

CLUB FEDERATION HEARS MANY TOPICS ABLY DISCUSSED

(By MARY L. PIATT)

The Thursday morning program of the Federation of Women's Clubs opened at 9:15, and after a short business session Rev. F. H. Carstens of this city gave a very forceful and interesting address on "Peace." We have asked ourselves from the beginning, What is the cause of this great European war? When will it cease, and what will the outcome be? Preparedness for war, he said, will not bring peace. We will have to change our mould of thought. What is wrong for the individual—remember the commandments, "Thou shalt not kill," and "Thou shalt not steal"—is wrong for a group of individuals called a nation. Universal peace will only come when we adopt the really Christian conception of the sacredness of human life, and of the real brotherhood of man.

Legislative Session

The legislative session, of which Mrs. C. L. Cleveland of Grants Pass is chairman, was next to receive the attention of the delegates, and Mrs. W. W. Canby of Grants Pass was introduced and read a very comprehensive and exceedingly interesting paper on "Some Rights and Responsibilities of the Voter," and of such interest and value were her researches thought to be that it was suggested that a copy of her paper be placed in possession of the different clubs.

Mrs. Bartlett of Grants Pass read a paper telling of civic work accomplished in her city by the women and suggested that law enforcement rather than constructive measures be sought.

Regarding the library and music section—these sections will be divided and the library meeting held at the public library at 7 o'clock, and the music section, in charge of Mrs. Ed Andrews, will be held in the Presbyterian church at 8 o'clock. A very promising program has been prepared and all the public is invited to attend.

The following is the program for this afternoon and evening:

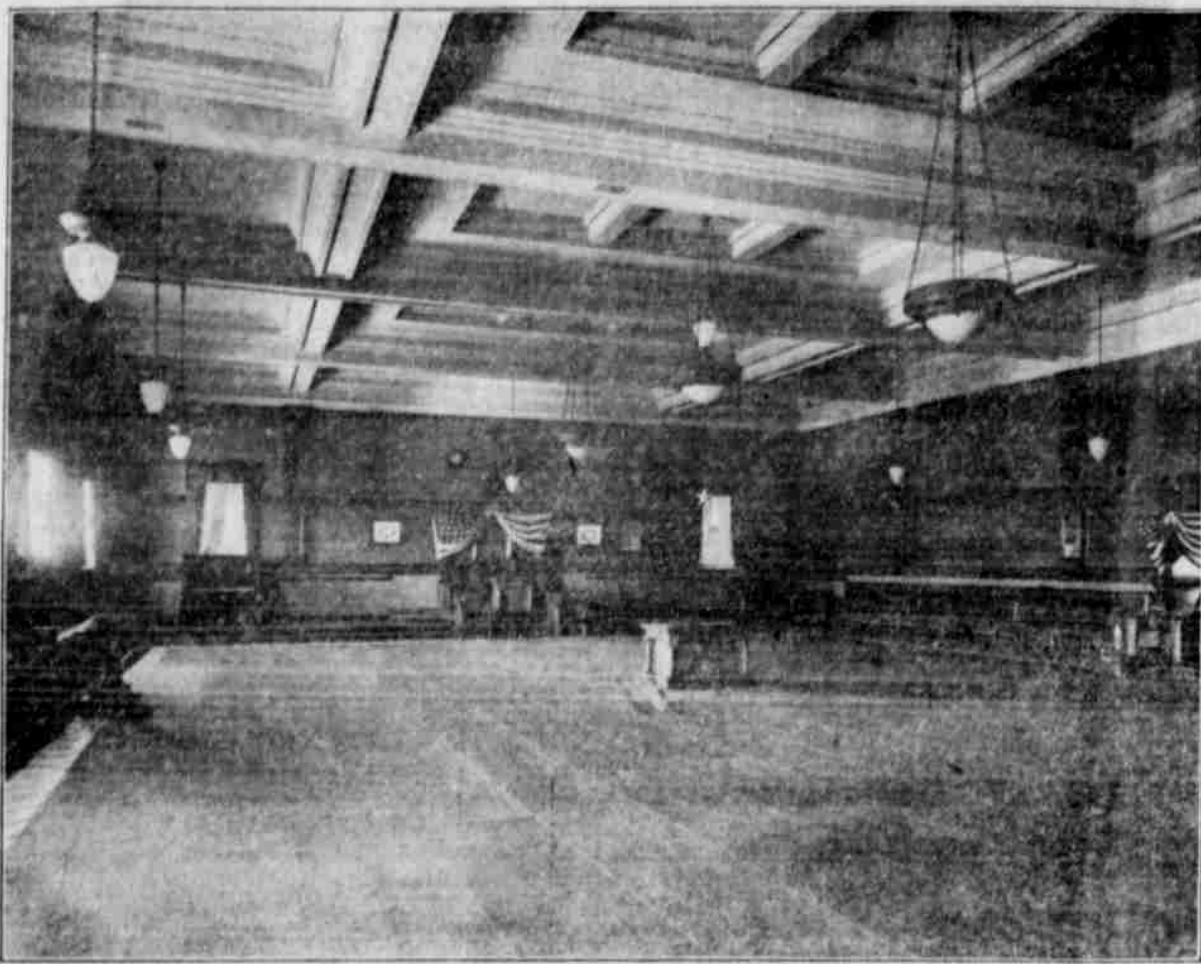

Afternoon Session

BIG GUNS ROAR ON WESTERN FRONT FOR THREE WEEKS

PARIS, Sept. 23.—The violent artillery fighting which has characterized the operations in France for more than three weeks past was continued yesterday and last night a number of places along the battle line, according to an announcement given out this afternoon by the French war office. The engagements were particularly severe near Roellin-court and to the north and south of the river Ayre.

The text of the communication follows:

"In the Artois district the enemy last night bombarded violently the sector of Roellin-court as well as our trenches located to the south of the river Scarpe, in the department of Pas de Calais. Our artillery responded vigorously. There have been some engagements in the region of Neuville. Our artillery has directed an intense and effective fire against the German trenches to the north and south of the river Ayre.

"In the Champagne district a German mine was exploded yesterday to the northwest of Perthes, but without causing important damage. The fire of our batteries resulted in the blowing up of several depots of German ammunition."

M'LEOD'S STORE DESTROYED BY FIRE

Fire, thought to have been due to the work of a firebug, destroyed a residence in Eagle Point Tuesday night, valued at \$2500, partially covered by insurance, owned by William Ulrich. The blaze was discovered at midnight, and the flames covered the entire building before the volunteer fire department arrived. They devoted their attention to saving the adjacent buildings. The destroyed structure was vacant, and was built three or four years ago by A. B. Zimmer, Mr. Ulrich obtaining possession through a trade.

The same night fire destroyed the store and residence of William R. McLeod on Rogue river, near the bridge over Rogue river, on the Derby road above the mouth of Big Butte creek, containing a loss of about \$2000 to stock, household effects and fixtures. The origin of the fire is unknown. Mr. McLeod at once began the work of rebuilding. The structure was practically new, the largest portion of it being built this year.

WHITE SEAMEN LEAVING THE SEA

VANCOUVER, B. C., Sept. 23.—Andrew Furness, secretary of the Sailors' union of the Pacific, addressed the Canadian Trades and Labor congress Tuesday night, declaring that unless better laws were devised for the protection of white seamen they would continue to leave the sea. He prophesied that unless Great Britain awakened to her peril in losing white seamen, sea power would pass from her, and with its passing would vanish her paramount place among the maritime nations of the world.

Furness was speaking in support of a resolution offered by a Vancouver delegate, appealing to the British government to pass laws ameliorating the condition of seamen on British vessels.

SAYS SECOND COMING IS DRAWING NEAR

Elder T. G. Bunch, president of the Southern Oregon conference of Seventh Day Adventists, spoke last night in the church on Riverside avenue on present day events in the light of prophecy. He referred to the increase of earthquakes, diseases, crime and miracle working powers for deception as evidences according to the Bible prophecy that the second coming of Christ is drawing near, that the long dark night of sin is almost past and the dawn of eternity at hand.

The subject will be continued tonight. Elder Bunch will also speak Thursday, Friday and Sunday evenings at 7:45 and Saturday at 11 a. m.

ACTION OF SINGLE SPOONFUL SURPRISES MANY

Medford people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Lika, are surprised at the INSTANT effect of a SINGLE SPOONFUL. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-Lika acts on BOTH upper and lower bowel and ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gasses rumble and pass out. L. B. ITALIANS CAPTURE MOUNTAIN PEAK

LUZANNE, Switzerland, Monday, Sept. 20, via Paris, Sept. 23 (delayed in transmission).—Winter snows already are falling in the Alps, rendering still more perilous the work of the Italian and Austrian troops who are at war in the mountains near the border.

A correspondent of the Gazette de Lausanne describes the recent battle for possession of the Austrian stronghold on top of Freikofel mountain, 9000 feet high. The attack was made under the most difficult conditions. The Austrians had prepared for an attack from the east. Two battalions of Italian Alpine troops made their way around the mountain and attacked the Austrians from the rear. To reach the summit they were compelled to scale the precipitous side of the mountain, clinging to ropes placed in position by mountaineers. The correspondent states that the Italians captured 250 Austrians and a large quantity of munitions.

VELVET is way ahead of those
quick-cured tobaccos, even if it does
wait two years for agein'.

There are less expensive ways of curing tobacco than Nature's way—not less than two years of mellowing in sealed wooden casks. But that ageing gives VELVET its smoothness, and brings out to the full the natural fragrance and flavor of the choice Kentucky Burley tobacco.
