JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Medford Citizen's Experience

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, a lame, weak or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Medford case:

C. C. Krebs, grocer, W. Main St., Medford, says: "I suffered from a dull ache in the small of my back for months. The kidney secretions were unnatural and I had trouble in controlling them. I finally got a supply of Dean's Kidney Pills and took two or three boxes. The pain left me and my kidneys are now in much better shape."

Price, 50c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Krebs had. Foster-McBlair Co., Props., Buffalo, N. Y.—Adv.
