

\$15,000 NECKLACE STOLEN BY BURGLARS FROM MRS. ARMOUR

CHICAGO, Sept. 7.—A pearl necklace for which Mr. Armour was obliged to pay \$9,600 custom duties when he brought it to this country from France in 1901 is believed by the police to have been the loot sought by two robbers who last night entered the home of J. Ogden Armour here and escaped with loot valued at \$7500.

The necklace was valued by government appraisers at more than \$15,000.

The jewelry stolen by the robbers consisted mainly of diamonds. A pocket book containing \$75 was the only cash they got.

Mrs. Armour in a struggle with the robbers was struck on the head with a "billy." Her injury was slight.

Mrs. Armour had retired for the night and had been in her apartments only a few minutes when the robbers entered. They gained entrance from a porch after cutting telephone wires to prevent any alarm. One had ascended the stairs and had reached the threshold of Mrs. Armour's boudoir before his presence was discovered.

While one of the bandits held Mrs. Armour and her maids in a corner of the room, threatening death to any who moved or shouted an alarm, his companion swept the dresser of jewels. Then the bandit went through the rooms, taking all the valuables not locked up.

Completing the task, the two men ran down the stairs and escaped through a back door. Mr. Armour had gone to the Armour summer home in Lake Forest during the day and did not reach home until after the robbery.

ROSEBURG TEAM TO PLAY DURING FAIR WEEK

The Roseburg baseball club, reputed to be one of the fastest amateur organizations in the state, will meet the locals in a four game series in this city during the fair for a purse of \$300. The northern club has slashed to the top of other amateur clubs because of its exceptionally good battery.

The batting order will be changed to baffle the work of the Douglas county twirlers. Several strong stick artists have been added to the team who promise to lose the sphere in the scrub oaks beyond the fair grounds. The games will be played in front of the grandstand one one of the best diamonds in the state. Included in the new players who will be in grey uniform are Bigsby, a former U. of O. star, Coffeen, and Welsh.

GOOD MUSIC FOR THE JACKSON COUNTY FAIR

The Medford band will play for the fair Thursday, Friday and Saturday afternoon and the Gold Hill band will also play on Saturday which insures plenty of good music.

All stores will close Thursday and Friday from 1 to 5 p. m. and everybody will go to help the fair.

The ball games promise to be very interesting and the relay and other races exciting and the lesser attractions very amusing.

There is nothing in the county fair for the management but work and grief. They are trying to put on a fair to please the people and its up to the people to do their part. A program of events will be printed Wednesday.

FOREIGN SHIPS HELD EXEMPT FROM NEW SEAMEN'S BILL

WASHINGTON, Sept. 7.—A large proportion of foreign ships in the American trade and all foreign built ships now under the American flag are exempted from important provisions of the new seaman's bill by legal opinions made public today by the department of commerce.

Attorney General Gregory, in an opinion submitted to President Wilson, upholds Solicitor Thurman of the department of commerce, who ruled that vessels of foreign countries whose navigation laws "approximate" those of the United States, are not subject to the section of the new law making extensive safety appliance requirements.

In another opinion Solicitor Thurman held today that the inspection provisions of the new law do not apply to foreign built ships, admitted to American registry under the president's proclamation suspending survey, inspection and measurements of those vessels. According to Solicitor Thurman, the attorney-general's opinion will exempt from the provisions of the act the vessels of practically all the great maritime nations. Solicitor Thurman's second opinion will exempt 163 vessels of 565,512 tons now under the American flag.

EARTHQUAKE SHAKES CENTRAL AMERICAN AND SCOTTISH COASTS

NEW HAVEN, Conn., Sept. 7.—Earth shocks with extremely strong vibrations were recorded on the seismograph at Yale university during last night. The record is more pronounced than those produced by the earthquakes in southern California, Alaska and Italy during the past year.

NEW YORK, Sept. 7.—The Central & South American Telegraph company today reported that earthquakes had interrupted their cable lines by San Juan Del Sur, Costa Rica, and Salinas Cruz. The report states that the shocks were very heavy in Costa Rica, but there are no indications of loss of life in their advices.

LONDON, Sept. 7.—The meteorological office was notified today by the observatory at Eskdalemuir, Scotland, that a violent earthquake had been recorded there at 1 o'clock this morning. This indicated epicenter was at latitude 9 north, longitude 86 west, about seventy miles from Cape Blanco, on the coast of Costa Rica, in the Pacific. A circle 10 degrees from this point includes the isthmus of Panama.

ATTORNEY JEFFREY URGES PEOPLE TO GAIN RIGHTS

Twenty-five citizens, including several women, met at the library last evening and discussed the issues involved in the California and Oregon land grant. The principal address of the evening was given by Attorney John A. Jeffrey of Portland, who made an eloquent plea in behalf of the voters of the state of Oregon.

Attorney Jeffrey stated that 441,000 acres of this land in Jackson county which is now tied up by the railroad reserve and that the supreme court of the United States clearly showed that the railroad is entitled to \$2.50 per acre only. The speaker stated that the law of 1854 means just what it says; that the land was to be sold to actual settlers, not more than 160 acres to each, at a price not to exceed \$2.50 per acre. His plan is that voters of Jackson county and the state sign petitions asking congress to provide for putting the land on the market at the price of \$2.50 per acre. "The United States supreme court" he said, "through Jus-

McKenna put it up to congress to do that and said that they had a right to do it and that the company's only interest was the \$2.50 per acre. This land would make 12,000 new homes in Jackson county. I was raised in this county and served as district attorney for a number of years and I want to see the people of this county demand of congress to give them the right which the supreme court says they have under the acts of 1866-70. I propose to carry the campaign through all the counties of western Oregon that have any of these lands; that the people may wake up and secure their rights. The supreme court has put it up to them if they will go ahead and do it." R. G. Smith of Josephine county also made a speech along this line. A permanent organization will be formed in Medford immediately.

MUSCLE AND NERVE

Health Without Medicine By Eating Whole Wheat

What is the most nourishing and healthful staple article of diet? This is something that every person should know.

Upon this knowledge, and its practical use, depends your muscular and nerve force—YOUR HEALTH, and the health of your family.

There is a whole lot more to this than appears on the surface. It furnishes food for thought, and is deserving of deep consideration. What is this perfect muscle and nerve builder?

The answer is "Whole Wheat." Body and brain—muscle and nerve—need the whole of the grain. Whole Wheat is Nature's perfect food for man, and should not be tampered with. To do so is to invite indigestion, constipation, nervous ailments, and other forms of bodily disorders.

There is a prepared food called "FORCE" that is made of whole wheat, scientifically cooked and blended with barley malt; then rolled, toasted and flaked; that contains all the elements required to sustain the human body.

The one perfectly balanced Breakfast Food—"FORCE"—Nourishes without stimulating; delicious and easily digested. Get it at your grocer's.
