the same to be located in the enlarged park area at Ashland. This committee consists of Irving Vining, G. S. Butler, Sylvester Patterson, of Ashland, Moses L. Alford and W. H. Gore, of Medford. Such committee solicits suggestions as to what particular form the proposed memorial should assume.

An original poem entitled "Our Pioneers," written by Mrs. J. R. Brown, of Los Angeles, was read in connection with the after dinner informal speeches.

To Our Pioneers

They came, they saw and were conquered,
These Pioneers, sturdy and bold;
It was not the sheen of the silver,
Nor the lure of the glittering gold.

That beckoned afar from the homeland,
To leave friends and kindred behind;
That strengthened the heart for the journey,
This land famed in story, to find.

'Twas the beautiful Rogue river valley,
This part of the West, wild and free;
Embraced by her mountains of grandeur,
That called them, her fair face to see.

It was here, a new Empire was planted,
By men who her future foretold;
Who gladly faced danger and hardship,
Those promises rich, to unfold.

Today we assemble to honor,
All those who so nobly have wrought,
That we may enjoy in full measure,
Rich blessings by them dearly bought.

These strenuous days, how they thrill us,
How we're stirred by those deeds of the past;
May we yield homage due those who served us,

THE WOMAN HATER AT THE PAGE FRIDAY AND SATURDAY.

May those names long in memory last.

Then—here's to the health of our loved pioneers,
May they live long and prosper—we say:
God grant them His blessing, His Comfort, and Cheer,
As they journey the rest of the way.

S. S. S. Greatest Blood Remedy Gives Results When Others Fail

Nature's Remedy For Blood Troubles.
The purifying and curative properties of Nature's great remedy have made "S. S. S. for the Blood" a household name. Thousands today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood purifier. S. S. S. is made entirely from roots, herbs and barks, which possess cleansing and healing ingredients. You cannot be well when your blood is impure; you lack strength and energy natural with health; your complexion becomes pale and sallow; your vitality is weakened. When waste or refuse matter, which Nature intends shall be thrown off, is left in the system, it is absorbed into the blood and boils, pimples, rashes, blotches and other eruptions of the skin appear.
S. S. S. goes into the circulation and removes every particle of blood taint or poison of every character. All skin diseases and eruptions pass away, and the smooth clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, all are deep-seated blood disorders, and for their treatment nothing equals S. S. S. Get S. S. S. at any drug store. If yours is a peculiar case write S. S. S. Co., Atlanta, Ga.

Jones' Cash Store Not in the "Trust"

THE WHOLE GAME EXPOSED READ!!

Last week Mr. A, a Medford grocer, called up and said that Mr. B, another grocer, asked him to tell us that all the other merchants were selling butter at 70 cents a roll. We thought all right they could do so but we would continue selling for 65 cents. On Monday morning a Medford creamery refused to sell us butter unless we would do as the merchants' trust requested—sell for 70 cents—which we blankly refused to do. On Wednesday morning another Medford creamery refused to sell us butter because Mr. C, another grocer, would not buy if he sold "Jones." On Thursday the last creamery mentioned stepped in to Mr. B's store and was at once confronted by Mr. B and Mr. C and asked if he was going to sell "Jones" butter.
Isn't that a great way for those "howling" merchants to net toward a poor farmer? If the creameries have the authority to say what the innocent people of Medford must pay the merchant for their butter, why don't the farmers and ranchers have as much right to say what their produce and vegetables must be sold for? There is just as much business about one as the other.

Nevertheless Jones has butter—the best made—and lots of it. His special price on butter for Saturday will show the people how had the trusts scared him.

To those merchants who are fighting Jones, he will say this: "Get together all you please. We are here to stay and the people are going to trade at a 'modern priced grocery.' Go home tonight, step in front of a good mirror, look yourself straight in the eyes and say, 'You big boob, you need all your brains to run your own business, without trying to run 'Jones.' Take a good long breath, sit down in an easy rocker and smile, next morning everybody you meet will smile with you."
