

PRIZES AWARDED ENTRIES GOLD HILL INDUSTRIAL FAIR

GOLD HILL, Ore., Sept. 25.—According to all reports the Third Annual Industrial and School Fair, combined with the "Roaring Camp of '52," held last Friday and Saturday, was a huge success.

The day was fair, as had been predicted, and it has been estimated that over 4000 people were in attendance. The first attraction, following the band concert at 10 o'clock, was the school parade of floats and the like. Among the local school floats were: A Japanese Tea Garden, A Corps of Red Cross Nurses and Physicians in Active Service, with a Wheeling chair and stretcher; The Ol' Swimming Hole, The Gold Hill News, in operation in miniature, with pressmen, reporters, admen and the like, and Gold Hill Boosters, showing various items of interest, as well as benefit, in this district. The primary children marched, carrying small rosette wheels. The prize for the best float idea was given to the Red Cross squad. John B. Hammersley, well known throughout Southern Oregon for his hunting and trapping had his outfit rigged up and followed the parade with three of his famous bar dogs. His outfit called forth much laughter as he was accompanied by two other queer looking specimens of humanity.

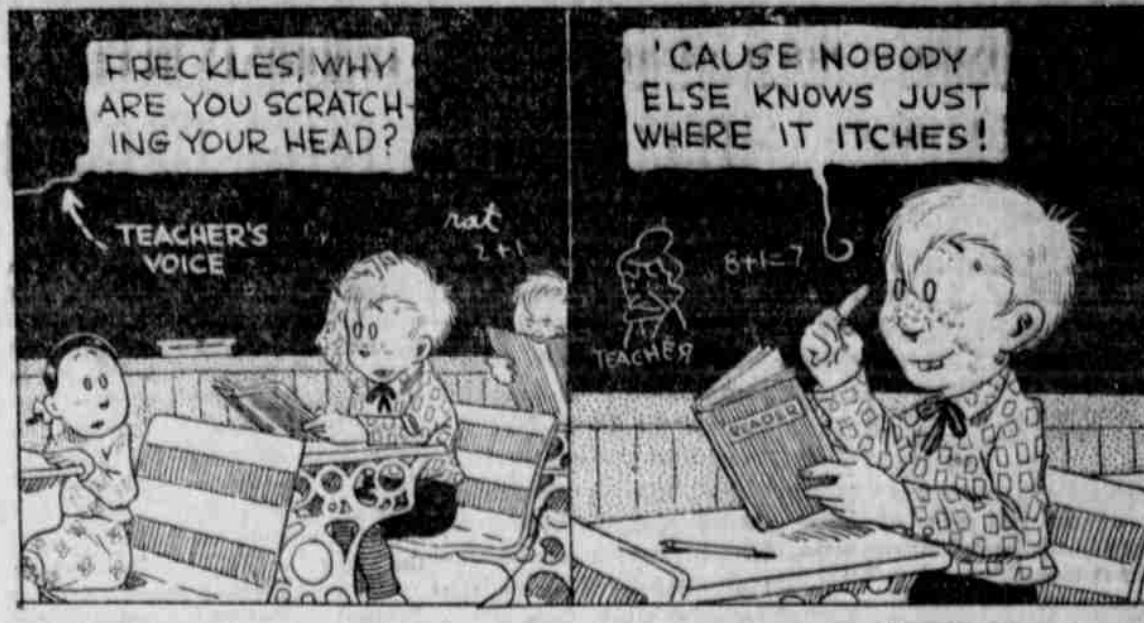

Reigel Wins Slow Race
The first prize for the "slow race" for Ford cars, was carried off by car No. 4 with Sprague Riegel at the wheel, and A. A. Flynn as his machinist. Part of the conditions were that they must run on high gear, drivers not allowed to use brakes, shift gears, or wind around the track. The base ball game with the Medford boys, called at 2:00 p. m., was one of the best games seen on the local diamond this year. The final score resulted in a victory of 2 to 1 for Medford. Both of Medford's runs were scored in the first inning and Gold Hill's tally was made in the fourth. In the same inning Harry Porter was swatted on the left eye by a batted ball. At the potato polo which followed the ball game, the team from Sam's valley were victorious over the Riverside Colony riders. The contest was very spirited—both men and horses seeming to be fired for the occasion.

Obstacle Auto Race
The obstacle race for automobiles was very tough producing. Barrels were set up and a somewhat serpentine track marked off. Several in making the curves would "kill" their engine and the mechanic had to crank it. It was won by car No. 4, driven by Mr. Marshall. The Ladies' ball driving contest was won by Miss Armstrong (this is no joke) of Sam's valley. The salmon bake with salad, etc., was the main item of interest from about 5:30 on, till several thousand hungry guests were fed. About two hours were necessary to feed the throng, although there were four serving places. Following the salmon supper everybody turned to the "Roaring Camp" which was then in full swing with all the old time vim after a large strike or clean-up had been made. While hundreds took advantage of the dances constantly going on at the Pleasure pavilion nearby. At the "camp" were the "saloon," where soft drinks were served, the "hotel" where coffee, sandwiches and other eatables were sold; the bank, and the gambling hall, with Faro, roulette, craps, the ponies and poker tables.

The primary school building was used as exhibit hall and contained some fine specimens in both the children and adult departments. D. M. Lowe, known throughout the valley as an authority on agriculture, was one of the judges. Following is the complete list of premiums for exhibits:
