling, and part of it rises to the surface, where it can be removed by skimming. The remainder floats about in the juice, forming red particles which gather near the top. Toward the last of the boiling the sirup must be watched constantly. If the housewife has a candy thermometer she should take the sirup from the fire as soon as it reaches a temperature of 220 degrees F., otherwise she should let it cook until a small sample on cooling is about as thick as maple sirup.

When the boiling has finished, the sirup can be set aside to cool in covered vessels or can be poured while hot into cans or glass containers and sealed.

TABLE ROCK TABLETS

A. L. Seabrook and Lawrence Fitzpatrick were business visitors in Medford Monday.

Verne Pendleton and James Reese are hauling grain to Central Point this week.

Charles Centers of the Antioch district sawed a large quantity of wood at the Nealon ranch last week.

Professor U. S. Collins and family of Medford visited relatives here last week.

Paul Mueller of Chicago has pur-

chased thirty-three acres of the W. Scott ranch and he and his family have moved onto the land and are making preparations to put up modern buildings and otherwise improve the place.

John Patten and family of Ashland and several friends from the same place called at the Table Rock store Sunday to visit their old neighbor, Mr. Cameron.

Mr. and Mrs. A. J. Potts of the Davis ranch were renewing old acquaintances here Saturday evening and attended the literary program and ice cream social.

The gentleman in New Mexico who wrote some time ago inquiring about our district writes that he will be out here as soon as he can close up his business in his present location.

Hogs prowling around a tank containing 1500 gallons of sardine oil on the R. C. Washburn ranch caused the contents to escape by tampering with the drain pipe. The oil flowed into the irrigation ditch just below it and as a consequence lawns and gardens received a good oiling and hogs that chanced to wallow in the water were freed from lice.

Mrs. E. H. Davis and son, Leslie, of the Ray orchards, accompanied by Mrs. Gleason and children of Tacoma, Wash., were visitors at the Nealon ranch last Sunday.

Mrs. Gleason resided in this district several years ago and is always glad to get back to what she considers one of the prettiest valleys on the coast.

To make us more fully appreciate the dryness of the season, two serious breaks have occurred in the ditch in the last few days.

Corn planted the 28th of May that measures fifteen feet in height and has three and four ears to the stalk is the product of the A. O. Freley ranch, in this district. This corn is growing on the bottom land along the river, and besides the crop of corn there is an undergrowth of pumpkin vines on the ground that are so thick one can hardly get through. These vines are laden with mammoth pumpkins, some of which are ripe enough to use.

Earl May returned from the hills Wednesday with a goodly supply of venison.

The ice cream social given by the Arrow Heads last Saturday night was a grand success. All the cream was disposed of and every one seemed to have a fine time.

S. C. Collins took a load of muskmelons to Medford Tuesday, which he readily disposed of.

Why's "Gets-It," for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling

"Never in My Life Saw Anything Act So Quickly and Magically as 'Gets-It'!"

corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right off "clean as a whistle." Apply it in 2 seconds—put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and seissors, no tapes, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts. "Gets-It" is sold at all druggists. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Announcement

We wish to advise the public of the Rogue River valley that we have sold our grocery business to Mr. R. H. Jones, and the store will now be known as the JONES CASH GROCERY.

We thank our patrons for their past support and would appreciate you giving the Jones Cash Store a fair trial.

We retained the stock of China and will dispose of the stock at bargain prices at the old stand.

Foyes Grocery Co.

NEW KEITH WILL LEAVE ESTATE TO LOST DAUGHTER

SAN FRANCISCO, Sept. 3.—A new will, alleged to have been made by the late John M. Keith seven days before his death here April 27, 1914, was filed today in the superior court. By its terms Mrs. Louise Thomson of Los Angeles, who recently announced she was the lost daughter of Keith, was bequeathed the entire estate, appraised at \$831,000, except \$5 "to anyone claiming any interest in my estate."

The will was filed today by attorneys for Mrs. Thomson. Mrs. Ben J. Tedford of Los Angeles was named as executrix without bonds or restrictions. Mrs. Tedford is sister-in-law of Mrs. Thomson.

Under the terms of a will previously filed for probate, Mrs. Frank W. Wakefield, formerly Mrs. Edith Spreckels, was left \$50,000 as also was J. J. Mack, named as executor of the will, and Miss Inez Kinney Chamberlain.

COMPULSORY SCHOOLING FOR WARSAW CHILDREN

BERLIN, Sept. 3, by wireless to Tuckerton.—The Overseas News agency today says:

"Advices from Warsaw are that a school committee elected by the citizens has introduced the compulsory re-education of all children after theerman pattern. The government, it is announced, has restored to the Catholic clergy their property confiscated in 1863 by the Russian government."

Cleanse The Blood Banish Rheumatism

Rheumatism Due to Bad Blood. S. S. S. Your Remedy

Thousands have been made well. People in the poorest health, suffering from Rheumatism, with whom pain was constant. Who believed that their vitality was sapped beyond repair. It was proven to them that the cause of their trouble was the blood; that Uric Acid, the most faithful ally of Rheumatism, had gripped them. The poison in the blood had sapped its strength. The weakened blood had allowed poison and impurities to accumulate, and all energy was gone. They felt "poorly," were listless, pain was ever present, with poor digestion and dyspepsia. They tried S. S. S.,—nature's blood tonic. They gave up drugs. This compound of nature's remedies of roots and herbs did what drugs failed to do. It literally washed the blood free from poison, and with the flow of pure blood came back health, strength, vigor and happiness. Get S. S. S. from your druggist. Insist upon S. S. S. If yours is a long standing case, write for special advice to S. S. S. Co., Atlanta, Ga., but begin taking S. S. S. at once.

INITIAL SHOWING OF FALL FASHIONS

AT **MANN'S** THE WOMEN'S STORE

Central Avenue, Near Postoffice.

Mail Orders Promptly Filled. Express Prepaid.

SPECIAL FOR SATURDAY

15 beautiful new Winter Coats, made of fancy mixtures, belted styles, all sizes, good colors, worth \$12.00, Saturday..... **\$6.98**

SPECIAL FOR SATURDAY

10 Brand New Suits, made of all-wool serges and fancy weaves, good run of sizes and colors, \$25 values, Saturday, each **\$18.00**
